

THE BEAST RISING FROM THE SEA

DR. STEPHEN PIDGEON

October 24, 2021

The Beast rising from the sea

DR. STEPHEN PIDGEON:

Well, we are beginning the first presentation we have here on Ceph Academy. The first Ceph Academy broadcast. We are broadcasting live on YouTube. Now of course, one of the big questions is, can we also broadcast live on Facebook. That's another issue altogether. So, I think for the time being, we're going to do it this way so that we have the chat room open. We love to have you all with us. Tonight's discussion is, "The Beast Rising from the Sea."

The Beast rising from the sea

And I stood upon the sand of the sea, and saw a beast rise up out of the sea, having seven heads and ten horns, and upon his horns ten crowns, and upon his heads the name of blasphemy.

Chizayon (Revelation) 13:1

This is going to be a passage taken from **Chizayon (Revelation) 13:1:**

“1. I stood upon the sand of the sea, and saw a beast rise up out of the sea, having said head seven heads and ten horns, and upon his horns ten crowns, and upon his heads the name of blasphemy.”

The Beast rising from the sea

What are the seven heads?

And here is the mind which has wisdom. The seven heads are seven mountains, on which the woman sits.

Chizayon (Revelation) 17:9

Quirinal Hill
Viminal Hill
Capitoline Hill
Esquiline Hill
Palatine Hill
Caelian Hill
Aventine Hill

So when we look at this passage, we've got a number of things we can see. We have got a beast rising up out of the sea, having seven heads, ten horns, and upon his horns, ten crowns. Upon his heads the name of blasphemy. It's very interesting. When I was looking at the Delitzsch Hebrew version of the New Testament, it uses the word shemot for names of blasphemy. Which, of course means names of blasphemy. That's a bad interpretation, because clearly, we see a name of blasphemy. It's the same name on all seven heads, truly.

So what are the seven heads? Revelation 17:9 is going to give us an understanding of what's found in Revelation 13. We can see it here, what are the seven heads?

Chizayon (Revelation) 17:9:

“And here is the mind which has wisdom. The seven heads are seven mountains, on which the woman sits.

Now, of course, the woman we're talking about is the woman riding the beast in Revelation Seventeen. But it's telling us that this woman, the woman who does ride the beast, is sitting upon seven mountains, seven hills, seven rises. And it's very interesting, because both the Greek and the Hebrew there talk about not necessarily mountains, but something that is lifted up out of the earth. So, you could say, seven mountains, you could say, seven hills, you could say, seven bluffs or seven buttes, maybe I don't know. There's a lot of descriptive for the land that raises up. And that's what they're talking about, the land which is raised up. And so, for the purpose of this discussion, we're going to say, seven heads on seven mountains. Now here we see a picture of Rome. And if you look at this picture, you can see over here that we've got the Vatican, see the Vatican over here. This side of the Tiber sitting, so it sits on top of the Seven Hills, so excuse me. So, when you see that you see that it's sitting over the Vatican here, and then what's it sitting over? It's sitting over seven hills. Well, what, seven hills? Let's take a look and see what seven hills we have here. We have the Quirinal Hill, we have the Viminal Hill, we have Capitoline Hill, we have Esquiline Hill, we have Palatine Hill, we have Caelian Hill, and we have Aventine Hill. This is all the surrounded by the Servian wall. These are the seven hills of Rome. Very, very famous seven hills of Rome. And because we see the seven hills of Rome, well, then what do we see, we see that the woman. Whoever this woman is that sits on the beast, which is what we're not talking about today, we're talking about the beast itself. But she sits on seven mountains.

The Beast rising from the sea

But there are also seven kings.

And there are seven kings: five are fallen, and one is, and the other is not yet come; and when he comes, he must continue a short space (ὀλίγος ὀλίγος – meaning a season).

Chizayon (Revelation) 17:10

The Third Reich was intended to recreate the 1,000-year reign instituted in the Second Reich of Charlemagne which lasted from AD 800 to AD 1800 with its termination by Napoleon. The Reich has re-emerged as a Leopard.

All right. Now what else are we going to find? Well, this prophecy is going to continue. We are going to get a greater description about what was given to us in Revelation 13:1, here in Revelation 17:10.

Chizayon (Revelation) 17:10:

“10. And there are seven kings; five are fallen, and one is, and the other is not yet come; and when he comes, he must continue a short space.

So, here's the short space as a single word in the Greek. Which is oligos. Which means short space or a season, he continues for a season. So, what is the season? We can say a season is three months, but the season could be more than that. It could be kind of something less than an epic, but something a little bit more than just a little bit. So, the interpretation is used a short space, however, but a better understanding is he continues for a season. Well, what season? The season of his duties. The season of his tenure. The season of his approach. That's what the season means.

Now this is very interesting because we have seven kings that are in addition to what we find in Revelation 13:1. Revelation 13:1 we have a beast which arises from the sea, which has seven heads. It doesn't mention seven kings. But in Revelation 17, we get seven kings, and it tells us that five are falling and that one is not yet come. Then when he does get here, he continues only for a season.

We are going to give a little background discussion about this because we see the Third Reich. The Third Reich was intended to recreate the thousand year reign instituted in the Second

Reich of Charlemagne. Which lasted from 800 AD to 1800 AD with its termination by Napoleon. Now, the Reich has re-emerged as a Leopard. Now, let's talk about this for a second. Because, I did a long show on this before, talking about what Rome is. I need to give some background on this so that we know what's going on with Rome. When we talk about Rome, we have to talk about the original Western Empire. You had a Republic that existed, the Roman Republic existed for some period of time. Then that Republic about two hundred years, that Republic collapsed when Julius Caesar attempted to name himself Caesar over the Empire. He was going to name himself Caesar. That's what he tried to do. And he was, of course, was assassinated. However, his nephew Octavius did in fact, succeed in becoming, quote, unquote, the first Roman Emperor, and he created the Empire, I don't know, about 2980 AD. During this period of time, Augustus Caesar, would go on to declare himself to be God. And in fact, he declared himself to be God in the Pergamum altar, in Pergamos, where he removed the statue of Jupiter, and put himself up there and said, "I am God. I am the head of the Empire."

Now he wouldn't be the last Roman Emperor to declare himself God. But he certainly did. In this instance, he declared himself God. When he declared himself God, then he demanded that every citizen of the Roman Empire, everybody that was under the control of the Roman Empire, profess Him as God. Well, of course, those who were following the scripture of Mosheh flat refused to confess him as God. As a result, he imposed a tax on those who would not confess him as God. And so, this was part of the issue. What we see is the tax that was placed upon the family of the **MASHIACH**, who had to transport themselves back to Beyt Lechem, The House of Bread, which was the situs of his birth, and register for the tax.

This begins the Empire. Now the Empire, the Holy Roman Empire, wasn't holy at that time it was totally pagan. The Empire continued until about in the early three hundred's, when Constantine from Dalmatia, which was modern Yugoslavia. He became he took the throne. When he took the throne, he decided that Rome was not a defensible city. But this site that he had isolated the Bosphorus most assuredly was a defensible area, and he could build a city there. And so he moved the capital from Rome to a city he named after himself that he called Constantinople. And it became a very defensible city, very defensible. In that city, the Empire began to thrive. Not as a Latin speaking Empire, but as a Greek speaking Empire. The Latin continued nonetheless on the Italian Peninsula. The Latin continued, but it didn't continue long, maybe another hundred years.

Constantine's grandson, Constantini, I think was his name, abandoned, abandoned Rome in around 390 AD. The Western Empire. He just said, Look, sorry, We are going to sell off your trade secrets. We are going to sell off your missile defenses. We don't care if you're defended or not. We are not going to waste any troops trying to defend you, our city is defended. We are concentrating on expanding our geographic territory, throughout the Mediterranean, throughout the Middle East, etc. And you're not part of it. So, they abandoned Western Rome. Well, there was a military leader in the aisles, the British Isles, King Arthur. He was the original King Arthur, King Arthur the first. He came onto the continent and put together an army to try

to defend Western Rome. He tried to defend most of Rome as best he could. But he was killed in battle, trying to do this. And so, the Western Rome the Empire fell, and the eastern Empire continued to thrive. Now, ultimately, this would become what's called the Great Schism, between the West and the East. But in the meantime, the Western part was kind of abandoned. We don't care if you make it or not. The Visigoths, and other tribes that were up in Germany came down and would routinely burn Rome. Western Rome now begins to fall. But what didn't fall was this idea of the spiritual aspect of Rome. Which at this time, had been basically overtaken, because what you saw was the believers in the **MASHIACH**, the Netseriyim, who were present in Italy being persecuted by the likes of Caligula, Nero, and so forth. They began to grow and began to strengthen to the point that Constantine could not manage them. And because Constantine could not manage them, he decided, what he was going to do was put together a hodgepodge here. We're going to put together a big steel bowl, and into that steel bowl, we're going to mix religions. We are just going to put them all in there.

He was a believer in the Sun god Mithras. And they claimed that he converted to Christianity. He came out under the banner of what's called the Chi Rho, which is the key and then the P, the Chi Rho. And the Chi Rho was his banner, which actually stood for Christus, not Christos. Christus which meant good, not anointed. And he was winning military battles with the symbol the Christus. This became his symbol. It's the kind of the P with the X through it. And ultimately in 325 AD, they had the Council of Nicaea. They excluded, this is kind of mind boggling when you think about it, because there was probably a third of the Bishops in the world at that time. Were probably Jews who were following **MASHIACH**, they were Jewish by blood following **MASHIACH**. They excluded those Bishops from attending the Council of Nicaea. And at the Council they adopted a set of premises which included the Sunday worship, Sunday worship rather than Shabbat. By including Sunday worship, and by banning Judaism, so what you begin to see the Schism that breaks between the families that had followed **MASHIACH** coming out of the first century and the second century, now they're being excluded. Only the Chantilly world, the Latin world was being included or the Greek world.

Well, okay, so this this concentration then becomes a State Religion under the doctrines of Constantine, who, by the way, did not convert to Christianity until he got sick on Easter. And then he converted to Christianity, and he died on Shavuot, very interesting, right. But it became the State Religion. So now it's the State Religion, you have a set of a series of Bishops that are all over the world. You have Bishops in Armenia, Bishops in Georgia, Bishops at Antioch, Alexandria, you have a Bishop in Rome. You have Bishops all throughout Spain, and you had Bishops in the United Kingdom. Starting with Aristobulus the Fifth to become the first Bishop of the Britain, who took the Bishopry by the way, before Lucius or Linus was appointed by Paul to be the first Bishop of Rome. He was not appointed by Peter; he was appointed by a Paul.

So you see that these Bishops in Rome now are sustaining the spiritual sight. And we know in the teaching in Scripture that we have a division we have Melchizedek or Mechi King, Zedek, righteous one. The righteous King, if you will, but it also symbolizes the joining of King and

priest in the single person. Melchizedek. Well, you know that our friend, Ya'aqov, it divided the scepter, the kingship from the priest. So that the priesthood would end up in the hands of a Aharon, the son of Leviy, a son of Leviy. And the priesthood, the kingship would end up in the hands of Yahudah. And so, this happens in Genesis 49. Also in the book of Exodus when you see Aharon and Moshe being appointed by **YAH**, to lead the priesthood in order to pull the people out of Mitsrayim. Now, so when you see king and priests now, so the church very well understood that, and so they assumed Well, look, we will maintain the priesthood until we can control the kings. And so there was a great push, a great move that was made. This move was greatly accelerated by Agustin. Agustin, who, in the late 6th century, began promoting Rome as the Eternal City, and in his early life burnt every Hebrew scroll he could find. That's what he did. He was eventually transferred up to Cadbury in English isles in the British Isles. Canterbury being to the East, whereas the true practice of the faith which had begun at Glen Morgan in Wales was still continuing among the Gaelic people, but Rome was asserting itself.

So ultimately under the teaching of Constantine, Rome would begin to say, All of us Bishops are equal, but our Bishop is more equal than your Bishop. And Rome began to assert itself over the other Bishops. Now bear in mind, there is nothing in Scripture, zero that talks about a Cardinal or that talks about a Pope. You have Deacons, you have Presbyteries, which are which are the elders, you have Deacons and then you have Bishops. You don't have Pope's and you don't have Cardinals. But Rome began to create this in this hodgepodge religion that they called Catholicism. This religion of Catholicism we know is a blend of Dagonism, the worship of the fish god. when I was a kid Catholics said, eat fish on Friday, right in honor of Dagon.

It also blended in Mithras. On the Sunday worship, it blends in Ishtar for the great fertility feast in the spring. It blends in Nimrod, for the great fertility rite called Saturnalia in December. All of these things were blended into this church. It was a mix of paganism, and had tenets of the faith, and had tenants of Scripture. Although the church always reserved unto itself, the right to change Scripture. In the Catholic hierarchy. Catholicism the religion is superior to Scripture, and they can change it if they want. So what we see is that Rome began to assert itself as saying, we have the spiritual authority to determine if you might be able to control this castle, you might be able to control this turf, you might be able to control that coastline. But we determine who's going to burn in hell and who's going to live forever. We do the Pope in Rome, the Bishop in Rome, more than anyone else. Ultimately, there was a Pope who finally found a champion, who would lift up an army on behalf of the church. That champion was Charlemagne. By the time we get to Charlemagne, we find out that in Europe, we have an extremely ignorant group of people. No one could read or write, including Charlemagne. Because the Dark Ages had begun. Well, Charlemagne put together what's called the Holy Roman Empire. And the Holy Roman Empire began in 800 AD, with his anointing by the Pope. Now when that happened, you must remember this became the Second Reich. The First, the Western Roman Empire that was greeted by Caesar Augustus, which had fallen. Which collapsed in the early four hundred's, is now going to reemerge as the Holy Roman Empire sick. Part Two, which is the Second Reich, that the Second Reich continues throughout Europe. And during the tenure of the second

Reich, Catholicism was imposed at the point of the sword, and also using the stake, and also instruments of torture. So, there were many, many things that were cropping up.

You would see, for instance, in France, there was a rise of different kinds of cults. People who worship trees, people who worship the earth, people who worship stones and rocks, and a bunch of other things. These people would be expunged, killed, tortured to death burned at the stake. This went on in France, wasn't particularly heavy during the early part of the Inquisition. When you get to the conquest of Spain, however, you have Jewish King and Queen Ferdinand and Isabella, and their Jewish advisor, I forget what his name was. But they were coming in and saying, look, we're going to expel the Moors, and the Moors, of course, had their capital in Grenada. Grenada was the capital of Andalusia. Andalusia province, which is where, by the way, the Christian church was originally formed in Spain, Sevilla, Cordova, this was the seat of the Bishops appointed by Paul himself in these cities. And so now the Moors are controlling this. Ferdinand and Isabella came down and began to conquer, and began to expel not only the Moors, but the Jews who were also present in Spain at that time, and they did so using tools of the Inquisition.

So, during this period of time from 800 to 1800 AD, we see Catholicism imposed by force over the continent of Europe. And ultimately by the time you get to 1492 AD, with the expulsion of Christopher Columbus and him sailing the ocean blue, on the ninth of Av, you can see with the Alhambra decree, you see that virtually the whole continent was secured under the Holy Roman Empire. Which was being governed by at this time the Habsburg families. And including Britain, all of Britain, Catholic. All of the continent Catholic. All under the control of Rome, and the Vicar of Rome, the Vicarius Filii Dei. So this was the Second Reich. Now, in the middle of this mix, comes the American Revolution. Now the American Revolution broke away from Britain, if you recall, American Revolution caused a breakaway from Britain. And in 1776, we began a revolution. Well, this revolution moved in a certain direction, one of our allies in fact, our chief ally, that helped us to defeat the British at the Battle of Yorktown was, of course, the nation of France, under the Marquis de Lafayette and other people. The French were very instrumental in helping us defeat Britain, but they went into a huge amount of debt to do it. And who was the debt owed to? King George of Britain. The same King George we owed money to in Britain. And in fact, we borrowed forty-five million to 30% interest from King George to engage in a revolution against King George and what was the thinking? Well, King George knew that if he could control the money, he could care less who was elected. And so, what happens though, is that the French see this revolution and say, Okay, well look, what do we want? We want our freedom too. But there was a difference because the French were being manipulated, if you will, by atheist teachers, manipulators who were going to take them into egalite fraternity and liberty with no sanctification whatsoever. And of course, when France went broke trying to repay the King of England, Louis the 16th was severely drummed up and executed with his wife, Marie Antoinette, in 1789.

And then you see the rise of the mayor of Paris, Napoleon Bonaparte. And so here comes Napoleon, Napoleon set on a quest to defeat Catholicism throughout Europe. And he did. He completely defeated all of the Catholic hierarchy from Portugal all the way until he got to Russia. In Russia he got slaughtered by the winter. So here you see, Napoleon had defeated the Holy Roman Empire and had displaced it. Now, of course, you have to remember, in the middle of this in the 1500's, we had the reformation, the rise of Martin Luther in Germany, and the rise of Lutheranism. And then of course, the rejection of the Papacy by Henry the 8th in 1534 AD. That rejection, of course, now is going to move into causing a progression in the West, that takes place among the quote unquote, Protestant Nations. What we see is, coming out from the 1534 AD reformation, not Martin Luther is changing the Lutheranism. But the reformation, particularly that began in Britain, under Henry the 8th, and further substantiated under James the First with the public publication of his particular Bible.

We begin to see that the Protestant world is going to move forward in the creation of the United States, Canada, Australia, and New Zealand. Very significant points. They were all breakaway to the Catholic Church, never came under the control of the Pope. Very important aspect of fact, Catholicism was outlawed in the United States for almost one hundred years after the formation of the nation. It was outlawed in the in the 1880's. It was against the law, Catholicism. So, we see the death of the Second Reich. Now a century goes by, and in that century the rise of the British Empire. And at the end of that century, we see this tension built in Europe. Substantial tension between the Orthodoxy, Eastern Orthodoxy, and the Russians. The Western Orthodoxy of the Catholics, and the pressure that's coming from the Anglicans, or the Protestants. Ultimately, this becomes a faceoff, and we experienced World War I. Now World War 1 technically did not end in 1921 AD. It kept right on rolling through the rearmament period. And in the rearmament period, we see the formation of an entity called the Third Reich.

Now why did they call themselves the Third Reich? Because they were a successor in their mind to the Holy Roman Empire of Charlemagne, which had lasted for one thousand years from 880 to 1800. Hitler proclaimed the Third Reich to be the one thousand year Reich, because he intended, every intention on earth to replace the Holy Roman Empire. Charlemagne being a fighting agent to install the supremacy of the Papacy, Hitler in turn was working to see who would be the army that would be working on behalf of the Papacy. This was Germany and the Third Reich.

The Beast rising from the sea

What is the beast that was and yet is not and yet is?

And the angel said unto me: Wherefore did you marvel? I will tell you the mystery of the woman, and of the beast that carries her, which has the seven heads and ten horns. 8 The beast that you saw was and is not; and shall ascend out of the bottomless pit and go into perdition: and they that dwell on the earth shall wonder, whose names were not written in the cepher of life from the foundation of the world, when they behold the beast that was, and is not, and yet is.

Chizayon (Revelation) 17:7-8

So as we look in this passage, we're told that we have this passage that says in Revelation 17: 7-8 it says, What?

Chizayon (Revelation) 17:7-8:

"7. And the angel said unto me: Wherefore did you marvel? I will tell you the mystery of the woman, and of the beast that carries her..."

The beast is what we're talking about today.

"which has seven heads and ten horns.

8. The beast that you saw was and is not; and shall ascend out of the bottomless pit and go into perdition: and they that dwell on the earth shall wonder, whose names were not written in the cepher of life from the foundation of the world, when they behold the beast that was, and is not, and yet is."

All right. Well, now we have something here. Now we've got something here. Now let's see how we can figure this I don't know about you guys. But when I read that passage, it was it is not, and yet is. What are you talking about? That's like the riddle that's an incurable right? We can't figure it out. We can make a determination as to what it means. Well, let's see if we can crack it open. Well, the beast that was and yet is not and yet is what is it?

The Beast rising from the sea

What is the beast that was and yet is not and yet is?

The Beast is the Third Rome (Third Reich), which began in January 1933 and was defeated in 1945. (It was). The continent conquered by the Nazis was then regrouped as the European Union (the Leopard) and is managed by unelected heirs of the Reich. (It *is not* but *is*.) Their spokesman is Nazi Klaus Schwab, and their spiritual ruler is Vicarius Fileo Dei – the Pope.

The Beast is the Third Reich, which began in January of 1933, and was defeated in 1944. That is to say it was and it descended into prediction. It came out of hell and descended into prediction. The continent conquered by the Nazis was then regrouped as the European Union, the leopard. It is managed by the unelected heirs of the Third Reich. So, it's not the Third Reich, and yet it is. It was and it is not. And yet it is. It is the Third Reich, their spokesman Nazi Klaus Schwab, and their spiritual ruler is Vicarius Fileo Dei, the Pope. So, who is the beast that was, and then is not? That would be the Third Reich is not. Nobody wants to say the Third Reich. Nobody is going to put up a swastika. Nobody's going to be talking about Adolph Hitler being the first leader. None of that's going to happen. But nonetheless, the leadership of the Third Reich is nonetheless ensconced in power in Brussels, in appointed positions. Nobody's elected. The leadership of the Vatican, including the Knights of Malta, the Knights of Columbus and other entities that are associated with the Vatican, are all being controlled by heirs of the Third Reich. And the big spokesman for the World Economic Forum that meets in Davos, Switzerland is none other than Klaus Schwab the son, an heir to the Third Reich. I think we've answered this question right, as to who is the beast that was and is not and yet is.

The Beast rising from the sea

Who are the seven kings of the Third Reich?

1. Pius XI – 1922-1939 (fallen)
2. Pius XII – 1939-1958 (fallen)
3. John XXIII – 1958-1963 (fallen)
4. Paul VI – 1963-1978 (fallen)
5. John Paul II* – 1978-2005 (fallen)
6. Benedict XVI – 2005 – still is
7. Francis – Usurps the papacy March 13, 2013.

* John Paul I's 33-day reign is not counted as he was never coronated (crowned).

Okay. So let's talk about the Seven Kings. We need to talk about the Seven Kings of the Third Reich. Let's talk about them. So here they are, that you have to remember the Third Reich arose in 1933. Well, was there somebody in power ensconced at the top of that Reich? In other words, here's the Holy Roman Empire, the Third Reich designed to do what, reassert Catholicism over the continent, reassert the supremacy of the Papacy. So, then who is the Pope? That would be the question. Well, here they are. There were Seven Kings of the Third Reich. To date, you have Pope Pius the eleventh, who was in office when the Nazis rose, he was there from 1922 to 1939. He's a fallen one, he's not here anymore. He's dead. Then there's Pius the Twelfth. He was there from 1939 to 1958. And there are many pictures of him meeting with Adolf Hitler. Then you have Pope John the Twenty-Third, a very influential Pope. Who was only in office for just a few years, just five years from 1958 to 1963. Yet he oversaw Vatican two in the Ecumenical Council, that put the mass in every language on earth instead of just Latin. Interesting. Then Paul, the sixth enters. Again, another instrumental Pope, who was there from 1963 to 1978. That's fifteen years, three times as long as John the Twenty Third, but he too is dead. Now after Paul the sixth you had John Paul the First, who was in power for thirty-three days. However, John Paul, the First was never intended to be the Pope, and he refused to be coronated as the Pope. He instead demanded that he be inaugurated not coronated.

So, because he was inaugurated and not coronated, we don't count him in the list. So, you go from Paul the sixth to John Paul the Second from 1978 until 2005. Now, a lot of you guys might remember this Pope, twenty-seven years in office, John Paul the Second, he was a very good associate of Ronald Reagan, very popular Pope around the world. The Russians tried to assassinate him at one point. Okay, and then John Paul the Second he's dead. Now who follows

it? Pope Benedict the sixteenth. Now Benedict, the sixteenth is technically still the Pope because you're the Pope until you die.

But there was a time when there was called the Great Schism that broke out inside the church where there were two Pope's in two different locations. Well, at that point, so you had two Pope's in two different locations. And people arguing who was the rightful Pope. But for the first time in history, we don't have two locations. We have one location, but two Pope's. The guy that's sitting there in the Papacy right now is a Jesuit. The first Jesuit in history to take the Papacy. He took the Papacy with an existing Pope sitting there in office, who claimed to have resigned, when there's no provision for resignation in Catholicism. So, Francis usurps the Papacy on March thirteenth. Interesting number 2013. Another interesting number. Okay. So, what do we see? Five have fallen. One is, and one comes for a season. That's what we're seeing. One comes for a season.

The Beast rising from the sea

And what of the eighth?

And the beast that was, and is not, even he is the eighth, and is of the seven, and goes into perdition (ἀπώλεια apóleia – G684, to be completely destroyed; damnation).

Chizayon (Revelation) 17:11

The Third Reich will be sustained (as the eighth king) notwithstanding the death of Bergoglio and Benedict. Yet, its destruction and damnation is already determined.

All right. So, then What's it say? It says there is an eighth. Because when you get to the next passage in Revelation 17:11. We are going to see here that it says,

Chizayon (Revelation) 17:11:

“11. And the beast that was, and is not, even he is the eighth,”

Oh, okay. So, there's going to be an eighth king,

“And beast that was, and is not, even he is the eighth, and is of the seven and goes into perdition.”

Which means to be completely destroyed by the wave prediction here in this case is apoleia in the Greek. Which means to be completely destroyed, to go into damnation. Alright. So, what I think this is, you're going to see a Third Reich being sustained as the eighth, notwithstanding the death of Bergoglio and Benedict. Bergoglio is suffering from colon cancer right now; Benedict is kind of on his last legs as well. And you're going to see, I think, in this prophecy. You are going to see both of these guys disappear. And there is going to be someone claiming to be Melchizedek, King and Priest. King over the Beast and Priest, he will be the eighth. This is why I'm saying that when you're talking about the eighth coming from the seven, he is and is of the seven, he's going to be someone who is both king and priest.

The Beast rising from the sea

And what of the ten horns?

12 And the ten horns which you saw are ten kings, which have received no kingdom as yet; but receive power as kings one hour with the beast. 13 These have one mind and shall give their power and strength unto the beast.

Chizayon (Revelation) 17:12-13

Well, what of the ten horns? We saw that there were ten horns on this beast. And the ten horns, which are ten Kings. Alright, so this is pretty clear.

Chizayon (Revelation) 17:12-13:

“12. The ten horns are not horns they are ten Kings, which have received no kingdom as of yet.”

They are not Kings right now.

“But they're going to receive power as kings one hour with the beast.”

So once these guys become powerful, once they become empowered. They are only there for one hour, one hour. Now, that doesn't mean sixty minutes. That means one hour of a day, which is 1/24th of a day and a day is equal to one thousand years in the eyes of **YAH**. Which that

means an hour is the equivalent of fifteen days. And one hour is going to be what? Very short period of time. All right. Well, let's keep going. What's it say,

“13. And they shall have one mind and shall give their power and strength under the beast.”

These people are going to act in unison, and they're going to empower the beast. These ten kings, they're going to empower the beast. And they shall have one mind and shall give their power and strength under the beast. These people are going to act in unison, and they're going to empower the beast. These ten kings, they're going to empower the beast.

The Beast rising from the sea

Daniy'el speaks of four beasts and the ten horns of the fourth:

4 The first was like a lion and had eagle's wings: I beheld till the wings thereof were plucked, and it was lifted up from the earth, and made to stand upon the feet as a man, and a man's heart was given to it.

Daniy'el (Daniel) 7:4

So, for us to understand this better. We have to look at the discussion in Daniel seven. When he talks about these beasts, he talks about four beasts that are to come, not the beasts that were, but the beasts that are to come. Okay, so what does he say?

Daniy'el (Daniel) 7:4:

“4. The first was like a lion and had eagle's wings: I beheld till the wings thereof were plucked, and it was lifted from the earth, and made to stand upon the feet as a man, and a man's heart was given unto it.”

Now, this is a future prophecy. And we're talking about a lion that had wings, but the wings were clipped. The wings were plucked. Why were they plucked? Because something happened. The first beast, which is a lion, which had eagle's wings, but had the wings pluck was the British Empire. Its wings was its military might, which allowed it to assert itself over the whole world, and its colonization, its impetus to colonize in the world. And so, this was the Empire of the lion

that went out and colonized the world. The largest empire on Earth. Its wings was its military might, which was plucked, and given to the United States. We ended up with the military authority, not Britain, which is interesting. We got it by fighting with them to begin with in 1776, violent group us guys. The British Empire was then lifted off from the face of the earth and made to stand upon the feet of a man, namely King George, and a man's heart was given to it, which is where it is today.

That is to say, it's not a cruel Empire anymore. But rather, it is a Kingdom that is based upon a man's heart. And you can go, and you see this when you when you get in England. You see that it is a much more, it's not a savage place at all. And it certainly doesn't have the stagnancy that it used to have under Queen Victoria, or under King George. Coming through what? When did it change for Britain? It changed for them following the rise of the Third Reich.

The Beast rising from the sea

And behold another beast, a second, like to a bear, and it raised up itself on one side, and it had three ribs in the mouth of it between the teeth of it: and they said thus unto it: Arise, devour much flesh.

Daniy'el (Daniel) 7:5

This is Russia in the modern world. The three ribs are Georgia, Ukraine and Syria. Russia is now preparing to arise and to devour much flesh.

Now, let's take a look at this Second Kingdom.

Daniy'el (Daniel) 7:5:

“5. And behold another beast, a second, like to a bear, and it raised up itself on one side, and it had three ribs in the mouth of it between the teeth of it: and they said thus unto to it, Arise and devour much flesh.”

So, the bear rises up to one side, which means what? It doesn't rise up to the North, East, South and West, it just rises up to one side, namely with the South. This is Russia, in the modern world, not the Soviet Union, Russia. So, this prophecy was not going to be fulfilled, while the Soviet Union existed. Because the Soviet Union is not the bear. Russia is the bear. And what

happened? Russia in the modern world, the three ribs that it has in its mouth are the nation of Georgia, the nation of Ukraine, and the nation of Syria. All to one side of Russia, Georgia, Ukraine, and Syria. You know, you guys I think you know this. That in Georgia, the Russians came in, they're agitated immediately after the fall of the Soviet Union because the Civil War. They caused the province of Abkhazia to split off. And the province of Ossetia was also a disparate province because guess what, it was primarily Muslim.

Georgia fancies itself as Georgia orthodox. In fact, the first president of Georgia said, if you're not Georgian orthodox, you're not a Georgian, and we know where you live. He meant that concerning Protestants as well as Muslims. The province of Adjara, the province of Abkhazia, the province of Ossetia was primarily Muslim. Abkhazia fought a civil war and broke off. And Adjara tried to, but they were defeated by Saakashvili. And then a Ossetia was talking about making movies with Russia. And Russia said, you cannot persecute Ossetia and Mikhail Saakashvili opened fire on the on the Ossets, and the Russians invaded.

George Bush had to intervene to keep Georgia from falling entirely to Russia. So, Russia then pulled back. You had a similar circumstance happened in Ukraine. When Ukraine was overthrown by the United States, and one of the most illegal coups in modern history. With the sponsorship of Victoria Nuland, a corrupt regime was put in power in Ukraine. You immediately saw, first of all, the rise of Nazism in Ukraine. The demand to register the Jews, and the division of Ukraine between Russian speaking, and Ukrainian speaking people. Russian speaking people, those are mostly the people in the Eastern portion of Ukraine, were immediately persecuted by Ukrainian right wing extremist groups like Azov. And there were other right-wing groups as well that were wearing Nazi insignia and persecuting Russian speaking people. And the Russians recognize this, and so in the provinces of Luhansk and Donetsk, they became separate. They became separate and separated themselves. Crimea immediately demanded repatriation into Russia. These were the Crimean people, not Russian invading, but the Crimean people. So, we went out and we went out now. And so, the Russian secured Crimea, and they have now secured Luhansk, and Donetsk as Russian speaking areas until they have done similarly to Ukraine, what they did to Georgia, which is to divide its natural territory. And of course, Russia is widely in Syria, and continues to maintain a major base in Syria. And is now housing nuclear bombers at that base near Damascus. Very important part of it. So, this is the Russian bear.

The Beast rising from the sea

6 After this I beheld, and lo another, like a leopard, which had upon the back of it four wings of a fowl; the beast had also four heads; and dominion was given to it.

Daniy'el (Daniel) 7:6

This is the European Union. The wings of the fowl are the wings of the Rooster of France, and the four heads are:

- The President of the European Council
- The President of the European Commission
- The President of the European Parliament
- The Pope is the fourth

Now, as we continue in this passage in Daniel, let's take a look at the Third beast, the First beast, the Lion of Britain, the Second beast, the bear of Russia. And now we come to the Third beast.

Daniy'el (Daniel) 7:6

“6. And after this, I beheld, and lo, another, like a leopard, which had upon the back of it four wings of a fowl; the beast had also four heads; and dominion was given to it.”

Now, this is very interesting. The leopard is not traditionally understood in any particular language as being the animal of a particular Union. But remember that the beast was, and is not, and yet is. So, it can't come out and tell you, “We are the Third Reich. And here's the Fuhrer, they don't have a Fuhrer. Why not? Because they have a leader. And the leader is who, the Vicarius Fileo Dei, the Pope, because the EU is the heir to the Third Reich. It's run by heirs of the Third Reich. And the Third Reich was created to create one thousand year reign of the Holy Roman Empire in its Third incarnation. The European Union is run by four heads, the President of the European Council, the President of the European Commission, the President of the European Parliament, and over all three of them sits the Pope, the Vicarius Fileo Dei.

The Beast rising from the sea

After this I saw in the night visions, and behold a fourth beast, dreadful and terrible, and strong exceedingly; and it had great iron teeth: it devoured and broke in pieces and stamped the remnant with the feet of it: and it was diverse from all the beasts that were before it; and it had ten horns.

Daniy'el (Daniel) 7:6

So, now we're going to take a look, because Daniel is going to begin to discuss the very same beast, we see discussed in Revelation 13, beginning in verse one, the very same beast that's discussed that's defined for us in Revelation 17. And here's what Daniel says,

Daniy'el (Daniel) 7:6:

“6. After this, I saw in the night visions, and behold a fourth beast, dreadful and terrible, and strong exceedingly; and it had great iron teeth: devoured and broken pieces in stamp the remnant with the feet of it: and it was diverse from all the beasts that were before it; and it had ten horns.”

The Beast rising from the sea

Are the ten horns the kings of the merged state?

- The Pope at the head
- 3 from the UK
- 3 from the EU
- 3 from Russia

So here's a beast that has ten horns, just exactly what we saw in Revelation 13:1 talking about a beast with ten horns. Now, the description, and Daniel is going to discuss these ten horns a bit, and we're going to see something that looks like it's got a prophetic message from this. So, what do the ten horns look like? In my opinion, because the ten horns have not been appointed yet. But when they are appointed, they will be with the beast for an hour, and they give their power and strength to the beast and at the unity. Here they are, there will be three from Russia. There will be three from the EU, and there will be three from the UK. Now bear in mind. Two years ago, this prophecy was impossible. Why? Because the UK was a part of EU. So, if there were going to be three from EU, there wouldn't be any three from the UK. Because after all, the UK is part of the EU. And nobody was going to be talking to Russia about doing anything.

But now we've had something very curious in that we've got a couple of dynamics that are in the field right now, that are very, very important. One is that we're seeing a worldwide financial collapse. What is this worldwide financial collapse that's happening? Why is this going on? Well, because America has become bankrupt, as has its chief trading partner, China. Now this is the irony about this whole thing, where China is concerned. Without America, China goes bankrupt. Without China, America goes bankrupt. Because all of those companies that you see traded on the New York Stock Exchange, do all their manufacturing in China, and they do all their importing from China. And China gets all its wealth from those companies selling their goods in the United States, a consumer driven society. So as a consequence, we're coming to something, we're coming to an apex in history. That is quite unusual, and this is why this prophecy has not unfolded before. Because it was very difficult to see. You can't imagine the EU joining in a fellowship with the Russian Federation. But this is exactly what's happened. Why?

Because Europe needs natural gas. Now, we know that this winter is going to be difficult for Europe. Because they have been willfully under supplied natural gas because of the upheaval and the shenanigans of the corrupt regime in Ukraine. And this corrupt regime in Ukraine that was placed there. Then whose corruptions was exacerbated by the likes of Hunter Biden, Joe Biden, Hillary Clinton, and Victoria Nuland, who plays a corrupted regime there. That is what happened. All that natural gas that was flying from Russia through Ukraine into Europe, doesn't flow there anymore. So then Russian said, well, what we want to do is, we want to put in a pipeline from Russia directly into Western Europe called the Nord Stream. Joe Biden was radically opposed to that. And in his opposition, he was trying to talk the Europeans into buying natural gas from the United States at about a 40% increase in price to what it would cost to get it shipped in via pipeline from Russia. Believe it or not, even though he was prepared to play sanctions on European companies doing business with the Russians. The Germans, nonetheless, under the leadership of Angela Merkel, went forward and said, we're doing the Nord Stream. So, the Nord Stream was completed in, I believe it was early September, the pipeline was finally completed. However, it takes time to get it up and get the gas flowing. So, because it was delayed by American sanctions, and so forth, it will not be at full production until we get into cold winter, i.e. December. There's probably going to be some gas rationing and so forth and so on, that's going to take place in Europe.

But why would these three come together in an alliance? Because China and America are going to disappear into almost nothingness in terms of their relevance. And I'll show you how that's going to take place as we talk through this. There are other prophecies that go through to that point. But we see now that the ten heads are going to be three from the UK, three from the EU, three from Russia, and the Pope sitting as the spiritual leader of this regeneration of the Third Reich. The beast that was, is not, and yet nonetheless is. So, what is their fate? A dictator arises among one of these. Now, when I think about this, I think about who could this potentially be?

The Beast rising from the sea

If so, what is their fate? A dictator arises among one of these (EU, UK, RF) and becomes a singular blaspheming voice.

I considered the horns, and behold, there came up among them another little horn, before whom there were three of the first horns plucked up by the roots: and behold, in this horn were eyes like the eyes of man, and a mouth speaking great things.

Daniy'el (Daniel) 7:8

You could have somebody come out of Russia saying, well, I'm going to knock down my three representatives, and I'm going to take it over. I mean, like maybe Vladimir Putin does that right? Maybe he says, I got my three representatives here, and I'm tired of their guff. I'm going to take it over, maybe. It's doubtful that the three representatives in Europe are going to put forward a chancellor or a Fuhrer to run this thing because of the experience they went through in World War II. So, the best potential for one of these three partners to overthrow the three representatives that are going to be there, and replace themselves with himself is probably, I'm going to say probably, the UK.

So here Daniel is going to tell us something about this prophecy.

Daniy'el (Daniel) 7:8:

“8. I considered the horns, and behold, there came up among them another little horn, before whom there were three of the first horns plucked up by the roots: and behold, in this horn, were the eyes like the eyes of a man, and a mouth speaking great things.”

So, here you're talking about a blasphemer. We're talking about a blasphemer coming up. We are going to see that. In fact, this prophecy is going to continue and tell us more. So, you had ten horns. Three, three, three, and one. In one of that groups of three has the three removed and there is this vile horn that comes up with a big mouth.

The Beast rising from the sea

And of the ten horns that were in his head, and of the other which came up, and before whom three fell; even of that horn that had eyes, and a mouth that spoke very great things, whose look was more stout than his fellows. 21 I beheld, and the same horn made war with the qodeshiym, and prevailed against them; 22 Until the Ancient of Days came, and judgment was given to the qodeshiym of El Elyon; and the time came that the qodeshiym possessed the Kingdom.

Daniy'el (Daniel) 7:20-22

Here's what it says in Daniel,

Daniy'el (Daniel) 7:20-22:

“20. And of the ten horns that were in his head, and of the other which came up, and before whom three fell; even if that horn that had eyes, and a mouth that spoke very great things, whose look was more stout than his fellows.”

Okay, Nikita Khrushchev. I don't know Winston Churchill, I don't know. He's going to look stout.

“21. I beheld, the same horn made war with the qodeshiym, and prevailed against them.”

This is going to be a serious person, who is a persecutor of the believers.

“22. Until the Ancient of Days came, and the judgment was given to the qodeshiym of **EL ELYON**; And the time came that the qodeshiym possessed the Kingdom.”

So, this guy is going to be waxing rough over the qodeshiym until he gets his way. Until he is destroyed. This talks again about the fate of this beast rising up from the sea. So, in Daniel 7:23-25, we see the following.

The Beast rising from the sea

23 Thus he said: The fourth beast shall be the fourth kingdom upon earth, which shall be diverse from all kingdoms, and shall devour the whole earth, and shall tread it down, and break it in pieces. 24 And the ten horns out of this kingdom are ten kings that shall arise: and another shall rise after them; and he shall be diverse from the first, and he shall subdue three kings. 25 And he shall speak great words against El Elyon, and shall wear out the qodeshiym of El Elyon, and think to change times and laws: and they shall be given into his hand until a period of time and times and the dividing of time .

Daniy'el (Daniel) 7:23-25

Daniy'el (Daniel) 7:23-25:

“23. Thus he said: The fourth beast shall be the fourth kingdom upon the earth, which shall be diverse from all kingdoms, and shall devour the whole earth, and shall tread it down, and break it in pieces...”

So, this guy that's going to rise to take down three kings is not going to be one that's currently in power, it's going to be another guy.

“24. And the ten horns out of this kingdom are ten kings that shall arise; and another shall rise after them; and he shall be diverse from the first, and he shall subdue three kings.

25. And he shall speak great words against **EL ELYON**, and shall wear out the qodeshiym of **EL ELYON**, and think to change times and laws: And they shall be given into his hand until a period of time and times and the dividing of time.”

Here we are talking about what? 1,260 days, 42 months, time, times and half the time.

FROM CHAT:

Thomas is asking: Could it be Macron?

Maybe but it is a stout person, Macron is not. He's kind of a kind of more of a metrosexual kind of guy. Anyway, not to give him grief or anything but.

So, I think because the Pope will be dead, this person is going to assert himself as both King and Priest.

The Beast rising from the sea

2 And the beast which I saw was like unto a leopard, and his feet were as the feet of a bear, and his mouth as the mouth of a lion: and the dragon gave him his power, and his seat, and great authority.

Chizayon (Revelation) 13:2

The beast looks like the re-emerged Reich of the EU, its feet are the bear which is Russia, and its mouth is the United Kingdom, now separate from the EU due to Brexit.

So going back to Revelation, now, let's see if we can crack into a couple of real critical passages here, that are going to tell us something about this crazy beast.

Chizayon (Revelation) 13:2:

“2. And The Beast, which I saw was like unto a leopard, and his feet were as the feet of a bear, and his mouth as the mouth of a lion: and the dragon,...”

that would be Satan, the devil.

“2. gave him his power, and his seat, and great authority.

So now the dragon is going to empower this Reich. With the with all the authority of Satan on Earth. The beast looks like the re-emerged Reich of the EU. Because it looks like a leopard. It looks like the Reich. Its feet or the bear, which is Russia. It's grounded on what? Russian armament, Russian military, and its mouth is the United Kingdom, which is now separate from the EU due to Brexit. So, what are we seeing here? What we're seeing now that the mouth, whoever is making the proposals about what this beast is going to do, that mouth comes out of Britain. That mouth comes out of Britain. And we know that this foundation, this alliance between these three has not occurred yet. But it's coming. And it's coming when? It comes right after we see what's going to happen between Ba'bel, which is America and Asia which is China.

The Beast rising from the sea

What is the beast that was and yet is not and yet is?

The Beast is the Third Rome (Third Reich), 1933-1945. (It was). The continent conquered by the Nazis was then regrouped as the European Union which is the Third Reich, but not identified as such. (*It is not but is.*)

The voice of the Reich is the mass media controlled by London bankers.

Their feet (defense) from America is the Russian military.

We see the beast that was, and yet he is not, and yet is. it's the Third Rome, the Third Reich, the continent conquered by the Nazis regrouped as the European Union, which is the Third Reich, but is not identified as such. It is not but is. The voice of the Reich is the mass media, which is controlled by the London and London bankers. Period. And their feet, the defense from America is the Russian military.

We know that this is the case. People who know or who are very well involved in what goes on in the United States. Most of the terrorist events, domestic terrorist events that have occurred in the United States, since 2001. Had been orchestrated by a mercenary group operating out of the United Kingdom. And that's just a fact. All these shootings that took place and so on and so forth. That's how it happened. And in the United Kingdom, the media starts there in London. The media in the United States follows the line they are given by George Soros. Who is a funding agent for the Road Shield Bank, and they follow what Soros tells them to do. That's what the media does.

The Beast rising from the sea

And I saw one of his heads as it were wounded to death; and his deadly wound was healed: and all the world wondered after the beast.

Chizayon (Revelation) 13:3

και ειδον μιαν των κεφαλων αυτου ως εσφαγμενην εις θανατον και η πληγη του θανατου αυτου εθεραπευθη και εθαυμασεν ολη η γη οπισω του θηριου

Chizayon (Revelation) 13:3:

“3. And I saw one of his heads as it were wounded to death; and his deadly wound was healed: and all the world wondered after the beast.:

This is the passage that we're going to spend some time on now. This is the passage I was looking at this last week, it just absolutely floored me as to what's here. We are going to take a look at it. Now I posted underneath there, that's the Greek for you. That's the Greek in the Textus Receptus that appears in this passage. And we're going to have to look at that Greek now and spend a little time with it, so that we get an idea of what is being said. And then you guys can make your own interpretation.

So, here's the Greek and it's transliteration: kai eidon mian ton kefalon aftou os es fag menin eis thanaton kai i pligi tou thanatou aftou therapefthi kai thavmasen oli i gi opiso tou thiriou.

Oh, all right. Well, that's all Greek to me. Probably Greek to you. It's all Greek. So, we try to go in and look at this stuff. And let's see what's being said.

The Beast rising from the sea

Chizayon (Revelation) 13:3

και ειδον μιαν των κεφαλων αυτου ως εσφαγμενην εις θανατον και η πληγη του θανατου αυτου εθεραπευθη και εθαυμασεν ολη η γη οπισω του θηριου

kai eidon mian ton kefalon aftou os es fag menin eis thanaton kai i pligi tou thanatou aftou therapefthi kai thavmasen oli i gi opiso tou thiriou

The Beast rising from the sea

Chizayon (Revelation) 13:3

(And) (they beheld) (first) (of) (heads) (of his) (which) (in case of) (is) (death) (and) (the) (plague) (of) (deadly) (his) (worshipped) (and) (admired) (all) (the) (world) (behind) (the) (venomous beast).

And they beheld the first of his heads which died, and his deadly plague was worshipped, and all the world admired and followed the venomous beast.

So, I'm going to take this thing on a word-by-word basis. We are going to transliterate ourselves so you guys can see and tell me what you think. So, what we see is from that, from that passage, these are the words as they appeared,

Chizayon (Revelation) 13:3:

“(And) (they beheld) (first) you know the mian, (of) (heads) (of his) (which) (in case of) (his) (death) (and) (the) (plague) (of) (deadly) (his) (worshipped) (and) (admired) (all) (the) (world) (behind) (the) (venomous beast)...”

So, in squaring away the semantics, it reads,

“And they be held the first of his heads which died, and his deadly plague was worshipped, and all the world admired and followed the venomous beast.”

So, you know, we do have the word Mian Sabbathon, which means the first Sabbath. In this case, you could say mian met one of his heads. But when you see first Sabbath, Mian Shabbathon. It's also possible that it says first of his heads, well, who's the first head? The first head is the Pope. So, what is this thing? prophesying? It's telling us that this Pope, which you know, of course, Tom Horn, said in Petrus Romanus is the last Pope of the Catholic Church, which very well maybe. When this Pope dies, which is coming up shortly. You're going to see that the first of his heads, which is the Pope, which died, his deadly plague was worshipped. Whose plague is this plague?

Well, you have to go back and look at Laudato Si' 2015. Who just came out two days ago and said more people need to be jabbed. That would be the Pope, who's trying to convert this into a climate change discussion. Who intends upon taking away all the wealth of what countries? The United Kingdom, Canada, United States, Australia, and New Zealand. Because they are not part of the Catholic hierarchy. They do not subscribe to and come under the Papacy. They are anathema to what? The Third Reich. They are anathema to the Second Reich. They are anathema to the First Reich, because they're Protestants in a Reformation. And the War of the Papacy is against the reformation. To return us to a dark age when the Vatican controlled everything that was. The Vatican has asserted this with a Jesuit who took an oath to lie, cheat, steal, rape, murder, and do whatever is necessary to kill the Protestants where they find them, in order to reassert the Supremacy of the Papacy.

That's just in the Jesuit Oath. Read it, look up, go to Duck, Duck Go, and type in The Extreme Oath of the Jesuits, and read the oath that Jorge Bergoglio took. Go read it and see what he's up to, and then read the Laudato Si,' which has now been adopted as a seven year covenant. In fact, it's titled, “The Catholic climate covenant, of seven years from 2015 to 2022. They'd beheld the first of his heads which died, and his deadly plague was worshipped.

Now when we talk about worship here, let's talk about this for a second because when the word here is this therapeuto, and you can look it up for yourself in Strong's. Strong's will tell you that it means to meanly serve. To meaningfully serve, to adore, or to worship and coincidentally means to heal. And the English interpreter said, well, that must mean to heal because we just can't see anybody worshipping a plague. Well, now look at us. We can see somebody worshipping the plague. Can't we? the plague is of course worshipped. It's worshiped

by the British controlled Soros control Media. Who worships at the feet of it, who has preached the gospel of it. Who has called us to be apostles of it. Who have put up banners saying that it is your salvation. This is all that has come out of the mouth of the lion, in furtherance of the ascension of the Reich, which is the leopard. It's all right there. You see it? The deadly plague was worshipped. The deadly plague was worshipped, and all the world admired and followed the venomous beast.

Now, all the world isn't following the Reich yet, because we haven't yet seen the end of America and China. But that's coming very, very quickly. That's coming very, very quickly. And when it does, even if you were in the UK, and you said, Let's vote, and not join this alliance. It's not going to happen. Even if you were Russian, we're not going to, we're not going to do that. We don't want to join that Alliance, that's not going to happen either. All three of those entities are going to be forced into this alliance on one hand, and on the other hand, they're going to go into this alliance willingly.

The Beast rising from the sea

And they worshipped the dragon which gave power unto the beast: and they worshipped the beast, saying: Who is like unto the beast? Who is able to make war with him?

Chizayon (Revelation) 13:4

A firearm is completely ineffective against a needle, and a snakebite willingly taken!

Because once this alliance is crafted, the whole world will ask, Who is like unto the beast, and who is able to make war with him?

Chizayon (Revelation) 13:4:

“4. And they worship the dragon, which gave power to the beast. They worship the dragon. “Oh, we don't worship the dragon, that gave power into the beast...”

Oh, you most assuredly do. I'm not saying that you guys do. But when you do, when you start talking about the serpent, you start talking about the dragon. You look at that serpent, that

Aesculapius that's on the pole. You think that's not worship, that Asclepius on the pole? It most assuredly is.

“4. They worship the beast saying who is like unto the beast and who is able to make war with him?”

Well, you know, there was Mike Adams that came out and said, “Look, you got your Second Amendment in the United States, we got four hundred million arms.” Let's see, you take out your Glock, or your AR 15 and shoot the needle, Shoot the syringe.

The Beast rising from the sea

This prophecy has particular meaning after the realization of the prophecies in 4 Ezra (2 Esdras) chapters 11-16:

*Woe be unto you, Babel (the US), and Asia (China)! woe be unto you, Mitsrayim (Israel) and Aram (Syria)! 2 Gird up yourselves with cloths of sack and hair, bewail your children, and be sorry; for **your destruction is at hand**. 3 A sword (war) is sent upon you, and who may turn it back? 4 A fire is sent among you, and who may quench it? 5 Plagues are sent unto you, and what is he who may drive them away?*

Ezra Reviy'iy (4 Ezra/2 Esdras) 16:1-4

You see, you can't make war with it. You can't make war with a kinetic war. With the serpent. You can make kinetic war with the serpent, the Asclepius, you can't do it. A firearm is completely ineffective against a needle, and a snake bite that is willingly taken. You take the snake bite, what AR 15 is going to protect you against that? Nothing, nothing. You see, they worshiped the dragon. Now, let's take a look at this prophecy. And I'll show you why I'm saying this. Let's look at this prophecy that has particularly meaning after the realization of the prophecies in 4 Ezra or 2 Esdras. Chapters eleven through sixteen. I'm just going to take a look at this little bit of a summation that takes place in Chapter sixteen. There's a whole litany of stuff that goes on before that. But we're going to take a look at what takes place in sixteen.

Ezra Reviy'iy 4 Ezra/2 Esdras) 16:1-4:

“1. Woe be unto you, Babel (the US, and Asia (China)! Woe be unto you Mitsrayim, (Israel), Not Egypt, and Aram that Syria,

“2. Gird up yourselves with cloths of sack and hair, bewail your children, and be sorry; for your destruction is at hand. A sword (war) is sent upon you, and who may turn it back?

3. A sword (war) is sent upon you, and who may turn it back?...”

(That's war),

“4. A fire is sent among you, and who may quench it?...”

Talk to California, it burned on about 40% of it last year.

“5. Plagues are sent unto you, and what is he who may drive them away?”

Plagues are sent unto you. And what is he, that may drive them away? Sent unto us? Humm, I don't know. So, what I'm submitted to you guys is this, when you see this prophecy in 4 Ezra, chapter 16, you need to read it to really see the whole prophecy. I just put this up, the summation on the top of it for you. But when you see that summation, you see that what is going to happen to America, what is going to happen to China.

If this war breaks up between China and Taiwan, and believe me, that's an any minute thing. Maybe China backs down and says, oh, we're not going to do it, but it doesn't look like it. They had staged a landing. They did a beach landing on the Chinese coast directly opposite of Taiwan two days ago. They've had hundreds of flights flying over Taiwanese aerospace, Taiwan is saying we need to gear up. Then the United States comes out and says, we got thirty thousand Marines there, and Chinese said that is a violation of our entire understanding. And is an act of war. Now everybody is gearing up. But of course, China with this collapse of Evergrande is now at a financial freefall. I mean, financial freefall. I mean, it's catastrophic financial devastation in China. And that contagion is going through all of the Asian markets and is coming directly to the United States. Because guess who the manufacturers are for the American companies that you buy on Wall Street, they're all being done in China, including pharmaceuticals.

What you're going to see is as China goes into this difficulty, they're printing their Yuan, just like we're planning on printing another five trillion before the end of the year to finance the United States, which is on the verge by the way of complete bankruptcy. They think they can push the inevitable date of the bankruptcy back into December. But there's no one else to buy our debt now, no one else. The world has abandoned the Petro dollar. That's why the cost of goods has gone up 40%. And in the meantime, the cost of goods has gone up 40%, and you can't get it even if you want it right now. Now let's take a look at what it says here in Rev. 13:5-8.

The Beast rising from the sea

5 And there was given unto him (the stout horn) a mouth speaking great things and blasphemies; and power was given unto him to continue forty and two months (time, times, and half time). 6 And he opened his mouth in blasphemy against Elohiym, to blaspheme his name, and his Tabernacle, and them that dwell in heaven. 7 And it was given unto him to make war with the qodeshiym, and to overcome them: and power was given him over all kindreds, and tongues, and nations. 8 And all that dwell upon the earth shall worship him, whose names are not written in the cepher of life of the Lamb slain from the foundation of the world.

Chizayon (Revelation) 13:5-8

Chizayon (Revelation) 13:5-8:

“5. And there was given unto him (the stout horn), a mouth speaking great things and blasphemies;...”

Just like Daniel told us.

“5. and power was given unto him to continue for forty and two months,”

that is to say, time, times and half the time.

“6. And he opened his mouth in blasphemy against **ELOHIYM**, to blaspheme his name, and his Tabernacle, and them that dwell in heaven.

7. And it was given to him to make war with the qodeshiym, and to overcome them: and power was given him over all kindreds, and tongues, and nations.

8. And all that dwell upon the earth shall worship him, whose names are not written in the cepher of life of the Lamb slain from the foundation of the world.”

So, what we're talking about now, and I believe that, we're not here in this situation yet, because we have to first cross the threshold of this Union forming. When this Union forms, then you're going to see the appointment of the ten heads. They are only going to rule for fifteen days before three of them are overthrown. And one person asserts himself as a dictator. This last Pope will probably die first. And the Third Reich will emerge as the dominant force in the world because America and China will have already had at each other to the devastation of both.

The Beast rising from the sea

If any man has an ear, let him hear. 10 He that leads into captivity shall go into captivity: he that kills with the sword must be killed with the sword. Here is the patience and the faith of the qodeshiym.

Chizayon (Revelation) 13:9

Chizayon (Revelation) 13:9:

“9. If any man has an ear, let him hear. He that leads into captivity shall go into captivity: he that kills with the sword must be killed with the sword. Here is the patience and the faith of the qodeshiym.”

All right. I think that is the end of our presentation. And if anybody has any questions, let's go ahead and just put them up in caps if you want, or you can just write them in.

QUESTIONS:

LOWELL WILLIAMS VANVORHIS: Could the Unicorn that's on Rothchild & Rockefeller be a sign of White Horse/ Medical/ unicorn horn/ healing be a picture of the Trojan horse with a horn/medical community/ the needle/ jab?

DR. PIDGEON: Look, the unicorn is a very interesting character because when you look at the unicorn and people say, “Well, that means horse with a horn on it.” Well, originally, the unicorn was the rhinoceros. The single horn, the rhinoceros. Some people say it was the bull who had his horn welded together, the two horns that came together as one horn. I think when you're talking about the medical profession, you have to remember that the medical profession is represented by the Hippocratic Oath. The Hippocratic Oath, in its original form, swore an oath to Apollo and Aesculapius and Hygieia, So, Hygieia the goddess of hygiene, Aesculapius, he is the Nephilim with the serpent on the pole, right? The serpent on the pole, which is the symbol of the medical profession, to this day, the serpent on the pole. This was the Nehushtan that Mosheh put together, the serpent on the pole. The brazen serpent on the pole that people

worship that Hezekiah destroyed the serpent on the pole. But we know that Asclepius was the son of Apollo, Apollyon, as it's discussed in Revelation. Apollyon, that the beast would rise out of the abyss. What do we see? Well, we saw the rise of the Third Reich. The Second Reich was dead. It was in the grave. It was in the abyss of no longer having any historic recognition whatsoever.

And the Reich rose out of that abyss and recreated itself. That it's the same thing here when you see this Reich coming back out of the abyss and its leader, Apollyon. Which in the original Hebrew is Shemiy'aza, which means My name is of old. The father of Asclepius is the one holding the serpent. You see, this is what they worship.

JOHNNY LEDFORD: What was what was the purpose of Pelosi meeting with the Pope?

DR. PIDGEON: She was getting instruction. That's what the purpose is. You have to remember that our friend Brandon, President Sniff, he's a Jesuit operative operating on behalf of the rise of the Third Reich. In order for the Third Reich, for this beast to accelerate to a point that, who is like the beast and who can make war with the beast, America must die. George Soros committed to that back in 2008 or 2009. He committed to the destruction of the United States. He got kicked out of Russia. And so, he came to the United States with the with the commitment to destroy the United States. And he's destroying the United States on behalf of, who did George Soros work for when he was a teenager in Hungary? He worked for the Third Reich imprisoning Jews in Hungary, that's what he did. And he called it the best years of his life. And here he is working on behalf of the beast that was and is not but yet is, that's who he's working for. He's controlling the media and these absolutely immorally completely worthless journalists that are giving mouth to this beast, really have no business being in the United States. They should have all that stuff shipped off to Europe, but they can broadcast at least a real location. But the fact is, is they're all giving mouth to the beast, and they're all being paid for by the control of mouth which is coming out of London. Which is a group of European bankers. British bankers primarily the Road Shield clan, who's been manipulating the media to give rise to the beast. And Pelosi is taking direct orders from the Pope. She went there to get orders just like Biden did went there to get orders.

TRUTHSEEKER TODAY: I am looking for the Scripture that says they worshipped the plague. Is that a translation? Because I can't find it.

DR. PIDGEON: You're looking for the Scripture that says the plague is worshipped. That is in Chizayon, Revelation 13:3. And what you want to do is spend some time on E-sword. Download a Greek interlinear or the Textus Receptus. And look at the words. The word therapeuo, is the word plague in there. It says he was killed from a deadly head wound. Well, the word wound is plague. Plague is literally what it means is translated in other places revelation as plague and then the word that says he was healed is the word therapeuo which means worshiped or adored or served meaningly.

RODNEY SWARTZ: Are Azazel and Shemiy'aza one in the same:

DR. PIDGEON: Now that's a great question Rodney. I don't think so. It's hard to say because, on one hand, it's very clear that Chanok points out to Shemiy'aza, he who led the rebellion, he's the one who led the rebellion. This is in the book of Chanok which you can find, by the way in the Ceper. It's complete. And so when you see Shemiy'aza, Shemi, my name. Aza is A, za. It's a nominal suffix, post nominal suffix. which means of old right? My name is of old is what it says. So Azazel, is you see az, az, el. Of old, of old of **YAH**. And so, this is this the scapegoat.

DEBORAH ARNOLD: Do you have an opinion on the Two Witnesses?

DR. PIDGEON: I do. And here's the thing when most people get uptight about The Two Witnesses. A lot of people have been taught, that's going to be Mosheh and Elijah. That's going to be John and Daniel, that's going to be Mosheh and Enoch., Revelation is self-explanatory. It tells you that these are the Two Witnesses, these are my Two witnesses, The Two Olive Trees, and The Two Menorah that stand before **YAH** of heaven and earth. Why is that so difficult to understand? The Two Olive Trees and The Two Menorah. Well, Revelation One tells us what the Menorah is. That means that Called out assembly. The menorah stands for Called out assembly. And then who are the two olive trees?

Well, you can go to Jeremiah 11, where it says, I called you Yashar'el, a green olive tree. Then you could go to Romans 11. And see what Pa'al has to say, when he says this wild olive branch is going to be grafted in with the domestic Olive Branch. So, you have a domestic olive tree, and you have a wild olive tree. That's two olive trees. And these are two Called out assemblies. It's not a singular person, it's a Called out assembly. You have one Called out assembly, which is the Wild Called out assembly which is that of the Northern Kingdom. And you have the other Called out assembly, which is the Domestic Called Out Assembly, which is of the Southern Kingdom. And these two Kingdoms will come together to witness for a time, times, and half a time for forty-two months. For the forty-two months that the other nations are trampling the outer court. While the other nations that are trampling the outer court is going to be this Third Reich.

HILARY KERSHNER: WHERE WILL THE NOAHIDE LAWS COME INTO PLAY?

DR. PIDGEON: The Noahide Laws play into this because there is an interesting coalition between Jesuits, and Chabad-Lubavitch and the Vatican. And they're working jointly together, they're working jointly together. When you talk about the Noahide Laws, and the Israelis trying to force Noahide, it's not going to happen. Why? Because the bankers in Europe, who orchestrated the genocide of World War II have orchestrated the current genocide in Israel. Now, I know I'm not supposed to say that. But I'm just saying that you have to look closely at that, to see what the death rate is right now in Israel, which is really through the roof. Now, will the Noahide laws have an effect? Well, I don't know. I think what you're going to see coming is going to be an iron clad, iron fisted atheist, Reich, that is designed to ensure Racial Supremacy and the rise of the Pope as Vicarius Fileo Dei until that becomes exasperated. And then one guy is going to assert himself as God, I am God, I am king, I can do this right?

MARK LEONARD: Do you think the Pope is the False Prophet?

DR. PIDGEON: Yes, I do. This current Pope is the one who sits in the beast that's risen out of the earth, who causes the whole earth to worship the first beast? And to take his mark. Yeah, and I'm going to talk about I'll talk about that next week. This week, we can only deal with the beast coming out of the sea.

NATHAN: Would it be acceptable to replace sorcery with pharmakeia in the Cepher?

DR. PIDGEON: You know, we could. We could replace that. you're talking about Revelation 18:23. That's possible, we could replace it with pharmakeia. I mean, it's pretty clear. You know, the thing is, when you talk about pharmakeia, there's a couple of words that kind of graduate, right? As sorcery is one of them, that kind of graduates out of the Hebrew into the Greek. And another one that graduates is this idea of covetousness. Covetousness graduates out of the Hebrew, which is to lust after or to be greedy for into the New Testament understanding, which is to not only lust after and be greedy, but to defraud people.

ANNBHOLA: When will the sores appear on those who took the mark, jab? After the boosters?

DR. PIDGEON: Well, you know, in some cases, we've already seen the sores. But we know this when you start to start talking about what's going to appear. We are beginning to see all kinds of things appear, and now we see people who are looking into this and going man, that's a list of ingredients I didn't know was there.

ANGELA MORRIS: What will happen to USA? Are they the eagle in Revelation?

DR. PIDGEON: what's going to happen to the USA, I think it's pretty well prophesied in Jeremiah 51:52. It's pretty well laid out. You also have a discussion of it in Revelation when you start talking about the whore of Babylon. You know, the fact is, it is Ishtar that sits in the harbor of New York. It is Ishtar that sits over the Capitol building. The United States Capitol, Washington DC is built in the shape of an owl. And it has an inverted pentagram, The base of which is on the White House, and it has a Masons compass. And in the middle of that Mason's compass is the is the George Washington phallic symbol. which is the obelisk of Nimrod. And it is Six hundred and sixty-six feet tall. There are so many indications that Washington DC is Satanic. And so now you say, well, that's not Babylon. Yeah, it is Babylon. And I'm not saying that all of the United States is Babylon, but its leadership is Babylon. Its government systems are Babylon. Its finances are Babylonian. What is in the middle of Wall Street, New York. If it isn't the Golden Bull, it's the Golden Bull. and you can move it you can't move it right.

CHANOK BEN YISSACHAR: We are the Two Witnesses.

DR. PIDGEON: Chanok, I think you're correct. We are the two witnesses. We are the two witnesses.

NANCY HORTON: The eagle was also the symbol of the Roman Empire.

DR. PIDGEON: That's correct. The eagle, the double headed eagle was the symbol of Russia. And the single Eagle was also the symbol of the Nazis. When start talking about the kind of destruction that comes to the USA, a lot of this destruction is going to come, the war that's coming, the financial destruction is coming, all of which is on the horizon. By the way, all of this is on the horizon. But there's also the Wrath of **YAH** coming on this country. And people who think that it's not coming are foolish. And the people who live in these regions, the most effective region of them all as far as I'm concerned, you got some real sickness in the US. The sickest region is, of course, the West Coast of the United States. Going from Salem, Oregon, to Olympia, Washington to Sacramento, California. That is a group of deranged people who should not be in control of anything. And they have led their States into complete destruction and meltdown. And in doing that, they have also exacted a sinful agenda that is so anathema to the teaching of **YAH**, that **YAH** is going to judge.

And as it stands right now, we saw this magma moving underneath La Palma, for instance. And of course, La Palma just had another evacuation today, because the island is, again, rumbling and moving. I've seen some discreet documents that indicate that there's three possibilities. The least of which is that the bottom half of the island falls off. But there's discussion that the whole island could collapse into the ocean. And even more importantly, there's discussion that the island from its base in the Atlantic Ocean could collapse. And all three of those are possibilities, because the whole island is rocking and shaking back and forth. There is such a movement inside the Earth right now. That you look at it, you say the earth is cracking up. Of course, you have to keep in mind that when we look at the earth, we think of the mountains and the valleys, and so on and so forth. But if you were to compare it with the cue ball, it's infinitely smoother than a cue ball. In its perspective. However, what we're seeing is that there are many things that could be coming in the United States, one of which could be a massive tsunami out of La Palma.

Another could be a whole string of volcanic eruptions that take place on the West Coast. Because there is more magma moving underneath Shasta, Mount Bachelor, Mount Hood, Mount St. Helens, Mount Rainier, Glacier Peak, and Mount Baker. All of those are all active volcanoes. They have huge magma movements underneath that, that are taking place. And it's moving along. Very major fault lines.

DANIEL F.: Thoughts on possible club k container missiles on the container ships?

DR. PIDGEON: That's very possible. And I don't know, Daniel, if those club k container missiles are on the East Coast or on the West Coast, it's very possible that they are and that may be some reason why some of these containers are held up. It may also be that there could be shiploads full of troops on board some of those ships, right? There could be shiploads full of troops coming in from China. Because you had nobody buying their stuff. So they just put maybe, let's say a million troops into those containers and said, "Let's bring it out." And away we go. And so this is where I think it's happening.

Okay. All right, you guys. So we managed to wrap this up in about an hour and a half. And I want to thank everybody for joining me today for our first attempt at this. I'm going to get it better. Next time. I will put together something that will have the right URL. We can take it from there. Okay. All right, my friends. So, with that, we're going to end our live recording and I will see you again next time. Thank you, my friends.
