THE SICKLE

CEPHER ACADEMY

The Sickle

Good evening, my friends and shalom. Welcome to another edition of Cepher Academy. Tonight, we are going to be looking at a very interesting topic. One that I know I'm going to enjoy. Because I basically want to put it together. So, I guess it's why I am going to enjoy it. No, I think this is going to be a very good discussion tonight. I do also believe that it is a timely discussion, and a discussion that needs to be had. We've reached a point really in human history, that has put us in quite a place. And as a consequence, I think we're going to need to see what is happening now. So now we can kind of see what's going on here a little bit.

So, tonight's presentation is going to be a presentation concerning a number of prophecies. And again, let me just give you a couple of opening presentations.

This is Dr. Steven Pidgeon; it is November the 18, 2021. The twenty stands for twenty below zero, where I am right now. It's always a wee bit cold in my undisclosed location. Fortunately, I'm in a warm snuggly room where I can enjoy the warmth.

And as I mentioned this is going to be a presentation of Cepher Academy and we're going to be dealing with the topic of The Sickle. I know that many of you have had a lot of discussion about this previously among yourselves and so forth. But I think we're going to see some very interesting things coming out of this presentation. And as we go, I'm going to try to jump out of the screen sharing scenario here for a little bit to be able to catch some of the chat. We'll start with this passage in Marcus.

The Sickle

So is the Kingdom of Elohiym, as if a man should cast seed into the ground; 27 And should sleep, and rise night and day, and the seed should spring and grow up, he knows not how. 28 For the earth brings forth fruit of herself, first the blade, then the grain, after that the full head of grain. 29 But when the fruit is brought forth, immediately he puts in the sickle, because the harvest is come

Marqus (Mark) 4:26b-29

MARQUS (MARK) 4:26b-29:

“26b. So is the Kingdom of **ELOHIYM**, as if a man should cast seed into the ground;

27. And should sleep, and rise night and day, and the seed should spring and grow up, he knows not how.

28. For the earth brings forth fruit of herself, first the blade, then grain, after that the full head of grain.

29. But when the fruit is brought forth, immediately he puts in the sickle, because the harvest is come. "

That's where we are now. Now, Let's take a look.

The Sickle

2 Treasures of wickedness profit nothing: but righteousness delivers from death. 3 Yahuah will not suffer the soul of the righteous to famish: but he casts away the substance of the wicked.

Mishlei (Proverbs) 10:2-3

The fear of the wicked, it shall come upon him: but the desire of the righteous shall be granted. 25 As the whirlwind passes, so is the wicked no more but the righteous is an everlasting foundation.

Mishlei (Proverbs) 10:24-25

MISLEI (PROVERBS) 10:2-3:

"2. Treasures of wickedness profit nothing: but righteousness delivers from death.

3. **YAHUAH** will not suffer the soul of the righteous to famine: but he cast away the substance of the wicked.

Very important, this point.

MISLEI (PROVERBS) 10:24-25:

"24. The fear of the wicked, it shall come upon him: but the desire of the righteous shall be granted.

25. As the whirlwind passes, so the wicked is no more: but the righteous is an everlasting foundation."

It's very interesting. There was a discussion recently demonstrated, that in fact many of our leaders have prayed to the angel of the whirlwind on the congressional floor. Even during the inaugurations prayed to the angel of the whirlwind. And as the whirlwind passes, the wicked shall be no more. We are going to see this flow as we start talking more and more about this particular prophecy.

The Sickle

*16 Ye shall know them by their fruits. Do men gather grapes of thorns, or figs of thistles? 17 Even so every good tree brings forth good fruit; but a corrupt tree brings forth evil fruit. 18 A good tree cannot bring forth evil fruit, neither can a corrupt tree bring forth good fruit. 19 **Every tree that brings not forth good fruit is hewn down and cast into the fire** 20 Wherefore by their fruits ye shall know them.*

Mattithyahu (Matthew) 7:16-20

MATTITHYAHU (MATTHEW) 7:16-20:

“16. You shall know them by their fruits. Do men gather grapes of thorns, or figs of thistles?

17. Even so every good tree brings forth good fruit; but a corrupt tree brings forth evil fruit.

18. A good tree cannot bring forth evil fruit, neither can a corrupt tree bring forth good fruit.

19. Every tree that brings not forth good fruit is hewn down and cast into the fire.

20. Wherefore by their fruits ye shall know them.”

The Sickle

For behold! the days come and the cepheryim shall be opened in which are written the sins of all those who have sinned, and again also the treasuries in which the righteousness of all those who have been righteous in creation is gathered. 2 For it shall come to pass at that time that you shall see, and the many that are with you, the long suffering of El Elyon which has been throughout all generations, who has been long suffering towards all who are born, alike those who sin and those who are righteous.

Baruch Sheny (2 Baruch) 24:1-2

We are going to start into a prophecy now, that appears in this text, 2nd Baruch. Now, this prophecy, Second Baruch is oftentimes referred to as the apocalypse of Baruch. And we included it in the eth-Cepher, it's one of the eighty-seven (87) books in the text. And 2nd Baruch is going to give us a fantastic narrative and a terrific prophecy concerning the apocalyptic times. And I think you are going to find them to be exceedingly on point as we go through these tonight.

So, we are going to start here in Chapter 24 :1-2,

BARUCH SHENY (2 MARUCH) 24:1-2:

“1. For Behold! The days come, and the cepheriyim shall be open in which are written the sins of all those who have sinned, and again also the treasuries in which the righteousness all those who have been righteous in creation is gathered.

2. For it shall come to pass at that time that you shall see, and the many that are with you, the long suffering of **EL ELYON**, which has been throughout all generations, who has been long suffering towards all who are born, alike those who sin and those who are righteous.”

This thing we talk about righteousness. Righteousness, such an interesting animal. Because Scripture says over, and over again, there are none good, no, not one. That all have sinned and fall short of the glory of **YAHUAH**. And so, it is true. Then who are the righteous? Who are the righteous, that would be different from all those who have sin? Who is that group? Who are these people?

Well, the righteous are those who seek righteousness, who are of a repentant class. That is to say you repent for your iniquity. You repent for your wickedness. You pursue righteousness, even though you fall short of the glory. Even though you will sin. and even though you stumble and fall. Nonetheless, you get up to seek righteousness anew. This is what righteousness is. It's not one of these things where you can say, well, I've crossed the threshold of righteousness because I go to church on Sunday and listen to a sermon. That does not cross you into righteousness. What crosses you into righteousness is the moral compass that you have in your body. The moral compass in your heart, mind. and soul that is directing you to right and wrong. That you seek to do the right thing. And you don't intentionally do the wrong thing.

When you do the wrong thing, you do it with the wink, you do it with a smirk. You know that you are going behind somebody's back to do the wrong thing. You enter to harm, to hurt, to purloin as they used to say. To gather which is not yours with without permission. To do the kinds of things that are forbidden by the Torah. That are forbidden by the Ten Devariym. To do those things, and we do them knowingly, to turn from righteousness and to turn to iniquity.

But to turn to righteousness, is to turn your life towards the Ten Devariym. To pursue those interests with all of your heart, mind, and soul. I know this is going to be a little bit aside from where we're going here tonight to review in the Ten Devariym. Remember that the first five of the ten Devariym are the concepts of essential liberty. To set free to the captives and proclaim liberty. What is this liberty that **YAHUSHA** is talking about in Luke 4 or what Isaiah is talking about in Isaiah 61, to proclaim freedom to the captives. What is he proclaiming? You know, the Liberty is a substantial liberty. The liberty to assert **YAHUAH** as the supreme authority.

Now, let me share with you why you can't do that in the United States. In the United States, we have a Masonic secular concept. That is the First Amendment that multiple views on religion can co-exist in the diversity that is the United States and coexist legally. Now, because that is in place, because that First Amendment provision is in place, that coexistence, you know, you've all seen the bumper stickers, the coexist bumper stickers. That provision ultimately destroys the supremacy of the very first command. Anki **YAHUAH ELOHEYKA**, I am **YAHUAH** your **ELOHIYM** there is no other. There is no other. Well, according to the law, interpreting the Fourteenth Amendment, and the First Amendment. Well, there are many elohiyim's just read the decision in Lochner vs. New York. The dissenting opinion of Oliver Wendell Holmes, when he says there is more than one truth. There is more than one authority. There is more than one **EL**. There is more than one Creator. There is more than one concept. But in the secondary state, this is true. And the Secular State must necessarily make room for that concept. And you are not allowed to criticize that concept. Because if you do, there are trolls in the social order that will paint you as somebody who wants to establish a theocracy in your nation, not a democracy.

Well, first of all, the United States was never created as a democracy as it was created as a republic with Democratic trappings. There are many, many things that did not allow for the will of the majority to change them. That's why it was Republic. That's why it takes a two-thirds majority to change the Constitution. By it by requiring a supermajority, you defeat the elements

of mob rule, which is open Democracy. And you create a Republic, which protects the minority interest of those who may occupy thirty-eight percent to forty-nine percent of the population. However, if fifty-one were the controlling interest, those forty-nine percent would have no rights whatsoever in a wide-open Democracy. And the history of Democracies has always shown that in a pure Democracy, it takes less than one generation before those who have nothing, vote themselves the wealth of those who have something. That's how it works in a democracy. So, to exalted Democracy, which has been going on since this century began presidency of George W. Bush. Exalting Democracy, like it was some kind of a worldwide value is an unusual concept. It's not justified in throughout history, and in the philosophical understanding of most political theorists who recognize that Democracy is really the purest form of Government. But rather, when you look and you see what's going on in Europe, for instance, let's look at Europe for just a moment.

When you look at what's going on in Europe, you've had dominant theocracies in Europe, really, for time immemorial. You have had for instance; Russia right now holds itself out as a theocracy. Poland is a Catholic theocracy. Austria is a Catholic theocracy. Italy is a Catholic theocracy. France is a Catholic theocracy. Georgia is an orthodox theocracy. Greece is an orthodox theocracy. There are few nations in Europe that actually have a diversification of religious beliefs allowable under law, very few nations in Europe actually do that. Spain is another Catholic theocracy, and the United Kingdom is an Anglican theocracy. And just as the Republic of Ireland is a Catholic theocracy, the United States is the abnormality in this by being a Secular State. Another State that claims to be secular which isn't, is the nation of Israel. It claims to be a Secular State. And it is not a Secular State is it is most assuredly a theocracy.

And so, you see that theocracy is really the norm. Democracy is the exception. But in this nation, if you were to come out and say, there is an absolute authority in **YAHUAH ELOHEYKEM**, you would be anathema. You would be anathema to the political class that would say you are aborting and undermining the concept of secularization expressed in the First Amendment. Now, let's talk about this just one step further. Keep in mind that when Alexis de Tocqueville came to this country, in the early eighteen hundreds, he saw a deeply religious nation all of the same faith. And he said, when this nation ceases to be a faithful nation, it will cease to be a great nation. The Secular Founders of the United States, the Masons, who constructed a capital, built on the image of an owl, with a satanic pentagram whose base rests on the White House, with an Egyptian obelisk, six hundred sixty-six feet sitting in the middle of it. With a Masonic compass outlining the mall. When you see these things, it's very clear that this was not a Scriptural group of people that were putting together the capital of this country. They were instead occultic Masons who were worshiping something foreign to **YAHUAH**. And they knew and openly admitted that their Secular Government had no chance and that their Constitution was wholly insufficient to Govern anything other than a righteous people. So, we have to look at the essential liberties. Do we have the liberty to assert **YAHUAH ELOHEYKEM** as the ultimate authority in the United States? No, we don't have that.

Do we have the authority to reject idolatry? Do we have the authority to reject engraved images? Well, engraved images, that's what your currency is. All of your currency, whether it be coin or bills, has an engraved image on it. You are instructed to idolize, to worship to pay attention to, fear and to otherwise adjust your life to serve those engraved images. Those engraved images are set up in statutes in Washington, DC and in the central parts of every city in this country, as they are in Russia. There is the engraved image of Vladimir Lenin in every Russian town. You have Pskov in every Russian town. And in the United States we have the foreheads of the four presidents standing over the sacred place of the First Nations in South Dakota, called Mount Rushmore. No engraved images. Have we lived up to that? Absolutely not. We have just the opposite. We have engraved images everywhere we go. And we are required to worship them and to idolize it.

We are told to pledge allegiance to the image of a flag. And we are told to idolize the things that the Government puts before us. To idolize the Government. To idolize the CDC. To idolize the World Health Organization. To idolize the UN. To idolize the Education System. To idolize US Military. Here's your idols. What about the name of **YAHUAH**? How was the name of **YAHUAH** treated in this country? Don't use it. We'll use the name God. So, when we say one nation under God, well, you could think who your God is, and I'll think who my God is. And if the ruling class happens to believe that their god is Lucifer, or is Satan? Well, they can say that all day long, can't they? Yes, they can. Because there's no name identified. They can say the unknown god. One nation under the unknown god, and all fill in the blank as my whim sees fit. The name was brought to nothing in the history of the United States.

And what of the Shabbat? When has it been recognized in culture of this secular nation? Who has the right to the sixth and the seventh day off? Who has the right? No one has the right to it. You might be able to get it, but you don't have the right. Do you have essential freedoms as expressed in the commands? You don't have those essential freedoms. You see; therefore we talk about, what is Liberty? This derives from the Ten Devariym. And those of us who are in the community seeking righteousness, we seek those standards, we seek those precepts, we seek the supremacy of those commands. And by seeking the supremacy of those commands, we become called out from Babylon. But equally important, we're called out of iniquity. We are called out of unrighteousness. We are called into the pursuit of righteousness. The pursuit of righteousness, which is what righteousness truly is among us who are born of flesh.

The Sickle

2 You too shall be preserved till that time till that sign which El Elyon will work for the inhabitants of the earth in the end of days. 3 This therefore shall be the sign When a stupor shall seize the inhabitants of the earth and they shall fall into many tribulations and again when they shall fall into great torments

4 And it will come to pass when they say in their thoughts by reason of their much tribulation: El Elohiym no longer remembers the earth yea, it will come to pass when they abandon hope, that the time will then awake..

Baruch Sheniy (2 Baruch) 25:2-4

So Baruch goes on to say Chapter 25:2.

BARUCH SHENIY (2 BARUCH) 25:2-4:

“2. You too shall be preserved till that time till that sign which **EL ELYON** will work for the inhabitants of the earth in the end of days.

We have a prophecy right here in Baruch that is going to be dealing with the end of days.

“3. This therefore shall be the sign. When a stupor shall seize the inhabitants of the earth,..”

When a super shall seize the inhabitants of the earth. Wow, have we arrived at that stupor? We're getting there. Somebody recently adopted the phrase, “Vaccident.” That these people have car accidents, because they are no longer fully cognitive, as a result of the snake bite. They are not having accidents and more, they're having “Vaccident's,” something to think about.

“3. And they shall fall into many tribulations, and again, when they shall fall into great torments...”

So, the differentiation here in Baruch. Is that Baruch is going to be talking about many tribulations. He is going to be talking about the elements of tribulations. So, when you look at the book of Revelation, you can see many tribulations. But in the gospels, in the Olivet sermons, whether you're talking about Matthew 24, Luke 21, in that Olivet sermon, you see the discussion of a Great Tribulation. A Great Tribulation that will appear at the end of days. At the end of what days? At the end of every day on earth? No, at the end of the days of the supremacy of man over his own affairs. Because man has one hundred twenty Jubilee years to

exercise his authority on this earth. And you can see what that has brought. So, let's see what we have.

"4. And it will come to pass when they say in their thoughts by reason of their much tribulation: **EL ELOHIYM** no longer remembers the earth yea, it will come to pass when they abandon hope, that the time will then awake."

The Sickle

Into twelve parts is that time divided and each one of them is reserved for that which is appointed for it.

*2 In the first part there shall be
the beginning of commotions.*

*3 And in the second part there shall be
slayings of the great ones*

*4 And in the third part **the fall of many by death***

*5 And in the fourth part **the sending of the sword***

*6 And in the fifth part
famine and the withholding of rain.*

Baruch Sheny (2 Baruch) 27:1b-6

So now, Baruch, is going to tell us in Chapter 27. Now, he says,

BARUCH SHENY (2 BARUCH) 27:1b-6:

"1b. Into twelve parts is that time divided, and each one of them is reserved for that which is appointed for it.

2. In the first part, there shall be the beginning of commotions.

3. And the second part there shall be the slayings of the great ones.

4. In the third part the fall of many by death.

5. In the fourth part the sending of the sword.

6. And in the fifth part famine and withholding of rain.

That's 2nd Baruch, Chapter 27:1b-6.

The Sickle

*7 And in the sixth part **earthquakes and terrors.***

8 [This is actually not filled, as it is as though sealed]

*9 And in the eighth part **a multitude of specters and attacks of the Shediym [Devils]***

*10 And in the ninth part **the fall of fire.***

*11 And in the tenth part **rapine and much oppression***

*12 And in the eleventh part **wickedness and unchastity***

*13 And in the twelfth part **confusion from the mingling together of all those things aforesaid.***

Baruch Sheniy (2 Baruch) 27:7-13

Continuing on Chapter 27:7-13,

BARUCH SHENIY (2 BARUCH) 27:7-13:

“7. And in the sixth part, earthquakes and terrors.

8. (This is actually not filled, as it is as though sealed)...”

Now in the Ceper it uses the word wanting because there’s nothing in verse eight, this actually is not filled as though it is sealed. Part of the reason for this is because you know in the book of Chizayon, Revelation, you have this very interesting thing in chapter ten, where it says, take this book a new and, eat it and it’ll become sweet your stomach can prophesy a new. Read the backside of the pages now, and but seal up the seven thunders. Well, why would you want to seal up the seven thunders because the seven thunders according to Psalm 29 are not terrifying news that you find in the rest of Chizayon. Instead, the seven thunders are a promise of the Second Exodus. The seven thunders are a promise of the Second Exodus about returning to the White Mountains of Lebanon and bringing the House of Yashar’el home again. But the angel told Yahuchanon, seal that up. So don’t reveal that, seal that up. Be quiet about that because that is going to have to be seen elsewhere. Lest people would be motivated to do things they shouldn’t be motivated to do.

“9. And in the eighth part a multitude of specters and attacks of the Shediym. (Devils)...”

Attacks of the Shediym, the devil's multitude of specters.

“10. And in the ninth part the fall of fire.

11. And in the tenth part rapine and much oppression.

12. And in the eleventh part wickedness and unchastity...”

Hmm, wonder what that looks like.

“13. And in the twelfth part confusion from the mingling together of all those things aforesaid.”

So, Baruch is telling us here, that this stuff is going to be mingled together. This is part of the reason why, people want to come to the book of Chizayon or Revelation, and they want to say, well, the order says, this has to happen, then that has to happen, that has to happen, that has to happen. But that isn't what's being revealed there at all. In fact, a good study of the book of Revelation reveals seven menorahs, there are seven menorahs. And you have three to this side, and you have a Shamash, and then you have three to this side. And if you look, you'll see the first seven, the seventh lights the second, then the seventh lights the third, and the seventh of that one lights, the shamash of the middle.

And so, it goes so that they have Heptadic formula of the book of Chizayon, of the seven full doctrine of his whole creation is revealed in the book of Revelation. A book, which by the way, every single verse has an Old Testament reference. If you look at the Ceper, you will find that we have every verse footnoted as to its Old Testament reference, including references that are found in the book of Yovheliym and in the book of Chanok. Yes, there are references found in Chanok as well. You see that what is going on here, this book of Chizayon was not something that was fancifully put together by Yahuchanon. That is to say that he just had a bad dream and then wrote it down. Rather, the whole of the concept of Chizayon, the Revelation was that he was summarizing those things that were put together in the Tanakh, that would come to pass at end of days. He was summarizing what he was putting it together, he was expounding on it. Now there are some things within the verses that are new information. But every single verse has a reference to at least a verse in the Tanakh. And in some cases, the references to a full Chapter in the Tanakh. Very important to understand the book of Chizayon in this manner. If you have a later edition Ceper, you will see that it's footnoted. If you're researching, or you're doing a Bible study on Chizayon do yourself the favor of looking at those footnotes and do the cross reference to see what is there. Because the harvest will be great. Remember, that there is a blessing that comes with studying that book.

However, you see here that Baruch is saying, look, don't try to put these things in order. Rather understand that there's going to be confusion because this stuff is going to be mixed up. It's not going to be in order. When you look at again, going back to Chizayon, look at Revelation, you see that you have these seals. But when you go from the seals to the trumpets, they're kind they're very, very similar. The only difference is the trumpets are much more draconian, they're much more intense than are the seals, which are pretty bad. But when you get to the trumpets, it's much worse. And when you get to the Bowl Judgments again, it's basically the same thing, only much more amplified, much more amplified.

So, you have this idea of the Seven Fold Judgement, which is then amplified. And so, to try to say well, this has to happen, that has to happen. You know a lot of people are hung up on the idea that there has to be a seven year peace treaty, and the temple has to be built in Jerusalem, and the Antichrist has to stand up in that temple. It has to do this that and the other thing. No, no, no, no. First of all, there's been lots of Covenants that have been drawn up in the holy land. Including a covenant called the Oslo Accords that broke up the land of Israel that was formed right in the middle of the seventy year span between 1948 and 2018. That was in the middle of the week if you like it. Then there was the Brit-Am that was formed during the Obama administration. I directly confronted somebody from the Holocaust Museum. I said, Brit-Am why don't you tell us what that means? Oh, that just means that agreement? No, it doesn't, it means it's a covenant with the people. Brit-Am, covenant with the people. And they tried to establish a seven year covenant then. But a seven year covenant was created by the head of the serpent rising out of Vatican with the Laudato Si of 2015 which is called the Catholic climate covenant. And if you look at that, in the middle of the week, let's say, 2019-2020 - Guess what? In comes you know what? Incomes the lockdowns, in comes, the quarantines, incomes this, incomes that, incomes the new paradigm for mankind. A paradigm where the elite can reap a harvest of wealth and riches in their stock market portfolio at the expense of the lives of millions on earth.

The Sickle

For these parts of that time are reserved and shall be mingled one with another and minister one to another.

15 For some shall leave out some of their own, and receive in its stead from others, and some complete their own and that of others, so that those may not understand who are upon the earth in those days that this is the consummation of the times.

Baruch Sheny (2 Baruch) 27:14-15

s Now, Baruch says in Second Baruch, 27:13-15.

BARUCH SHENY (2 BARUCH) 27:14-15:

“14. For these parts of that time are reserved and shall be mingled one with another and minister one to another.

“15. For some shall leave out some of their own, and receive in this stead from others, and some complete their own and that of others, so that those may not understand who are upon the earth in those days that this is the consummation of times.”

Now, you see what's happened. You recall that everything about Chizayon is deception. Second Thessalonians chapter 2 makes it very, very clear. He will give us over to a great delusion, I give you over to a great delusion, that you might be damned who did not believe the truth. Why not? Because you did not love the truth. You did not seek the truth. You see, what is righteousness? It is seeking the truth and going after it and loving the truth when you find it. If a person loves to truth, seriously loves the truth, whether or not they believe, is not relevant. Because if they seriously love the truth, they will find **YAHUAH**, they will find him, they will find him, just the way it is. And once you find him, when you love the truth and you find **YAH**, then what do you discover? Then you discover the mystery of creation. Then you discover what it is that **YAH** did. Then you discover that He who created us thinks. Then you discover that He who created us hears. Then you discovered that He who created us speaks. That he understands. That he knows. That he watches. That he is on top of everything that happens on this dust bowl we call the earth.

He knows the thoughts he thinks of us. Because he thinks of us. Who are we, dust in the wind. And yet he thinks of us and yet He knows our name. And yet he holds our tears in his hand. And yet he knit us together personally in our mother's womb. And yet he knew us before the foundation of the earth. Once you understand this, then this nonsense of Darwinian garbage, which is not even the theory, it's not even a hypothesis. It's just absolute pure speculation. This idea of earth being formed here, and earth being formed there and all this other ridiculous stuff, is all people guessing and ignoring the truth of what Scripture tells us. Because Scripture does tell us the truth about creation.

So, what we see is that there is a delusion given. There is a deception given. And Revelation 18:23 says, that they will deceive the whole earth through their pharmakeia. Through their pharmakeia, through their sorcery. Through their sorcery, they will deceive the whole earth. You see that by deception, this is accomplished through a delusion. It is believed, and there is confusion as a result of the delusion and the deception so that those may not understand who are upon the earth in those days, that this is the consummation of times. Well, let's see if this holds true.

The Sickle

The beginning of commotions

The beginning of commotions. The beginning of commotions. You know, we came into the Twenty-First Century. Now you got to keep a couple things in mind. One is this, for those of us who want to get started with the kind of basic understanding.

Number One - you don't start counting with zero, you start counting with number one. That's why I just said number one, I didn't say number zero. I said number one, you start counting with number one, you don't count with zero. When you turn twenty you're still a teenager. When you turn twenty-one, you enter your twenties. When you turn thirty-one, you enter your thirties. When you turn forty-one, you enter your forties. And the nice thing about turning fifty, you finally get over having turned forty. That's the beauty of it.

I've had this discussion with my teenage grandsons because they don't want to believe that at age of eleven they have entered into the teen years. Just because it doesn't say teen on the end, doesn't mean you're not a teenager, or you are preteen so to speak. You know, when you speak Russian *odinnadtsat'*, *dvenadtsat'*, *trinadtsat'*, *chetynadtsat'* there is no difference between eleven), twelve, thirteen, and fourteen in that language. Only do we have it in English, do we have this distinction between eleven, twelve, and thirteen. And this idea of, one-teen, two-teen, three-teen, four-teen, and five-teen. So, we know that we start counting with one, so the first year of the Twenty-First century was Two Thousand One (2001). Not Two Thousand (2000) is Two Thousand One (2001). Two thousand (2000) was the end of the twentieth century (20th). Two Thousand One (2001) was the beginning of the Twenty-first (21st) century.

Thirty-three (33) weeks after the inauguration of George W. Bush. This happened? The beginning of commotions. Now, for those of you who are students of this, you know that the official narrative is a total botched job. A hodgepodge of nonsense passed on to us by the

people who tell us thou shalt believe or we will hurt you. You either believe our version of the facts, or we're going to hurt you. It's no longer a question. Let's have some persuasive speech out there. All talk, you talk and then let's use the present the best argument. No, no, no, the Government says, this is the official narrative, you will go along with it. Or we are going to end your career. We are going to end your participation in our social order. And we may sue you. and slap you with huge fines and on, and on it goes. But we do know that something was very, very much amiss in the destruction of these two towers. Which then opened the door to the next twenty years of unbridled iniquity on the part of the United States. Using the military that was built in order to defeat the Soviet Union, in order to exact a resource. Relocation from nations that were not as strong as us by pulverizing them into fall. With no excuse, we all know that there were no weapons of mass destruction in Iraq. That didn't stop us from killing a roughly over a million civilians. That didn't stop us from using depleted uranium to the field. That didn't stop us from losing thousands of American casualties and wrecking the lives of many soldiers who were required to shoot civilians in the field. That didn't stop us from entering in the biggest failed war in modern history, which is Afghanistan, did it. It didn't stop us at all.

This opened the door for that incursion into Afghanistan, where we gave up ninety-four billion dollars' worth of our top technology to a group that we had previously labeled as terrorists, on the terrorist watch list for the United States. In other words, our enemies. And yet we did it. We did it, and we left Americans behind in the field. This was the beginning of the commotions, the beginning of the sickness, the beginning of iniquity, the beginning of unbridled iniquity, and falsity on the part of the United States Government. A Government whose corruption used to be, a little bit of cancer on the outside of the skin. But once this happened, the whole body was infected with cancer, the whole body.

The Sickle

The slayings of the great ones

Now we know that the US Government is nothing but corruption. Nothing but. The beginning of commotions. The slaying of the great ones. Well, here's a couple of pictures you guys might remember. This is the shooting of JFK. And the top photo there and then the bottom photo was the shooting of Ronald Reagan. Ronald Reagan was shot by the son of George HW Bush's business partner in Sujata oil. George HW Bush, of course, was the Vice President at that time, who took the Presidency for all intense and purposes away from Ronald Reagan, following his shooting. HW Bush, whose real name is not HW Bush at all, but was bor. George Scharf, a German citizen, not a natural born citizen of the United States. Covered up in his birth certificate through his adoption to Sam Bush has a very sordid history along with the rest of the Bush family. Who controlled the Presidency from 1980 to this shooting forward.

Until the election of Donald Trump. And Donald Trump, just simply move the hand, the control from the Bushes over to the Vatican.

How about the fall of many, by death, the fall of many by death. As you can see, we've got a little blackout going here on the screen, because we're going to self-censor. Now you can self-censor yourself at home by doing things like gargle with draino. I mean, just kidding. Don't try that at home. Kids don't gargle with draino, or whatever you do. But you can gargle with a little bit of hydrogen peroxide, sometimes that's helpful. But this is according to World Dominators Info. And this is the number of deaths they're reporting, the number of cases, two hundred fifty-four (254) million cases. The number of deaths five thousand one hundred eighteen eight hundred nine (5,118,809). And the number of those who have recovered two hundred twenty-nine million, nine hundred fifty thousand, seven hundred and forty-two. (229,950,742).

Now, we know that this is just the beginning of commotions. We haven't yet seen the full effect of the complete collapse of the auto immune system that we'll be seeing this coming winter. The fall of many by death.

The Sickle

The sending of the sword

The sending of the sword. Let's take a moment. Let's talk about where we are. Hope you guys don't mind my briefing you on this during this discussion. This is a picture at the Belarus Polish Border. This is a crisis that is set to explode into open warfare. Now, just to give you an example of what's going on. There was a lot of discussion that had Hillary been elected in 2016, there would have been a false flag nuclear attack on the United States, blamed on Russia. We would have been immediately at war with Russia. Because she was not placed into office, Russia has had four years to carefully prepare for the event. And Russia has in fact, prepared for the event. Now, to give you an example, every Russian has access to a fallout shelter. Every Russian has access to food that has been stored away for years. Nobody comes to their house and says, are you storing too much food, we're going to steal it from you, ban it. No, they all have shelter foods, and they all have access to shelters.

In Moscow, you have a metro system, that is approximately fifteen stories in the ground. Which that Metro system moves about two million people an hour on those subways into those metro systems, you could put about half of the city of Moscow, in the event of a nuclear strike. Well, Russia has said many, many times that they don't want Ukraine being part of NATO, and they don't want defensive missiles in Ukraine. Because should they put defensive missiles in Ukraine, they can be upgraded to offensive missiles in a very short period of time, doesn't take anything to do it. And they would have an offensive first strike capability on Russia would be totally unacceptable. And so, the Russians have said we'll nuke it if you put it in Ukraine period. So recently, as in last week, the President went ahead and deployed into Germany, high-speed, short-range missiles that are capable of hitting Moscow within twenty-one minutes. These missiles have been deployed in Germany and they are nukes, they are nuclear weapons. I can tell you right now that the Russians are not going to tolerate that. Just that simple. They're not

going to tolerate it; it just won't happen. They're not going to do it. And so, you see now, that the Russians have moved dramatically, dramatically. They moved one hundred and fifty thousand troops (150,000) to the Eastern border of Ukraine. Ninety thousand (90,000) troops to the Northern border of Ukraine, coming down from Belarus. Some forty thousand (40,000) troops preparing to stage a beachhead in the Southern part of Ukraine.

The President of Ukraine has come out and announced, and told Europe two days ago, prepare for war with Russia. Three days ago Russia cut the underlying internet lines to Norway that would allow, Western intelligence to track the departure of Russian subs. So, whether or not that line has been repaired, they were down for a while. That allowed all the Russian subs to get out. They wanted to get out and they are out. They are in the ocean without being tracked. Some of those subs include the slow moving drone subs that carry with them a two hundred megaton nuclear weapon. Now, a two hundred megaton nuclear weapon, the largest nuclear weapon ever detonated was called Tsar Bama that the Russians detonated. Which was estimated to be about four hundred and fifty-eight (458) kilotons, that is to say, one half of megaton. This is a two hundred (200) megaton weapon should it detonate in the ocean; it will force a one thousand foot tsunami to whatever coastline it's detonated from. The Russians also have deployed and it's in service right now. A hypersonic missile carrying a seventy-five thousand (75,000) pound or seventy-five (75) kiloton nuclear weapon that moves at over twelve thousand (12,000) miles per hour that circumnavigate the entire earth. In other words, they have first strike capability, and they have first strike capability with EMP's

The Chinese have similarly, in fact, the Chinese launched a missile that went completely around the earth at hypersonic speeds that shocked the Pentagon. We have had continual failures in trying to launch our own hypersonic weapons. In the meantime, the Chinese have bumped a sub in the South China Sea and forced it into dry dock with needing repairs, because the Chinese were able to sneak up on a American sub. Chinese are building aircraft carriers, and they are in total war production. Now, in terms of the escalation to build nuclear weapons. They built targets in the desert that look conspicuously like aircraft carriers for the purposes of training their missiles to strike a carrier. They have amassed thousands of pieces of artillery and tanks, right across from Taiwan. Joe Biden went to Beijing to ensure Xi Jinping that he would have no intention of defending Taiwan.

With that being said, we know also that the dictatorships, the absolutely unbridled fascist, horrific dictatorships in Australia and New Zealand, which need to be denounced. The United States should sanction both those countries, and we should completely abandon them as allies. Cut off all trade with them entirely. Until those Governments are gone. Those two dictatorships are imposing unbridled controls, as they are in Great Britain, as they are in Western Europe, including Austria and Germany. You used to be able to buy and sell but you can't do it anymore. Now, with this happening, you can see that the sending of the sword is right here at the precipice. We have an incredibly weak, incompetent, deranged and demented Leader. We have obviously a demented Congress who's not smart enough to replace him, because he's the best

they have. We have put out signals of massive weakness. And because we are perceived as being incredibly weak right now, war is virtually a certainty. It's virtually a certainty. And so the sending of the sword is coming. Alright, let's continue.

Famine and the withholding of rain

Famine knocking at the door of 41 million worldwide, WFP warns - https://news.un.org/en/story/_/2021/06/1094472

2021 is going to be a bad year for world hunger <https://www.un.org/en/food-systems-summit/news/2021-going-be-bad-year-world-hunger>

The current drought is worldwide. Here's how different places are fighting it. <https://phys.org/news/2021-07-current-drought-worldwide.html>

Now, famine, and the withholding of rain is also something that is predicted. There have been a lot of Code Searcher guys who have said, including Chris Rea, that we've had seven years of plenty, and that seven years of famine begins next year. We know that the intelligencia that call themselves, you know, commie pinkos run in the United States have intentionally blocked the supply chain for being able to supply goods to virtually the entire United States, California being the worst offender. Now those ships are offloading in Texas and in Florida, and in other ports, up in Tacoma, they're not offloading in California. Nonetheless, notwithstanding the intentional blocking of the supply chain by the ignoramus that we call the Federal Government. Famine is knocking at the door and the withholding of rain.

Keep in mind that we've had massive volcanic activity this year, including La Palma which by the way, is not finished. Even though the powers that be believe La Palma is not finished. It's not finished. They've had some major earthquakes with major magma moving underneath that island, again. We also see major magma moving along the Cascadian fault underneath five volcanoes, that there's substantial magma movement going on there. We see that with all this volcanic ash that's in the air, this has a decanoin effect on the climate. In fact, there's more CO₂ that came out of this Cumbre Viejas, the volcano on La Palma than mankind has created in history.

Now, let's see the Pope stop that climate change with his edict. No, it's not about stopping the production of CO₂. It's about curtailing you calling your carbon footprint, a criminal act, and

granting you a life license at the privilege of the elite. You can only live with their permission, you don't have a right to life, you have their permission to live, as long as you're not a carbon footprint criminal who is exceeding your carbon footprint. We have to understand that this climate change is absolute bogus nonsense. It is about worldwide authoritarian control, and has nothing, nothing to do with the climate.

For those of you who are young people, but say, well, we need to save the environment. First of all, you don't want to save the environment, you want to save the Eco System, not the environment. The environment can be downtown LA paved in concrete, steel, and glass. That could be the environment. You are talking about saving the Eco System. You cannot save the Eco System from events that are caused by **YAH** himself. You cannot save the Eco System from CME's that are coming off the face of the sun. You cannot save the Eco System from volcanoes unless you think you can stop a volcano from erupting. Good luck. Maybe Bill Gates got an ego big enough to think that he thinks he could do it. But the fact is, you can't stop these things. These are the things that create Climate Change on the earth, not somebody driving an SUV, not somebody using hairspray. That stuff is absolute nonsense.

Furthermore, if you think the population is too great, you could wipe out one hundred percent. But five hundred fifty million (550,000,000) people living in North America, you could wipe them out entirely. Completely depopulate the entire continent, and those five hundred fifty million (550,000,000) people will be reborn in India and China in five years. So, who are you talking about when you say the world is too populated? Well, you must be talking about China and India. And guess what China has heard it, they know who you're talking about. They know who you're talking about when you say the earth is too populated. I can guarantee you even the pollution that's going on in China, which by the way, is an unbridled Eco System polluter like no other on earth, to the extent that they had to shut down all their factories, so people could breathe enough to have the Olympic Games in Beijing.

Do not think that anybody in this country the Pope or anybody else in his Laudato Si intends on doing one thing to stop China from its pollution of the Eco System. No, it's about controlling those who broke away from Rome. That's what it's about.

These are just three websites. You can check on them if you want, dial them in. Pull them up if you want, and you'll see that all of these guys are reporting the same thing. The Euphrates is down. It's not a river. It's trickle. And it's kind of like what you see in California, Lake Shasta is now a creek. It's not a lake it is a creek. Orville is a creek. And of course, Lake Mead, behind the Hoover Dam, a creek.

Earthquakes and terrors.

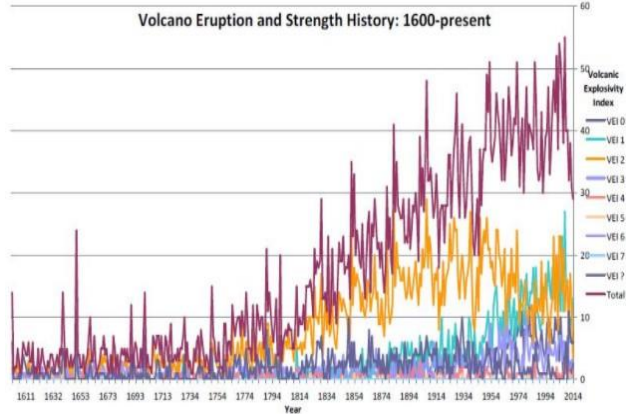

Here's an interesting chart. Earthquakes and terrors. So here is a chart showing, this is from the USGS, worldwide deadly and destructive earthquakes between magnitudes six and eight. Now this is only through 2014. But believe me, these numbers have increased in the last five years. Look at that in 1901 In fact, if we look at this, well, let's do a couple of let's do a couple of graphics on this. If we can let me see here to do, let's annotate a little bit. Yeah, let's do a couple of graphics on this.

So, we have got here, here's the Global Warming graphic that you saw from Al Gore. If the temperature is here in April, and then it gets here in August, well, that projects that temperature is going to be here. By the time we get to, 1950, whatever, it is obviously. ludicrous. But let's go back. And let's take a look at what this graph does look like. What is it showing us? Look at this right here, Look at this right here. That's beyond exponential growth, And you could kind of trend it out. If you want to, you can trend it out and say, Okay, well, we got this, right, we have this. We have this. We have this. We have this. Those are kind of the trends. But what do you have to say about this? What can you say about that? Well, that looks like beyond exponential growth. That's beyond exponential growth. There is something inordinate happening on the earth, that is creating a substantial increase in earthquakes around the world. See here.

The Sickle

Earthquakes and terrors.

How about some volcano eruption, and strength history? Up 1600%, Hmm. Well, that's interesting. This chart here, of course, is going to give us something that goes all the way back to 1611. We've had some interesting, inordinate events here at 1653. We've had some in 1794. But look at the continual stream. Look at the continuous stream here. Let's just kind of graph the average here Through this. You see that? Well, I would say that those earthquakes and terrors have been increasing dramatically given that they're up 1600%. Let's continue.

The Sickle

A multitude of specters and attacks of the Shediym

Now, this is just one of many, many images I have seen. A multitude of specters and attacks of the Shediym, there had been many, many images. In fact, I saw unbelievable image of the fire erupting at Cumbre Viejas, La Palma. Showing this Satanic Demon with the horns, on his head a crown, and gold necklace around his neck, and so on and so forth. There have been many images of Satan and demons coming out of the smoke comes out of these volcanoes as they erupt. This is just one cloud cover. One cloud cover one of many, many. And I know many of you have seen him and may have much to share concerning that. But we see a multitude of specters and the attacks of the Shediym.

Well, when we are talking about attacks of devils, I think that the whole world is under the attack of the Shediym right now. Under the attack of Ha'Satan as has certain leads this AI movement that these people who have **YAHUAH**, are fully in their hands. Who are doing the plans Ha'Satan is set on to do what? Lie, accuse, steal and murder, steal, and murder. That's what Ha'Satan does is he steals and murders.

The Sickle

The fall of fire.

The fall of fire. Now, here's an image depicting a Directed Energy Weapon. Now, I'm going to share this with you. A lot of people are going to say, that can't be true. I'll just share with you what I have heard. I know many of you have heard this. That the fires in California appeared very inordinate, because you would have things like a metal bridge over a creek that had melted into the creek with the trees on either side of the bridge, still intact. No fire whatsoever. Where you had restaurants burn to the ground with such intense heat that the grill, the grill melted into a heap of molten metal. Yet the trees around those buildings which were few and far between, had not caught fire.

So, you have strange stuff there, strange evidence of Directed Energy Weapons. Many people have said that they believe Directed Energy Weapons have been used more than once in the State of California to burn out people that have no business living in the agenda 21 rural areas. Who instead need to flee to the anthill over a train track in an urban area, as designed and required by the likes of Henry Kissinger. By the likes of George Soros. By the likes of more Morrie Strong, By the likes of Mikhail Gorbachev. By the likes of Prince Philip, all who have decided that mankind is an ant that needs to live like a serf, while they enjoy the comforts and resources of earth. In fact, Jeff Bezos even said it. That we as the leader are going to live up in space and we'll come down to a depopulated earth, where we can play around, and have a lot of fun on a depopulated earth. Little does he know that Bozo, that when he gets down here on the earth, guess what? The earth is not a tame environment. The earth is not a park. The earth is a place that is occupied by wild animals and beasts. And the earth has its own dynamic Eco System. And you think you're going to be able to just come down here and do what you ever you want. When you know nothing. You're going to be living up there staring at a computer living in your virtual world. I doubt seriously it lasts more than twenty-four hours anyway.

The Sickle

Wickedness and unchastity.

20 Woe unto them that call evil good, and good evil; that put darkness for light, and light for darkness; that put bitter for sweet, and sweet for bitter! 21 Woe unto them that are wise in their own eyes, and prudent in their own sight! 22 Woe unto them that are mighty to drink wine, and men of strength to mingle strong drink: 23 Which justify the wicked for reward and take away the righteousness of the righteous from him! 24 Therefore as the fire devours the stubble, and the flame consumes the chaff, so their root shall be as rottenness, and their blossom shall go up as dust: because they have cast away the Torah of Yahuah Tseva'oth, and despised the Word of the Holy One of Yashar 'el. 25 Therefore is the anger of Yahuah kindled against his people, and he has stretched forth his hand against them, and has smitten them: and the hills did tremble, and their carcasses were torn in the midst of the streets. For all this his anger is not turned away, but his hand is stretched out still.

Yesha'yahu (Isaiah) 5:20-25

Here is Yesha'yahu Chapter 5:20-25.

YESHA'YAHU (ISAIAH) 5:20-25:

“20. Woe unto them that call evil good, and good evil; that put darkness for light, and light for darkness; that put bitter for sweet, and sweet for bitter!

21. Woe unto them that are wise in their own eyes, and prudent in their own sight!

22. Woe unto them that are mighty to drink wine, and men of strength to mingle strong drink:

23. Which justify the wicked for reward...”

Now, did you hear that? justified the wicked for reward,

“23. and take away the righteousness of the righteous from him!..”

You better believe it. That's what's going on.

“24. Therefore as the fire devours the stubble, and the flame consumes the chaff, so their root shall be as rottenness and their blossom shall go up as dust: because they have cast away eth-the Torah of **YAHUAH TSEVA’OTH**, and despised eth- the Word of the Holy One of Yashar’el.

25. Therefore is the anger of **YAHUAH** kindled against his people, and he has stretched forth his hand against them, and has smitten them: and the hills did tremble, and their carcasses were torn in the midst of the streets. For all this his anger is not turned away, but his hand is stretched out still.”

We talked about what do they call evil good, and good, evil, and put darkness and light and light for darkness. We know that this is the case now in the United States. This is very much the case in the United States. As the Government's advance Critical Racism teaching in the School of CRT, Critical Racism teaching. You know, they've been teaching racism for a long time in the public schools. When you teach Darwin. The Origin of Species by means of natural selection, or the preservation of preferred races in the struggle for life. That's the name of his book. Look it up. That's the name of his book. They have been teaching racism in public schools since the 1860's.

Because when they started teaching Darwin, that's racism. But Critical Racist Theory that they're teaching now is designed to say, the poor African American, or the poor Black American, who may not have any roots in Africa whatsoever. But may be indigenous to North America, maybe Aboriginal to North America. They're saying you are inferior. Because they want to impose segregation again. Let me explain something to you so you know. When the United States was formed, it was Democrats that opposed the Constitution, that was going to liberate all men. Instead insisted on slavery being retained in the Constitution. Democrats, it was Democrats that started a Civil War in order to maintain slavery. After the Civil War was lost. Democrats holding the Supreme Court bench in the case of Plessy versus Ferguson instituted segregation. They did it, and you know why they did it? Because as soon as the Black American family had an equal footing with everybody else in this country, they started succeeding just like everybody else. Just like that, we can't have that, we can't have that, we can't have that. So, instantly comes separate but equal. Then when we get to the Board of Education, Brown versus Board of Education, 1954, guess who opposed it? Democrats.

When we get to the 1964 Civil Rights Act, the Democrats in Congress voted unanimously in opposition to that Act. When they lost that Act, they then created the war on poverty, to enslave the black family in the welfare state. And now Critical Race Theory intends to impose segregation again, at the hands up these racist dogs that have always been racist. Whose leader

was Robert Byrd, the KKK Grand Wizard. Who, by the way, was the chief mentor for Hillary soon to be President Clinton. You can't deny these facts, they're just flat facts.

The Sickle

Confusion from the mingling together of all those things aforesaid.

Confusion from the mingling together of all of those things aforesaid. Well, of course, they have been. You have had rogue Federal Agencies who have sown the seeds of chaos in the United States since their inception, following World War II. Their goal was to sow chaos, to sow social discord, and to try to destroy the homogenous culture of the United States. In order to create a quote unquote, "diverse culture." There's more than one truth. There's more than one **YAHUAH**, there's more than one Creator.

There's a diverse truth. There's a diverse population. You people don't deserve to have your own country, other people should have your country, deserve to have the wealth you made. Other people deserve to have the wealth you made. You don't deserve to keep the infrastructure you built with blood, sweat, tears. Other people get to keep that infrastructure, not you. Why not you? Because you need to be diverse. Confusion from the mingling together of all those things aforesaid.

In Ivriyth: (לָמָּה) maggâl H4038

In Greek: (δρέπανον) drépanon G1407

In Italian:

Falce

(Pronounced fahl-chay)

Let's look at this sickle. In Ivriyt the word is “Maggal,” this is why some people when you look at the Dead Sea Scrolls, you see “Megillah” or “Megilloth,” which of course means roll, not a

scroll. Scroll has got two handles; a roll has got one hand pull it. Pull up the paper this way, one handle, roll, pull out the parchment, scroll to hands, roll it out. So, we said, "Megillah," "Megilloth." Megillah would be roll, but the word for the sickle is Maggal, H4038. Now, in Greek "Drepanon." But in Italian, the word for sickle is Falce That's the word.

The Sickle

*8 And there followed another angel, saying: Babel is fallen, is fallen, that great city, because she made all nations drink of the wine of the wrath of her fornication⁹ And the third angel followed them, saying with a loud voice, If any man worship the beast and his image, and receive his mark in his forehead, or **in** his hand, ¹⁰ The same shall drink of **the wine of the wrath of Elohiym** which is poured out without mixture into the cup of his indignation; and he shall be tormented with fire and brimstone in the presence of the holy angels, and in the presence of the Lamb:*

Chizayon (Revelation)14:8-10

Now, we are going to see that this sickle was prophesied. And we are going to see how it was prophesied. Also, we are going to see what it is that the sickle harvests. And they're following another angel. This is out of Chizayon Book of Revelation Chapter 14:8-10.

CHIZAYON (REVELATION) 14:8-10:

"8. And there followed another angel, saying: Babel is fallen, is fallen, that great city, because she made all nations drink of the wine of the wrath of her fornication.

9. And the third angel follow them saying with a loud voice, If any man worship the beast and his image, and receive his mark in his forehead, or in his hand,.."

not on his forehead, or on his hand, but in his forehead, or in his head. That is to say, you decide, and then you act, you decide it's in your forehead, and then you act and put it in your hand.

"10. The same shall drink the wine of the wrath of **ELOHIYM**, which is poured out without mixture into the cup of his indignation; and he shall be tormented with fire and brimstone in the presence of the holy angels, and in the presence of the Lamb.

Now, it's interesting because this term indignation is also found in the Book of Yirmeyahu, Jeremiah. The Russians happen to call their EMP. indignation. That's its name. An EMP that they

can put over the United States and destroy the entire electric grid in one shot before they do other things. They could do it without us having any defense to it whatsoever.

The Sickle

14 And I looked, and behold a white cloud, and upon the cloud one sat like unto the Son of Adam, having on his head a golden crown, and in his hand a sharp sickle¹⁵ And another angel came out of the Temple, crying with a loud voice to him that sat on the cloud: Thrust in your sickle, and reap: for the time is come for you to reap; for the harvest of the earth is ripe. ¹⁶And he that sat on the cloud thrust in his sickle on the earth; and the earth was reaped.

Chizayon (Revelation)14:14-16

CHIZAYON (REVELATION) 14:14-16:

“14. And I looked, and behold a white cloud, and upon the cloud one sat like unto the Son of A’dam, having on his head a golden crown, and in his hand, a sharp sickle.

16. And another angel came out of the Temple, crying with a loud voice to him that sat on the cloud: Thrust in your sickle, and reap: for the time has come for you to reap; for the harvest of the earth is ripe.

17. And he that sat on the cloud thrust in his sickle on the earth; and the earth was reaped.

The Sickle

*And another angel came out of the Temple, which is in heaven, he also having a sharp sickle¹⁸ And another angel came out from the altar, which had power over fire; and cried with a loud cry to him that had the sharp sickle, saying: **Thrust in your sharp sickle, and gather the clusters of the vine of the earth; for her grapes are fully ripe.**¹⁹ And the angel thrust in his sickle into the earth, and gathered the vine of the earth, and cast it into **the great winepress of the wrath of Elohiym.***

Chizayon (Revelation)14:17-19

CHIZAYON (REVELATION) 14:17-19:

“17. And another angel came out of the temple, which is in heaven, he also having a sharp sickle.

18. And another angel came out from the altar, which had power over fire; and cried with a loud cry to him that had the sharp sickle saying: Thrust in your sharp sickle and gather the clusters of the vine of the earth; for her grapes are fully ripe.

19. And the angel thrust in his sickle into the earth, and gathered the vine of the earth, and cast it into the great winepress of the wrath of **ELOHIYM.**”

So, when we talk about this sickle, and the harvest. What is being harvested? What is being harvested, is back here.

The Sickle

13 Put ye in the sickle, for the harvest is ripe: come, get you down; for the press is full, the fats overflow; for their wickedness is great. 14 Multitudes, multitudes in the valley of decision: for the day of Yahuah is near in the valley of decision.

Yo'el (Joel) 3:13-14

It tells us what is being harvested. It is those who have received the mark. It is those who have received the mark in the forehead or in his hand. Now, let's talk about this for just a minute, because you know a lot of the discussion that has been going on recently that the current snake bite can't possibly be the mark the MOTB because you can still buy or sell. But you can't in Australia anymore. You can't even leave your house. You can't in Germany anymore. You can't leave your house. You can't in France without the passport. You can't in Australia as of last night or the day before. You can't in New Zealand, you can't in Canada. You can't in Northern Ireland.

This is what is gathered into the great wine press of the wrath of **ELOHIYM**. For those of us who are looking for some good news, there is something that comes out of the book of Yo'el. We're going to get to that.

The Sickle

20 And the winepress was trodden without the city, and blood came out of the winepress, even unto the horse bridles, by the space of a thousand and six hundred stadion.

Chizayon (Revelation) 14:17-19

But here in Revelation it says,

CHIZAYON (REVELATION) 14:20:

“20. And the wine press was trodden without the city, and blood came out of the winepress, even unto horse bridles, by the space of a thousand and six hundred stadion.”

Now this is actually a prediction as to how many people will perish. Because you can measure it out, you can measure out how much blood would cover one thousand by six hundred: stadion. You can measure it out and it will tell you how many people it is. I'm not going to get into it right now.

The Sickle

And I saw another sign in heaven, great and marvelous, seven angels having the seven last plagues; for in them is filled up the wrath of Elohiym. 2 And I saw as it were a sea of glass mingled with fire: and them that had gotten the victory over the beast, and over his image, and over his mark, and over the number of his name, stand on the sea of glass, having the kithara of Elohiym.

Chizayon (Revelation) 15:1-2

CHIZAYON (REVELATION) 15:1-2:

“1. And I saw another sign in heaven, great and marvelous, seven angels having the seven last plagues; for in them is filled up the wrath of **ELOHIYM...**”

This is the end of the wrath of **ELOHIYM**.

“2. And I saw as it were a sea of glass mingled with fire: And them that had gotten the victory over the beast and over his image, and over his mark, and over the number of his name, stand on the sea of glass, having the kithara of **ELOHIYM.**”

This word kithara, which is found in Revelation, is found in the Cephher is the word that actually appears in Greek. It's translated as harp in English. But we decided to go back to the Greek word because I think it's kind of obvious what they're talking about. When they say kithara, it's probably a Gibson Flying V, or possibly an explorer, maybe a Stratocaster, or then again, might have been an acoustic do. But anyway, it's a kithara, not a harp.

The Sickle

And they sing the song of Mosheh the servant of Elohiym, and the song of the Lamb, saying: Great and marvelous are your works, Yahuah Elohiym Tseva'oth; just and true are your ways, King of the qodeshiym. 4 Who shall not fear you, O Yahuah, and glorify your name? For you only are holy: for all nations shall come and worship before you; for your judgments are made manifest.

Chizayon (Revelation) 15:3-4

CHIVAYON (REVELATION) 15:3-4:

“3. And they sing the song of Mosheh, the servant of **ELOHIYM**, and the song of the Lamb, saying: Great and marvelous are your works, **YAHUAH ELOHIYM TSEVA’OTH**; just and true are your ways, King of the qodeshiym.

4. Who shall not fear you, **O YAHUAH**, and glorify your name? For you only are holy: for all nation shall come and worship before you; for your judgments are made manifest.”

Hallelujah.

The Sickle

15 The sun and the moon shall be darkened, and the stars shall withdraw their shining 16 Yahuah also shall roar out of Tsiyon and utter his voice from Yerushalayim; and the heavens and the earth shall shake: but Yahuah will be the hope of his people, and the strength of the children of Yashar'el. 17 So shall ye know that I am Yahuah Elohaykem dwelling in Tsiyon, my holy mountain: then shall Yerushalayim be holy, and there shall no strangers pass through her anymore.

Yo'el (Joel) 3:15-17

Now Joel is going to finish off his discussion here in Chapter Three with the following verse. And I think it's a very good verse because it's going to show you and demonstrate to you the power of **YAHUAH**. Who does what he desires to, and nothing will stand in his way. Who is any man to judge with second guess **YAHUAH**, or for that matter, any angel? Chapter 3:15:

YO'EL (JOEL) 3:15:17:

“15. The sun and the moon shall be darkened, and the stars shall withdraw their shining.

16. **YAHUAH** also shall roar out of Tsiyon and utter his voice from Yerushalayim; and the heavens and the earth shall shake: but **YAHUAH** will be the hope of his people, and the strength of the children of Yashar'el.

17. So shall ye know that I am **YAHUAH ELOHEYKEM** dwelling in Tsiyon, my holy mountain: then shall Yerushalayim be holy, and there shall no strangers pass through her anymore.”

Keep in mind that Tsiyon is not necessarily a geographic place, but rather, it is a place where you have a cloud of smoke by day or a pillar of fire by night. That is showing you, his leadership. It's a guided place. Yerushalayim is a place of safety. It's a place of safety. There should be no strangers pass through there anymore. It's my it's his holy mountain. Yerushalayim shall be whole, and no strangers shall pass through it.

The Sickle

18 And it shall come to pass in that day, that the mountains shall drop down new wine, and the hills shall flow with milk, and all the rivers of Yahudah shall flow with waters, and a fountain shall come forth of the house of Yahuah and shall water the valley of Shittiyim 19 Mitsrayim shall be a desolation, and Edom shall be a desolate wilderness, for the violence against the children of Yahudah, because they have shed innocent blood in their land. 20 But Yahudah shall dwell forever, and Yerushalayim from generation to generation 21 For I will cleanse their blood that I have not cleansed for Yahuah dwells in Tsiyon.

Yo'el (Joel) 3:18-21

And beginning of verse 18,

YO'EL (JOEL) 3:18-21:

"18. And it shall come to pass in that day, that the mountains shall drop down new wine, and the hills shall flow with milk, and all the rivers of Yahudah shall flow with waters, and a fountain shall come forth of the house of **YAHUAH** and shall water the Valley of Shittiyim.

19. Mitsrayim shall be a desolation, and Edom shall be a desolate wilderness, for the violence against the children of Yahudah, because they have shed innocent blood in their land.

20. But Yahudah shall dwell forever, and Yerushalayim from generation to generation.

21. For I will cleanse their blood that I have not cleansed: for **YAHUAH**, dwells in Tsiyon."

Hallelujah. Amen. Okay, brothers and sisters. I hope that you guys have been able to catch this message is my hope. If we have some questions, let's go ahead and dial in those questions and we'll see what we can do. Now. I'm glad you guys are with me tonight. And by the way, while you are dialing in your questions allow me to say a prayer. because I didn't pray the opening and I need to pray now.

YAHUAH TSEVA'OTH, El Qodesh echad Yashar'el, Shema ha'tehilliyim'nu ha'tephilla'nu (our praises and our prayers), **YAHUAH TSEVA'OTH** would, hear our prayers, hear the prayers of your people. We come to you, and we lift our prayers to you now Father, knowing that in this situation that we entered this world, we seem to be among the conservation of the times. That

confusion reigns upon us, and that these things have come over us. Whether it be famine, whether it be war, whether it be the great plagues, whether it be a confusion of mind. Whatever these things are, that are happening, that evil is called good and good is called evil. Your recompense is with us in your hand draws near. And we know Father that you are watching this earth and have not forgot us, even though for many, it feels hopeless. It feels like you have left us alone. It feels like there is no justice concerning the wicked. We ask the question that David asked, Why the wicked prosper so, and another day goes by, and another scheme is launched. Another scheme is launched to hurt more and more of your people, Father to take innocent blood into the supplies. We see it happen all over the world now. Really horrid things. And yet no one is willing to call it out and those who have taken reward to side with those who are doing this Father, may you call them up my name. Father, we pray now, we pray. We pray for the complete destruction of the Government that is in Australia right now. That you would remove it from power, and that you would convict those people who are in leadership there, of their egregious sin against their nation. Against their families. Against their legacy. Against their children. Against their name. Against their grandparents. Against the history of that nation. Point out to them their egregious sin, Father, and remove them from power.

And we pray the same in New Zealand Father, that you would remove the leadership from power in New Zealand. Strike them from power, remove them entirely. That they may in fact, walk the streets in poverty with no home, and a tin can in their hand asking for donations for what they have done to their own nation. Remove them from power. We pray for the same in the nation of Canada. That you would remove the Government in Canada. Strike it down entirely, remove it from power, and give it no more authority over the nation of Canada, Father. That you might redeem your children in that nation. We pray the same in Ireland, the same in Northern Ireland, and in Scotland, and in Wales and in England, and in France and Spain and Germany and in Austria. And Italy.

You would remove those Governments from power, bring them to naught, bring scandal upon them. Destroy their legacy as they have destroyed yours. Destroy their history, as they have destroyed yours. Redeem your people **YAHUAH**, you redeem your people. Redeem your people. We call upon you in the name of **YAHUSHA**. We call upon you in the name above names. We lift up the name of **YAH** over this world knowing that you here you are **YAHUAH** who hears his people. Set the captives free **YAHUAH**. Set the captives free and let your people go. Amein.

Well, when I pray that the Father's will be done, because we're trying to influence the Father's will. We cry out knowing that he is **YAHUAH** who hears.

QUESTIONS AND COMMENTS:

CAROL LYNN: Are the Jesuits in charge of all illuminati groups worldwide?

DR. PIDGEON: Well, they appeared to be now because they have a Jesuit leader sitting in the Vatican. And that appears to be the case and they were the groups that organized the overthrow of czars in Russia. Which then led to World War I, which led to a century of brutal war and murder throughout the world.

PIXIE FROM DIXIE: How about innocent children that are given the zap against their will? Won't **YAH** save them?

DR. PIDGEON: Yes, when we talk about the children that are suffering from the snake bite, and be you know, what can I say? I mean, my heart breaks when I see, you know, the thirteen year old's and fourteen year old's and in hospitals and suffering from myocarditis, pericarditis. It's just I just I can't deal with it. I have a hard time dealing with it. It's very hard to deal with it.

CHAVAH SHALOM STACY L: The graphs that were presented re: earthquakes and volcanoes, could it be that we have that data because people didn't have the technology to know what was going on, on the other side of the earth?

DR. PIDGEON: Well, I mean, that's possible, too, although there is a record. There is a record that can be determined. You can determine a geological record Paleo record, you can do so by, for instance, examining ice in Greenland or the ice in Antarctica, because you can drill down into centuries in those cases. You can also pull out trees, and you can look at trees and see what's what the history is inside trees when you're dealing with trees that are thousands of years old.

TEE JO: Dr. P please explain more about the people and the sea of glass?

DR. PIDGEON: The sea glass, of course, is a description of what's going on in Shamayim in heaven. The people that are there are people that had been martyred for the name of the **YAHUAH** who are calling out. So, it's a very important group. Some of us will be there, some of us won't. But that's who it's talking about.

SABIORS SKIES7: Do you believe the eagle spoken of in 2 Ezra is speaking of America?

DR. PIDGEON: I think part of it is. When you're talking about the eagle, it looks like a three headed eagle initially, and then the two heads devour the center head. Then ultimately, there's only one head remaining, and even that dies of the twelve feathers and so forth. Yeah, all of that is, you know, all of that is prophetic. And I think it does talk about it talks about a very interesting set of empires, actually, because you go from PAX America, or you go from, excuse me, Pax Byzantium, which the Byzantine Empire, the Eastern Roman Empire, created in 325 AD, and held power until 1453 AD.

Then that was replaced by the British Empire, which was the largest empire, sun never set on the British Empire. It ended in 1952, with the death of King George, followed by Pax Americana. So, you can study that and compare it to this three headed eagle that's discussed in in 4 Esdras.

It's a great study and certainly worth reading. But don't settle on one person's interpretation. Do yourself a favor of looking at it, reading it and see what you think.

HEAVEN 77: Is Islam part of the beast? Are you aware of the twelve son's that Ishmael had?

DR. PIDGEON: I am aware of the twelve sons that Ishmael had. And the question is, how much does Islam factor into the beast system. I think it does factor in, but I think there are many people who believe that Islam is now completely controlled by the Pope. There is a temple that is going up in Dubai, I believe that's going to be a three building temple that is going to be Jewish, Islamic and Catholic, centered there in that area. Which is going to be the temple of all nations. Now, it's interesting, they would build in Dubai and not Jerusalem. Remember that the area that is called Jerusalem, Yahuchanon in Revelation does not refer to it as Jerusalem, he refers to it as Sodom and Egypt, and where **MASHIACH** was crucified. Interesting point. So now all of a sudden, we're not interested in doing anything in Jerusalem in the nation of Israel. We're interested in building this trinity of a temple to unite three World Religions, Which does not provide three World Religions, you forgot about the religion of communism, you forgot about the religion of the LGBT, which is a religion now. Whose flag has achieved dominance in Western world. You forgot about the religion of Confucianism and Taoism, and Falun Gong, and Hinduism. There are many more people that practice Hinduism than then practice Judaism, that's for sure. But they've got a temple that they're going to build to this Tripartite System in Dubai. And so that's what we have.

TEE JO: What an exciting time to be alive.

DR. PIDGEON: Yeah, no kidding.

EDITH CISNEROS: What are your thoughts about the Beaver lunar eclipse that is to occur today?

DR. PIDGEON: I believe it occurs tonight around midnight. Yeah, this is going to be a very interesting Eclipse because again, it's a blood red moon. It is an eclipse that is going to be one of the longest eclipses in centuries. Now, this foretells an extended judgment if you will. I think that's what it's going to be. I think you're going to see some very, very interesting things happen in terms of famine. So, some people have said, you're negligent if you don't warn. If you don't warn concerning preparing yourself. you're not going to be able to prepare yourself by buying reserved food or dried food. You need to prepare yourself by building a co-op with your friends that you can trade with. You need to prepare yourself by being in a community of friends that have diverse skills. You need to prepare yourself by gardening. You need to prepare yourself by getting some chickens. You need to prepare yourself by being able to live off grid, if need be, when the electric system goes down. You want to be someone who can survive, and you can survive in a community. And one of the things we're talking about here is that we're also talking about the potentiality, of building a stockade. Something to think about right, something to think about to build a stockade.

EVETTE C: Please speak to the DIVERSIONS and DISTRACTIONS amongst the Messianic Torah keeping community.

DR. PIDGEON: Yeah, you know, thank you for bringing that up. You know, it's a difficult discussion, but it is a discussion that needs to be had. I don't think that we have the time to afford to be discussing things that are not centered around the gospel, and the Torah. Because we are going to be called into unity. Number one, we're going to be called into fellowship. We're going to be called into a situation where we're going to have to live with one another because we may be all that's left. And when that happens, you can't sit here and live the life that we have in America. In America look, the more secular, I talked about this earlier in the show. That we saw that the secularization of the State in the creation of the Constitution, revolt resulted in multiple points of view. Well, my God is as good as your God. My views are as good as your views, my blah, blah, blah, everybody has a view.

But the thing by doing that, what happened? You have a bunch of people who get together and rebuke each other, because you don't have the same number of angels on the head of a pin that I do. You can't do that. It's one thing to have a discussion, it's one thing to reasonable minds to disagree. But I can tell you, when you go down the path of arguing over a non-salvation issue, what you're going to do is you're going to avoid the fact that you have a duty to start concentrating on how you're going to rebuild, after this nation is destroyed, and no more. How are you going to rebuild? What's your concept?

Do you have some kind of structure that's going to protect human rights? You have some kind of structure that is going to ensure that **YAHUAH**, is going to be supreme in this coming social order? Do you have the means by which you call others into morality? And what is the justification for that, all of these things become critically important. If you spend your time talking about nonissues, then we're not going to be able to focus on where we need to be. Which is to focus on how we're going to rebuild, the need to start thinking about that. I may not be here; I may be here. If I'm here, I'm going to have a whole ton of ideas for what we could do to build. But we need to focus on rebuilding, and we need to rebuild. If you built a car, and you decided, I'm going to use a plastic crankshaft. Because plastic is cheap, it's light, and I can put in a billion of them. And every car you built, that crankshaft busts in half in the first five minutes that you have the engine running. Then all of a sudden, your business folds.

So, you decide I'm going to build a new business. Are you going to put a plastic crankshaft back in that car? No, you're not going to do that. It's the same thing here. If we cannot identify what went wrong with America, we're not going to be able to fix it. There is nothing more insane than doing the same thing over and over again and expecting a different result. We cannot go down the Masonic again. We cannot go down the secular path again, that allows a class of Government people to exploit the righteousness of the social order which they Govern. That can't happen. It can't happen. We need to be a mod genius people, have one faith, one idea of one language. We need to group together to build a righteous society, not a wicked society.

There's so much wickedness right now. Trying to get a, it's like, imagine if you go into a cafeteria, and the cafeteria is filled with every kind of food there is on earth, so much. You can't even walk across the floor without stepping on food. That's not the social order you can live in, you have to live in a social order that has, you go to some of these homogeneous countries, they eat the same thing. You go to Israel; they all eat the same thing. You go to Greece, the same thing. You go to Spain; they eat the same thing. And it's something that we have to think about, because the diversity is going to go away, and homogeneous country is going to come out of that. What is that country going to be? Start concentrating on that and leave off, The fish Island stuff? I'm going to leave it at that.

CONCERNED VIEWER: Is the Geoengineering of the weather a factor in a famine for food?

DR. PIDGEON: Thank you for that question. The answer is yes, it is. When you start spraying barium from the skies, like has been going on for years at the hands of the US Air Force. Now, some of it, I think, was rat control. But I think a lot of it was designed to put metal in the air above cellphone systems that would allow cell phones to function. In other words, if I've got a lot of metal, particularly in the air, and I'm using a cell phone, or my cell phone bounces off that particular cell tower. Now people don't people have no idea what they were sacrificing to get their smartphone to function. They have no idea if you could see the cell phone frequency that's coming off all the phones, you realize where all the pollution is, it's right there.

But the geoengineering Yeah, the geoengineering is doing things like causing drought. I think it is causing a crop failure in some areas. And it's causing a ton of other things. But is the geoengineering sufficient to change the climate? No. Is the geoengineering sufficient enough to stop a volcano? No. Is it sufficient enough to repair the electromagnet magnetosphere? No. Is it sufficient enough to stop the CMA from coming into the earth? No. It can't stop any of those things, can't change any of those things. It can affect local weather, and if you unplug the dams, and you let all the freshwater flow out into the ocean, then don't be surprised when the lake behind the dam is dry. That's, I guess you could call it geoengineering. But that's what happens.

DEBORAH ARNOLD: Will the 45th President raise his head again?

DR. PIDGEON: The answer is no. He's not going to raise his head again. wouldn't it be nice if we could all say, Gee, he's going to be coming back and blah, blah? The answer is no, he's not going to come back. He had more authority on November 4th, than he did on December 20th. He had more authority on December 20th, than he did on January 5th. And on January 6th he lost all authority. So, he's way behind the eight ball right now. What he can do is do what he did all four years, which is raise money. But you have to remember that this scheme that we're under right now, this planet we're in right now, was announced on September 17, 2019. And DT signed an Executive Order giving it full force and effective Federal Government in warp speed, the following day.

Now this information is going to be available to everyone. And as everyone gets it, you're going to see probably something in the range of thirty to forty percent of his support completely

managed. You have the rise of the guy, DeSantis, who's most assuredly going to take the nomination away from him. And so no, he is not going to be returned. The one you have to watch out for who's returning is likely is Mrs. Clinton. because the fact is, the Democrats are looking for a way to get rid of Mrs. Harris, who has the lowest approval rating of any Vice President in the history of the country. So, they're going to push her out and they're going to push her out in order to push in a successor to the demented one, President sniff. I can tell you, that is definitely going to happen because if you go back and you look, I was alive in the 70's (Seventies). I know a lot of you weren't, but I was. But in the 70's (Seventies) when they impeached Richard Nixon. And before they impeached Richard Nixon and they took out his Vice President Spiro Agnew. Spiro Agnew was forced out on Scandal. Then Nixon appointed Gerald Ford to be his Vice President. And he went to Gerald Ford and said, I'm going to appoint you on the condition, and solely on the condition that you will pardon me if I get impeached. And Gerald Ford agreed to that, and in fact, did pardon Richard Nixon.

And then Gerald Ford, who's really in this last Leslie Linchpin. He then appointed Nelson Rockefeller to be his Vice President, which is the only time we've had a rock in that office. And so, this is what the this is the machination, you're going to see coming up here in the very near future there will be a new Vice President, and that Vice President is going to be the one who's going to take the Presidency from Joe Biden, who seems to have a very difficult time in public with his vowels. So, I mean, that is going to be I think that's likely what's going to happen.

CK: How do we pray for the jabbed?

DR. PIDGEON: Well, I think we can pray for the snake bit. I think we should because this was the passage I shared with you out of Joel, that you know, the Yashar'e'ily. He is going to cleanse their blood when their blood was unclean. And **YAHUAH**, well can do this. You have to pray for hearts of repentance, those people who have, regret of what they have done, who believe the hype who he deceived and so forth. Those who repent and say, no, I'm a follower of **YAH**, we can pray for them. As long as they're living. We can pray for them. And we can pray for them that they would turn, and they would turn their hearts. We can pray that their blood would in fact, be cleansed. But I can tell you that the sickle has been placed in the earth.

BETHANY EPHRAIM: What do I think about Sat phones?

DR. PIDGEON: Sat phones are a nice emergency device. But you have to remember, I don't know if you guys know what's going on in space right now. But there's so much space junk up there, because Cinco Gaia's systems, that they're placing all of these receptors of the world so that they can do Cinco Gaia all over the world. That way, they can find out where you are, wherever you may be. What they're going to do with that information is beyond me, but they're going to have it. The important thing is we're going to have that information. Okay, great. Good for you. You can I guess you can play born on Bourne Identity; I don't know. But the fact is, they put so much stuff in space, that they've had to pull guys out of the International Space Station and get him into his ship. Because there was so much junk heading to space

station, they were afraid it was going to break it up. There's so much garbage in space right now. It's just a trash can out there. You know, they turned it into a Nigerian landfill. And it's going to get worse. There is satellite killers that are going up there. The Russians have got satellite killers, the Chinese have got satellite killers. And we continue to put junk on junk that we know there's about a 10% failure rate in the junk we put up there. So, we put up 10% more. So Sat phones are going to last for a little while. But not much because the whole system is going to come down.

CYNTHIA MCARTOR: Monkey pox in USA today. What is this?

DR. PIDGEON: Well, it's very interesting, because Bill Gates announced that smallpox was going to be a problem. And the following day, they found vials of smallpox in Philadelphia. So, there's lots of plans here. Bill Gates, and A.T Fauci have come out and said that the VAX has failed, it's failed. And the reason it's failed is because they tried to push on everybody, and now everybody knows what it is. By the end of next winter, everyone will know what it is and what it has done. And then that'd be the place they could run a place to hide. So now they're trying to engineer a new one. They're trying to engineer new one, but I can tell you that we've just about seeing what's going on.

DAVID REAL: Is it futile to pray for those who have passed away?

DR. PIDGEON: You are not supposed to do that. There's a passage I am thinking Second (2nd) Peter and maybe 2nd Maccabees that talks about praying for the dead. That is not an instruction from **YAHUAH**. That's not an instruction from **YAHUSHA**. So, just keep that in mind. Okay. And we're called to pray for those who are living, we really need to do that.

So, with that guys, I want to say thank you all for being here with us tonight. Thank you for joining us on this presentation of The Sickles of Ceph Academy production. And with the blessings of **YAHUAH**, I will see you next week. Thank you and good night.
