**THE END HAS COME-THE PROPHECY OF EZEKIEL**

**CEPHER ACADEMY**

**APRIL 7, 2022**

**DR. STEPHEN PIDGEON**

Good evening, my friends, and welcome to another Cepher Academy production as we discuss that which we find in Scripture. And as we compare it to the events we're currently living in—such an important topic. I must tell you that I was really not prepared to be dealing with this topic at all today. However, it came up. In fact, I hadn't prepared a single thing for this topic earlier this morning. Because I didn't know what I was going to do with anything, I had no idea. But we've managed to pull together a PowerPoint here in the last minute to look over this topic of the prophecy found in Ezekiel 7. I'm bringing up this prophecy now because I do think it arrived at a point where it is relevant. Because it is relevant, and because the prophecy is so difficult, we want to take a moment to pray to lift this up in prayer.

Before we get started in prayer, I want to thank all you brothers and sisters who have been praying for me recently; it's greatly appreciated. My Ruach is reinvigorated substantially as a result of these prayers. So, thank you, thank you so much for those prayers. But let us pray together now as we look at some of these very difficult scriptures coming before us, okay.

Heavenly Father, we give thanks to you now, **YADA YAHUAH TSEVA'OTH**. We give thanks to you, in your name, that you have done so many things on behalf of your people on the earth. And that you are going to continue to do so many things. We live in treacherous times, as you know, **YAH**, very treacherous times. And it's these times become more and more fearful, and more and more incredible, and more and more treacherous. We know that nothing is outside your scope of what you see, what you hear, what you know, and what is your will on this earth.

And we pray that your will is done on this earth, and not ours, and not the will of the dark one or the adversary, but rather your will be done on this earth. That Heaven and Earth might be one in the same in accord with each other. That we might be able to look forward to the kingdom here. With you being present in all of us, we pray that your Ruach would be present now, in this teaching in this discussion. That you would join us in all things, you would join our prayers. And join us in this discussion, that our words would fall away, and your words would remain strong. As I say, Father, we give thanks again; we get thanks as a body. That you have joined us together under your name, and call this by your name **YAHUAH TSEVA'OTH**. Hear our prayers Ba' Ha'shem **YAHUSHA**. Amen.

You can tell I'm wearing my **YAHUSHA** sweatshirt. This is courtesy of Jeremiah and Chelsea. And they're very good people doing good work. If you want to get one of those, you can pick those up at [yahusha.apparel907@gmail.com](mailto:yahusha.apparel907@gmail.com). I've noticed in the chat that we've got a number of things going on. Some discussion about the Ceper Millennium. and the Millennium in large print. Also, the library is also available. I want to be very thankful here now and express my thanks to Jessica Knock, Tina Agundez, Eileen de Stefano, Chelle Wagner, and others who are doing really hard labor behind the scenes. Ron Elston is another one that I'm going to give thanks to. People who have done hard work behind the scenes to make this Ceper available to the public and our teachings available to the public.

If you are not on Telegram, the Ceper Shabbat group is a great place to go and to run into people. And from there, you can be directed to Ceper groups that are in your own community. I think we're in 14 nations now, where you can find a Ceper group. Part of what we're doing in our ministry now, and I've had a discussion with Jessica Knock concerning this recently, is before I used to do ministry. I did ministry in Eastern Europe, where I would travel into Eastern Europe on behalf of the gospel, on behalf of Scripture, to do the work that the Ruach had commissioned me to do. Believe me; it wasn't perfect by any means. I didn't have the slightest idea what I was doing. In fact, if you don't mind me sharing a story, I want to tell you how I kind of went in Russia.

So, we took a big team into Russia. This was, I think, 2003; we took a big team into Russia. And the team we took included four very professional women. We're talking women who were in their 30s and 40s, who had a tremendous

amount of experience. They are very professional women, very capable women. And when we arrived in Moscow, Lufthansa didn't put our luggage on that plane. It was going to be two days before we got our luggage. And fortunately, the luggage showed up just before we had to get on the train to go to Kursk. Kursk is a city very near the Ukrainian, Russian border. It's Kursk Oblast. And it's about a 12-hour train ride.

So anyway, we caught the train down there overnight after our luggage had arrived, and we got to the Sylvania Rocha hotel guest Vinnytsia. And at this hotel, we are going to meet as a team at night and have dinner and so on and so forth. And then we go out the following morning on mission work. And so, Monday morning out, we go on mission work. Well, one of the gals went out with another one of the guys, and they went to a Sanatorium. This was a place where essentially, alcoholics went to die. It was kind of an alcoholic hospice, if you will. Very common in Russia, actually.

So, they did a presentation in the lobby that morning for the people that could make it, and then Louie looked at Barb and said, Look, I'm going to go down into the men's ward, and I'm going to go visit those people who could not make it to the presentation because they couldn't get out of bed. And you should do the same in the women's ward. So, Barb did. She goes, and she gets down into the women's ward, and she runs into this woman. And this woman is an older woman; she's dying from alcoholism. She's lying there in bed, and Barbara's talking to her. And Barb says, Well, do you have any children? She says, Yes, I have a daughter. Well, where is she? Well, she won't come and see me. Why not? Because she hates me because I was an alcoholic mom all her life. And she's never forgiven me. I never see her.

So, Barb proceeds to give her the gospel message. She proceeds to tell her how she is forgiven and how it's okay. And for a few moments, Barb became her daughter, and this woman became her mother. And when this was happening, this is when Barb realized that even though she was in her late 30s and had thought that she had completely forgiven her own mother, who was also an alcoholic, she realized that she had not.

And here she was preaching to this woman about the doctrine of forgiveness. A forgiveness she was finally able to muster for her own mother. And this woman who was able to hear the voice of forgiveness from her own daughter through this proxy of the Ruach Ha'Qodesh being together. When Barb got back to the hotel to give us a statement about what happened during the day, she could not speak; she was in tears. She couldn't speak. But it wasn't just her; there were three other women, these three other professional women who were sitting at the table, completely speechless and unable to talk because they had seen the working of the Ruach Ha'Qodesh on the street.

Now, it doesn't matter if you're in Russia, Greece, India, Africa, or if you are in South America; it doesn't matter where you are; when you're doing the work of the Kingdom, you have forgone your comfort zone to do the work of the Kingdom, you see the miracles of the Ruach in healing, in healing not just the flesh, but healing the soul. With this kind of thing, we see that, that this mission work for me kind of continued. I was planning on doing mission work actually in the former nation of Yugoslavia. But **YAH** did not have that in mind for me. These things kind of get interrupted; I ended up doing a number of trips into Israel and so forth.

And now, I find myself with my new mission field being really the UK, the United Kingdom, which is kind of shocking to me that **YAH** would commission me to bring a message to the United Kingdom. But nonetheless, here we are, bringing a message to the United Kingdom. And as a result, we have so much; I've got so much to share with the UK. And, of course, it's been a miracle, my interface with the people in the UK, in particular, my friends in Wales and England, who have been absolutely phenomenal in terms of showing me an instrumental history that is so critically important to what is happening in Britain now.

Now, of course, we don't spend any time in London. We spent we spent in instead time outside of London, where the history of Britain was found. And when we look at the history of Britain, we think Oh Stone Hedge, which was probably built by the pagans in order to celebrate human sacrifice on the vernal equinox. Not true. In fact, Stonehenge doesn't predict the vernal equinox at all. So, it's something entirely different, and to walk through an area that used to be Avalon

and to see the grave of Joseph Arimathea, and the first church and Clandiff Major in Wales, and so forth. All of these things become so critically important.

Now, I have not visited the tomb of Jeremiah yet in Ireland, but this is a certainty that I'm going to go back there to visit the tomb of Jeremiah because this is where the story begins, in Britain, in UK. But as this mission work develops, we see that there are so many things that are on the table now. And one of those things that is on the table is what we're going to be discussing tonight, "The End Has Come. Now, it had not come for everybody. But it has come for the predators. It has come for the wicked. It has come for those who have gotten away literally with murder for the last 70 years. It's come for them. It's come not at the hand of some foreign government, but it's come at the hand of **YAH**, who directs all things. And as much as we can say, Well, look, what does this look like for us? Well, let's take a look. And let's see what it looks like for us. So, here we go.

# The End Has Come

Moreover, the Word of Yahuah came unto me, saying: 2 Also, son of A'dam, thus says Adonai Yahuah unto the land of Yashar 'el; An end, the end is come upon the four corners of the land. 3 Now is the end come upon you, and I will send my anger upon you, and will judge you according to your ways, and will recompense upon you  $\pi\kappa$  all your abominations.

- Yekhezq'el (Ezekiel) 7:1-3

We are going to be discussing tonight the prophecy of Yechezq'el or Ezekiel 7. Now you know this name Yechezq'el is a very interesting name. You look at it, and that's pretty different. That's not like anybody else's name that we see in Scripture. Well, it is in the respect that it has the L here at the end. But this means out of order. Disorder, chaos, if you will. And so, what you see is with it being out of order, Ezekiel is out of order. That's just the way it is, you can look at the book, and you can see for yourself that it's out of order. And it was put out of order by the rabbis in the first century A.D. at the Council of Jamnia. Because they disagreed with the book, as they disagreed with Daniel, which is also out of order. Daniels is out of order, and Ezekiel is out of order. They put them out of order because they disagreed with them. But they nonetheless had to allow them in the Tanakh because they were so widely read inside the community.

We have a copy of Ezekiel in order as a free download on the Cepher website. You can go to Resources, and then go to downloads, and then you'll find a copy of Ezekiel in order. And it is the true order set forth in chapter one, but it goes a lot more than 48 chapters, by the way. And it also has the original chapter and verse citation per verse next to it. So, you have easy reference to see how it stacks up. It becomes quite an interesting read to read it in order, but we're going to

deal with Ezekiel is out of order because we're going to be dealing with Ezekiel, Chapter 7, the entirety of the prophecy. Let's break into it.

### **YEKHEZQ'EL (Ezekiel) 7:1-3**

"1. Moreover, the Word of **YAHUAH** came unto me, saying:

2. Also, son of A'dam, thus says **ADONAI YAHUAH** unto the land of Yashar'el; An end, the end is come upon the four corners of the land.

3. Now is the end come upon you, and I will send my anger upon you, and will judge you according to your ways, and will recompense upon you all of your abominations."

So, let's start here. This is to the land of Yashar'el; the end has come upon the four corners of the land, and the end is come upon the four corners of the land. You could look at this from the four corners there's like; for instance, if you go to this place between Arizona, Nevada, New Mexico, and Colorado, there is a place called Four Corners. And this is where the Four Corners converge. When we think of four corners, we think of north, south, east, and west, those corners, the far as you can go that way, as far as you go that way, as far as you go that way, as far as you go this way, the four corners. It could also mean that corner, that corner, that corner, and that corner. So, this would be from San Diego to Blaine, Washington, and from Portland, Maine, to Key West, Florida. Those four corners, it says the end is come upon the four corners of the land.

Now, the end comes upon you, and I will send my anger upon you and will judge you according to your ways. Remember what it says in the Gospel, Judge not lest ye be judged, because the measure by which you judge is the measure by which you will be judged. Well, here we see it here. **YAH'S** anger is coming upon Yashar'el. And he's going to judge Yashar'el according to their ways and is going to recompense upon Yashar'el all of your abominations. Now, you might say to yourself, Well, define abomination. We don't know what that word means. Define it by blah, blah, blah, whatever kind of wormwood we need to work out here to try to claim what we're doing is not an abomination.

But we know that we have massive abominations in this country. We have massive abomination. So, two questions.

1. Are we the land of Yashar'el?

Well, the land of Yashar'el is a land that is going to be a land that includes all of the tribes of Yashar'el. You can't just sit here and say, The land of Yashar'el has got the Jews and the Levites, and a couple of Benjamites, which who may or may not be Benjamites. Well, no, that's not Yashar'el. Yashar'el has Naphtali, Zebulun. Yashar'el has Manasseh and Ephrayim. The tribe of Yoceph, the tribe of Ashshur, the tribe of Reuben, and the tribe of Dan. All of these tribes are the tribe of Issachar. These tribes are all present in the United States. The great quote-unquote melting pot.

We have all of the tribes of Yashar'el here. They've been invited here from all points around the world to come and live in the United States. So, we see that Yashar'el is this place where all of the 12 tribes have gathered. And what is going to happen? Well, you're going to be recompensed in accordance with all of your abominations. Well, what kind of abominations are we talking about? We have the child sacrifice, that is, abortion. That's one. We have a pop culture that has legitimized and codified fornication and adultery, and also sexual depravity, or sexual falling away.

Now, people don't want to talk about this. But in Leviticus 18, we have a specific discussion about what constitutes depravity. And there are three prohibitions that kind of stand out other than marrying your sister, or your mother-in-law, your mother or any of these kinds of things, or your father, your brother-in-law, or your brother, or your first cousin and so forth. Then you get to these three premises,

1. A man shall not live with a man as he does with a woman.
2. A woman shall not bow down before a beast.
3. You shall not pass your children through to Molech.

These things are considered sexual sins. What are we talking about passing your children to the Molech? Now, there are some who believe that this is transgenderism. That is to say, pass your children to Molech by castrating your sons and so forth. This kind of thing is considered an abomination to **YAH**. So, **YAH** says these are abominations. We might say in our minds, Well, we've woke up to that kind of stuff, and we don't believe in **YAH'S** abominations. We have our own abominations.

Which includes being a white person, and being a founding father of the United States, and being in favor of the Constitution. Those are the real abominations on earth. Well, look, we don't get to define the abominations. **YAH** gets to define the abominations; **YAH** defines the abominations, not us. He defines what's an abomination. Why? Because it's not us that's going to be sending his anger upon us. It's not us that's going to be recompense in us. It's **YAH** who's going to be recompensed in this predicated on his anger, which is going to be predicated upon his definitions.

And so, here you have this abomination, "ebah" as it says in Hebrew, and then it tells you, this is an abomination. And you don't have to look for definitions. It tells you right in the Scripture, this particular activity like this, this is an abomination to me. This is an abomination, that's an abomination, these other things that abomination. And so, because of our abomination, we have many of them. The chief of which is idolatry. Idolatry. Because we talk about these abominations, we do see these abominations; we see them in our own culture.

And we know what they are. And we have arrived at a point now where there is there is no standard left. There is no standard left. I mean, when you're talking about the head of Disney saying that she has to homosexual, transgender children who are under the age of eight, well, it strikes me that that's probably her opinion and may not be their opinion. But when you're talking about an abomination, you're talking about parents who are more than willing to pass their children through the fire to Molech.

Now, people say, I am not passing my child through to Molech; I don't even know who Molech is. It's like the argument I used to have. If a woman puts a ring on the fourth finger of a right hand in America, people assume it is a wedding ring. Now she might be putting it on her fourth finger for the purposes of having a particular look that she likes. But its significance is nonetheless a broadcast to the community that she is a married woman. Similarly, when you talk about somebody who pierces the ear, according to Scripture, you might say to yourself, I pierced my ears because I'd like to look fashionable. And yet, in Scripture, it says you pierce your ear when you want to be a bondservant for life.

Now, you may not think that that's what you've done, but that most assuredly is what you have done. So, we can see that the abominations that have accumulated here have become very, very, very, very high. And because they have become so high, **YAH'S** anger is upon us. We have, for instance, disposed of children for our convenience, then, do not be surprised when we are disposed of in accordance with our convenience. We have made decisions for children which is going to permanently change them physically. Do not be surprised when somebody makes the same decision for you to change you permanently, physically. We have made the decision that these predatory practices are legitimate, then do not be surprised when you are subjected to sexual predatory practices.

You see, because what we have done is what will be done to us. When we decided, we don't need to worry about whether or not there's any innocent people in Iraq. We don't need to worry about whether or not there's any innocent people in Syria. We don't need to worry about whether or not there's any innocent people in Yugoslavia. We don't need to worry if there's any innocent people, but in Libya, we don't need to worry if there's any innocent people in Ukraine. Ship in more arms and open up, start dropping humanitarian aid from 60,000 feet, send in 110 cruise missiles; we can do it. We can do it; we can do it. Let's overthrow that government and create turmoil.

And so, as a consequence, as we had had no mercy on an Afghani family who was going to the funeral of their father that we suspected of being Taliban, and so we went ahead and hit them with a Hellfire missile killing the whole family. As we have indiscriminately demanded that the Saudis punish the Houthi people in Yemen. And finally, the Saudis got so fed up with this; we're not doing it anymore, we're done. We're not going to follow the US lead anymore in punishing

these people in Yemen, and they called off the war. We weren't satisfied with that, though. We wanted to go down there and punish those people. Because what do we care? We don't live there.

We don't care if there's civilians are displaced. We don't care if there's millions of homeless; we could care less. We don't care if we just completely disrupted the social order in Libya. We don't care if we completely disrupted the social order in Yugoslavia; we could care less. We don't care that we started a war in Ukraine. We could care less. And because we could care less, recompense comes upon us in a similar way. Those who come against us will care less about our civilians, will care less about whether or not we're homeless, will care less about whether or not we're refugees, will care less about whether or not we have a society following it.

Because **YAH** is going to recompense us in accord with our ways. And what does he say?

# The End Has Come

And my eye shall not spare you, neither will I have pity: but I will recompense your ways upon you, and your abominations shall be in the midst of you: and ye shall know that I am Yahuah.

- Yekhezq'el (Ezekiel) 7:4

## YEKHEZQ'EL (Ezekiel) 7:4

"4. And my eye shall not spare you, neither will I have pity: but I will recompense your ways upon you, and your abominations shall be in the midst of you: and ye shall know that I am **YAHUAH**."

The abominable things you did to your neighbor are the very abominations that are going to be among you. You want to set up a ruthless dictator who you don't care if he cares for human rights or not, as long as he favors your democracy protocols. Well, and that's what I'm going to do to you; I'm going to set up a ruthless dictator over you; who doesn't care about you guys at all? All your abominations shall be in the midst of you. And then you shall know that I am **YAHUAH**. Well, now wait a minute, here the Scripture is telling us, people are finally going to wake up and are going to say, Something's wrong here. Well, I see people waking up all the time, but they're waking up what, they're waking up out of fear. They're waking up out of fear. And they're waking up out of fear; why?

Because they see fearsome events now, you see, before when you could go down to the grocery store, and your card worked. When you could fill your tank of gas, and your card worked. And you could go home, and you could live your life, and turn on your football game. And all of that worked. There was nothing to fear. Everything is just groovy. You

know, I don't listen to those gloom and doomers that are on YouTube all the time, giving us the gloom and doom; I don't want to hear that stuff. It's just a bunch of gloom and doom. I don't need to hear blah, blah, blah.

Now suddenly, you're seeing the real effects of not having paid attention and demanding a return to a moral, social order. Because we haven't done that, now, guess what? We have accumulated a series of abominations. So, let's start with when this began. This began, of course; we can go back to anything after World War Two when we start to see the fundamental demoralization of the United States, begin with the Kinsey report. The Kinsey report, followed by his pamphleteer, Hugh Hefner, in the publishing of Playboy in the early 50s. This is going to lead to a demoralization that begins sexually demoralizing but then becomes intellectually demoralizing and socially demoralizing, such that when we get to the Kennedy assassination, we can't talk about what really happened.

Nobody in the country believed the lone shooter narrative. But Leslie Lynch King, who sat on top of the commission for the Warren report, that was the report that told us what happened at the Kennedy assassination; Leslie Lynch King would become Gerald Ford, who would become the president, following the impeachment of Nazi proto protege Richard Nixon. Who was recruited by, of course, by the Reich leadership inside the intelligence agency in the United States. So, it began with the lie of Kennedy's assassination. We never properly prosecuted those people who had engaged in his assassination.

We never prosecuted them; they were never prosecuted; they got away with murder. And they didn't just get away with murder; they got away with murdering the head of the United States. And once they got away with murdering the head of the United States, they realized they could tell the lie and require you to recite the lie or be canceled from the culture. So, along comes the claim that in this piece of aluminum foil we call the lunar lander that we landed on the moon, with Stanley Kubrick coming out and saying, Well, I was going to film that. And the Russians putting up on RT the cutout footage of what took place during that landing, hum. But you are required to reiterate the fact that the United States was the first to land on the moon.

So, now we're into lie number two, you see. Now, when we give you the narrative, you will repeat it, you will recite it, you will talk it over. And this is what's going to happen. And so, the Nazi regimen continues to increase. The Nazi regiment continues to increase with thieves and murderers at the helm. These guys are guys who killed the president in order to pilfer the treasury of the United States, and pilfer they have done. Trillions and trillions and trillions of dollars. Now, any economist will tell you that there has been no real increase in wages since 1973, when Richard Nixon terminated the gold standard and put us into the Petrodollar. There has been no real increase in wages. There's been inflation, to be sure. But there has been no real increase in wages. Yet, we have run up \$30 trillion in cash flow debt and another \$400 trillion in long-term unpaid indebtedness, like federal retirement, military benefits, etc. Where'd all that money go?

Trillions and trillions and trillions are being pocketed by thieves and insiders inside the United States Government, who have pilfered the Treasury nonstop. And when anybody gets close, well, it's time to tell them another lie and force them to reiterate the narrative. The next big lie was, of course, 911. This was caused by 19 terrorists, 13 of whom were Saudi intelligence officers, you know the narrative. A couple of these guys went to flight school to learn how to fly a Cessna 150 and suddenly could expertly steer a Boeing 767 into the World Trade Tower. Amazing, amazing, amazing skill set.

This is the narrative that we're given. And of course, we all know about building 7, which here you're looking at the towers come down, and now here's building seven standing there, and then down it comes. Conveniently, many, many records, including all of the gold belonging to the United States, suddenly disappeared. What, we can't get to that because there was some kind of a mess down at the bottom of the tower. We had to clear it out. We didn't find any gold there when we got there. But you are required to recite the narrative that 911 was caused by 19. Terrorists, recite it. This is the story you're supposed to speak.

Now, we get into the school shootings. The school shootings were all caused by a lone-wolf gunman who decided to go nuts and then go shoot up the school. This is what all these school shootings were caused by a lone wolf gunman went in shot up the schools' Aurora theater, lone wolf gunman went in and shot up Aurora theater. And you are required to recite that narrative, no matter how unsupported the facts may be, no matter how unsupported the facts may be, you're required to reiterate that narrative, or you're going to be canceled in our culture, you're going to be canceled.

And, of course, you can't ever speak about the condition of the national election. Because, after all, the national election is not subject to criticism. If you criticize the natural national election, people won't believe in democracy anymore. There is no democracy in the United States, period; there is no democracy in the United States. And anyone who thinks there is under an illusion. But here you see that, because we have been handed a lie, we've been handed a false narrative. We have been handed a false narrative by thieves and murderers who are controlling the country. Now, these thieves and murderers have no sense of repentance whatsoever. Well, that's what we do, sorry. You know, we're trying to make a profit here. If that means blowing up a bunch of kids in Kenya, well, that's what we're going to do. If that means lobbing in cruise missiles in order for us to sell another batch of 100 cruise missiles, you tell it to Wall Street that needs to see our bottom line come up by at least 10% This year. Tell it to our shareholders who will sell our stock and go elsewhere. No, they won't.

Who do you think is trying to keep it your bottom line? The fact of the matter is the Stock Market has been a total fraud since August of 1997 when Alan Greenspan initiated quantitative easing and market manipulation—monetizing the debt privately so that no one could see it. Taking a pause, only to create chaos and turmoil during George W. Bush's administration. And then the quantitative easing picked right back up again. Quantitative easing has been on the table in order to drive Wall Street up, to drive the Dow Jones up to 30,000 points on the Dow. And so, this happened from what happened because we've had an industrial explosion? No, we moved all our industry to China. This happened because we've had a manufacturing explosion? No, we moved all our manufacturing to China.

This happened because we had an intellectual explosion. Well, actually, none of the intellectualism is coming out of Taiwan, is coming out of Japan, is coming out of India, it's coming out of every place but the United States. So, our stock market climbs to 30,000 because we're better at flipping burgers at McDonald's. Our stock market climbs to 30,000 because we've actually gotten the woodchips out of the tacos at Taco Bell. Come on. What is this driving force that's pushed our stock market up? Quantitative easing, quantitative easing, quantitative easing. It's gotten to the point where it's print, print, print, print, and sometimes not even print. We'll just put it in a digital transfer to your bank. How much do you need? How many trillions you say you needed? It's 00000000000000, enter, boom. How about 16 trillion to your European banks that have completely mismanaged your money over the last 30 years? Yeah, well, you know, Deutsche Bank, we had a lot of investment to do in our friend's businesses. Yeah, right.

You know, every single European nation is in a deficit spending operation too. And some of them are hopelessly upside down. Portugal, Italy, Greece, and Spain are hopelessly upside down. What caused Spain to go upside down? Believing in wind power. We can replace all of our electricity here in Spain by going to wind power. Let's put up a bunch of windmills. Whoops didn't work. Now what? Well, I don't know. Maybe I can get Germany to pay for it. Maybe we can get Germany to pay for it. And so here we are. You have seen this gigantic set of lies handed out and a group of murdering thieves controlling the whole kit and caboodle. These are murdering thieves that had been around since the guys were dumping opium in China and then selling arms to both sides of World War I selling arms into both sides of World War 2.

Financing communism in Russia, financing communism in China, financing the civil war between Chiang Kai-Shek and Mao Tse-tung in China. Who do you think did that? The same people who financed the Communist Revolution in Russia, why? Because we want cheap labor, we got to have cheap labor somewhere. So, let's put in some kind of communism that creates a worker state where everyone is equally enslaved at zero. Then we can pay them \$1 a day or something like that, which is what they did after they got China in good condition of communism. Then they took all of the

American industry and manufacturing, dumped it into China, and started paying them \$1 a day. And now we're shocked when China says you know what, we've had it with slave labor. We want to be something more.

My eye not spare you neither will I have pity, but I will recompense your ways upon you, and your abomination shall be in the midst of you. You're going to get looted, right? Well, we have been looted. We've been completely looted. We've been completely looted.

# The End Has Come

5 Thus says Adonai Yahuah; An evil, an only evil, behold, is come. 6 An end is come, the end is come: it watches for you; behold, it is come. 7 The morning is come unto you, O you that dwell in the land: the time is come, the day of trouble is near, and not the sounding again of the mountains.

- Yekhezq'el (Ezekiel) 7:5-7

He continues,

## **YEKHEZQ'EL (Ezekiel) 7:5-7**

“5. Thus says **ADONAI YAHUAH**; An evil, an only evil, behold, is come.

6. An end is come, the end is come: it watches for you; behold, it is come....”

So, here's the end sitting there. I am the end; I see you, I see you.

“7. The morning is come unto you, O you that dwell in the land: the time is come, the day of trouble is near, and not the sounding again of the mountains.”

None of this is an echo. This isn't a warning. This isn't a shofar blasting somewhere. No, this is the end. It's not a warning.

# The End Has Come

8 Now will I shortly pour out my fury upon you and accomplish my anger upon you: and I will judge you according to your ways and will recompense you for **תא** all your abominations. 9 And my eye shall not spare, neither will I have pity: I will recompense you according to your ways and your abominations that are in the midst of you; and ye shall know that I am Yahuah that smites.

- Yekhezq'el (Ezekiel) 7:8 -9

## YEKHEZQ'EL (Ezekiel) 7:8

“8. Now, will I shortly pour out my fury upon you and accomplish my anger upon you: and I will judge you according to your ways and recompense you for eth all your abominations....”

Well, this is the third time he said that. Now, if you're a nation who is striving after righteousness, and you're striving after honor and integrity and morality, and you're not a deprived or a defiled nation, not a profane and vulgar place, but rather a place of honor, integrity, that has reverence for its sacred things. What's going to be the recompense for our ways? Well, we've tried our best to keep abominations out of our social order. And if we had done that, the recompense of **YAH** is not going to be horrible abominations.

But because we have lied, we have stolen, we have cheated, and we have murdered nation on nation on nation on nation. What do you think the recompense is going to look like? It's a question. It's a question.

And my eye shall not spare, neither will I have pity:

Well, why should his eyes spare and have pity? Did we have pity on the family of Muammar Qaddafi and Libya? No. Did we have pity on the families of those people who were in Belgrade when we bombed Serbia? No. Did we have pity on those children? Who were part of our manipulation in Syria when we staged fake chemical attacks and tried to blame it on ISIS? No. Did we have pity on those families that were involved in the Civil War in the cities of Syria? No. Did we have pity on those people who were not Taliban members living in Afghanistan? No. Did we have pity on the civilians living inside of Baghdad? Nope, none whatsoever; sorry, you guys, are you know them?

We sit in our TV and think that that's a football team we're going up against, or maybe that's a basketball team, or maybe it's all, let's go, go Ukraine, go in there and kill those Russians. Go. Let's get some cheerleaders out there in the yellow on the gold. Stand up, fight, fight. He's our man blah, blah, blah, some pom poms. They think this is a game. Ask the people whose apartment building was shelled if it was a game. Ask the 14,000 dead and Donetsk if it was game. Do we have any pity on them?

Where's all these people who were doing humanitarian aid for the 14,000 people that were killed in Donetsk and Lugansk? Where's those people? "Well, I don't do humanitarian aid until CNN tells me it's a cause celeb until I get it from them. Hey, sorry, I don't do humanitarian aid. I only do humanitarian aid when it's popular. I'm not going to do humanitarian aid when it's unpopular. And it's people that I've been told to dislike. I don't help those people. Those people just need to die. We don't care for them one iota. We don't care; we don't consider them human. They're cockroaches; just bomb them. Why would I care about a Syrian?"

Well, let me ask the big question. What did Bashir al-Assad do to America? I'm trying to remember when Syria, let's see sunk a, no, Syria shot down the, no, Syria attacked a, no, none of that, none of that, and none of that. So, what are we doing bombing Syria? What were we doing staging chemical attacks in northern Syria? What were we doing there? Wait, that's right, I forgot, we were stealing their oil and selling arms. I don't know why I forgot about all that.

Because that's the important thing, whether or not the bottom line goes up, notwithstanding quantitative easing from the Federal Reserve. Because somehow, I'm going to become an oligarch. I'm going to get filthy rich doing this stuff. And I don't care how many people have to die to do it. I need a big house in Miami. I need a big house in Atlanta. I need a big house or a couple of houses.

Well, **YAH'S** eyes are not going to spare, neither will he have pity; he will outcompete you according to your ways and your abominations that are in the midst of you. And you shall know that it is **YAHUAH** that smites. Now you recall when we did the passage before we did the passage on Isaiah, Chapter 9 on 9:11? And in that passage, **YAHUAH** says, Look, you guys are sitting here saying, Well, the bricks have fallen. We are going to replace them with hewn stones, the sycamores have fallen, and we're going to plant cedars. We are going to come back stronger, stronger, stronger. And you never looked upon him who smote you.

You see, these things don't happen, even though we consider them as, That was an inside job, or that was 19 terrorists, whatever your theory is. You don't look about the fact that it happened because **YAH** allowed it to happen. **YAH** allowed it to happen. And it happened to us because he smote the United States because we had continued to regurgitate the lie. We did not find it vexing our souls that we did not know who killed Kennedy. We did not find it vexing our souls that NASA had lied to us. We did not find it vexing our soul that Richard Nixon and George Bush were actually Nazi Reich affiliates. We did not vex our souls that the banks had overthrown our country in 1973, 1978, 1982, 1993, 2001, and in 2008; that never vexed our souls at all. Well, as long as I got my sports here, my six-pack of beer, my ATM is working, so I am good, I'm good, I'm good. Just don't bother me. Don't bother me. Don't bother me. And don't bother me.

Well, we never looked on him who smote us. And we should have.

# The End Has Come

Behold the day, behold, it is come: the morning is gone forth; the rod has blossomed, pride has budded. 11 Violence is risen up into a rod of wickedness: none of them shall remain, nor of their multitude, nor of any of theirs: neither shall there be wailing for them.

- Yekhezq'el (Ezekiel) 7:10 -11

Why,

Behold, "hinneh," "hayom."

## **YEKHEZQ'EL (Ezekiel) 7:10-11**

"10. Behold, the day, behold, it is come. the morning is gone forth; the rod has blossomed, pride has been budded.

11. Violence is risen up into a rod of wickedness: none of them shall remain, nor of their multitude, nor of any of theirs: neither shall there be any wailing for them.

I saw a post the other day; Seattle was posting, what do you do when you come to Seattle? You know, what, what are the great things to see? And people were saying; you should go down to Pike Place, you should go down to the Space Needle. And my answer to them is, you guys are idiots if you tried to do that, because number one, the whole area around the Space Needle is now a gigantic homeless camp. And all of downtown has a gigantic homeless camp. They've legalized prostitution, they've legalized drugs, and they've cut the funding for the police.

So, if you happen to get into a gang fight between pimps fighting over who's got the turf or between drug deals for who's got the turf, you had better be armed because you're not going to be able to call the police, they're not coming to help you because it's the Capitol Hill autonomous zone. Chaz. We're so neat and progressive people; we just have the right idea of what to do. Let's just turn the place over to filth, filth, and filth. That's the condition.

I had a guy warn me on the plane, whatever you do, don't go down there unless you're armed. Don't go down there unless you're armed. You have to see the filth to believe it. You have to see it to believe it. It's just it's incredible. The great performing arts center, Ben Royal Hall, down on 3rd avenue, the whole front of it is a homeless camp now. You can't go in there. It is a gigantic homeless camp. So, you have to walk through the tuberculosis; you have to walk through the hepatitis; you have to walk through the bubonic plague; you have to walk through the typhus that they claim isn't there. Of course, it's there.

So, violence has risen up, and violence is rising up all over the country. You see these gangs now who are just, Hey, there's nobody that's going to defend anything here in San Francisco. Nobody's going to defend the Walmart; nobody's going to defend the Kroger or the Fred Meyer. Nobody's going to defend the Safeway; nobody's going to defend this. Nobody's going to defend the jewelry store. So, let's just get 20 of us, and let's cave in the doors and just empty the cases. This is what's been going on. So, you've seen retailer after retailer pulls out of downtown San Francisco. We're out here; we're not going to do this anymore because there's no police. We're just going to leave. And this is what happens.

And because violence has risen up into a rod of wickedness. Now, this has not yet fully culminated because the gangs have not yet asserted themselves. But with the coming food crisis that's coming to America. That is in part given to us intentionally by our scientists who have determined that all the chickens and all the turkeys in the country have COVID. We couldn't talk you into killing yourself on COVID; now we're going to talk the farmers into killing their chickens. We tested one of your chickens with a PCR test and determined that it had COVID. So, slaughter a million of your chickens. Now they've slaughtered over 12 billion chickens

Now, you go into many of these neighborhoods; there's no chicken on the shelf anymore. You walk into Walmart, and that whole section is empty; it's empty, it's barren. American all news pipeline, and P.com, all these pipelines. They've got great articles and great photographic evidence of the bare shelves all over the country. And they're not being replenished. And farmers are being paid to kill their animals. They're being paid to not plant. They are talking about shutting down grain shipments on trains while they're killing off the fertilizer market from Russia entirely.

So, what do you think the plan is? Remember your next-door neighbor when he decided to run for office? You said I'm going to support you because I think you're a great guy. Now you find out these people are intentionally moving a genocide against you. Our theory is to kill most of you because we need to get the population under control. We've embraced the tendency of agenda 2030. And agenda 2030 means that all of this land here where you guys live has to be vacant

; it has to be non-humanized. And how are we going to do that? Do you think we're going to move you into the ant farm downtown? No, we got other ways to get rid of you. If we can't kill you with the bioweapon that we produced in Ukraine and then shipped off to China.

That research is out there. Well, then, maybe we can kill you with the antidote. And if we can't kill you with the antidote, when the miserable key was starvation, and if we can't kill you with starvation, maybe we'll do it in a nuclear war. This is why you see the attitude of those people. These liars, murderers, and thieves that run the country, there's not going to be any wailing for them, none.

None of them shall remain, nor of their multitude, nor any of theirs: neither shall there be wailing for them.

Or anyone that belongs to them. All gone. And there isn't going to be any wailing. There won't be any mourning.

# The End Has Come

The time is come, the day draws near: let not the buyer rejoice, nor the seller mourn: for wrath is upon all the multitude thereof. 13 For the seller shall not return to that which is sold, although they were yet alive: for the vision is touching the whole multitude thereof, which shall not return; neither shall any strengthen himself in the iniquity of his life.

- Yekhezq'el (Ezekiel) 7:12 -13

All right. I am continuing on in Yechezq'el.

## **YEKHEZQ'EL (Ezekiel) 7:12-13**

“12. The time is come, the day draws near: let not the buyer rejoice, nor the seller mourn: for wrath is upon all the multitude thereof....”

So. this is an economic prophecy.

“13. For the seller shall not return to that which is sold, although they were yet alive: for the vision is touching the whole multitude thereof, which shall not return; neither shall any strengthen himself in the iniquity in his life.”

So, here you have something that's been said. And I think this is actually referring to the selling of souls that's been going on. When you say, Well, the 13th Amendment prohibits slavery, the 13th Amendment, that that got rid of slavery? Well, funny. We've got slavery going on now worse than it's ever been. And most of it is sex slavery. Children and women are sold into sex slavery, and the souls are being sold. They are being sold in the United States and trafficked in the United States. And not just here. One of the top trafficking Capitals in the World is, of course, Ukraine.

But guess what? The buyer is not going to rejoice, neither is the seller going to mourn because wrath is upon both of them. You've been buying and selling in souls, buying and selling in slaves, buying and selling and iniquity; the whole thing's coming to a screeching halt.

# The End Has Come

They have blown the shofar, even to make all ready; but none goes to the battle: for my wrath is upon all the multitude thereof. 15 The sword is without, and the pestilence and the famine within: he that is in the field shall die with the sword; and he that is in the city, famine and pestilence shall devour him.

- Yekhezq'el (Ezekiel) 7:14-15

## YEKHEZQ'EL (Ezekiel) 7:14-15

“14. They have blown the shofar, even to make all ready; but none goes to the battle;...”

Now, this is something else that just came out recently in the Russian press. They've done a Strategic Evaluation of Americans. And their Strategic Evaluation of the Americans is predicting that most of the generation that's under 25 years old in this country will run from war. They won't fight; they will run. Because guess what? They had been taught to be such snowflakes. I can't deal with your words. Well, if you can't deal with words, how are you going to deal with somebody pointing a gun in your face? If you can't deal with words, what are you going to do when you have to run uphill with a 50-pound backpack on your back and somebody shooting at you? What do you do then? What are you going to do?

Well, their analysis said that instead of coming into America and finding 300 million battle-hardened Americans with 400 million weapons, you're going to find 400 million weapons and about 100 million people who are too chicken to use them. I don't touch those things. Get out of here. No way. This is the strategic analysis that just came out of Russia. We are talking about two days ago; they made this determination. They have blown the shofar even to make it all ready. Hey guys, we've got an attack coming on. But none goes to the battle.

14. for my wrath is upon all of the multitude thereof.

15. The sword is without, and the pestilence and the famine within:

The pestilence and the famine within.

15. He that is in the field shall die with the sword; and he that is in the city, famine and pestilence shall devour him.

Well, that doesn't sound very good. It sounds like no matter where you go; you're going to get it.

# The End Has Come

But they that escape of them shall escape and shall be on the mountains like doves of the valleys, all of them mourning, everyone for his iniquity. 17 All hands shall be feeble, and all knees shall be weak as water. 18 They shall also gird themselves with sackcloth, and horror shall cover them; and shame shall be upon all faces, and baldness upon all their heads.

- Yekhezq'el (Ezekiel) 7:16-18

But according to this,

## **YEKHEZQ'EL (Ezekiel) 7:16-18**

“16. But they that escape of them shall escape and shall be on the mountains like doves of the valleys, all of them mourning, everyone for his iniquity.

17. All hands shall be feeble, and all knees shall be weak as water.

18. They shall also gird themselves with sackcloth, and horror shall cover them; and shame shall be on all faces, and baldness upon their heads.”

Well, I've got to tell you, I just hate to say this. But if we get into the kind of confrontation we're forcing to come upon us right now; we're forcing it. If we get into that kind of confrontation, and these weapons of mass destruction go off over the nation, we're going to see an unprecedented destruction that is going to leave no room for doubt. That **YAH'S** Wrath has fallen upon this nation, it will leave no room for doubt. You won't be able to say, Oh, gee, that didn't happen. No, it will have happened. And you're going to be asking yourself the question, how do we proceed from here? How do we go anywhere on Earth as quote-unquote Americans? How do we do it? How do we do that?

We are not going to be able to; I can tell you that right now. We will not be able to travel outside of America. And the people that have escaped, that go up to the mountains, we're out of here. **YAH** told us to get out. We go up to the mountains; we're out of there. Boom, all of this happens. Then what? We look out on what was our country, and we see what **YAH** has done as he is recompensed our nation for its abominations. And when we see it, guess what? All hands shall be feeble. All knees shall be weak as water.

They shall also gird themselves with sackcloth,

Yeah, we should have greeted ourself with sackcloth before it happened, not after. But we didn't hear the warning of Jonah. Repent, for **YAH'S** wrath comes upon you. We're not listening to that; we don't buy any of that stuff. That stuff, you guys are all just a bunch of puffed up with knowledge. People are just can't stop bloviating and shooting your mouth

off about blah, blah, blah, blah, blah. We don't listen to that stuff. Well, you don't listen to that stuff, but now you're paying 6.50 a gallon; maybe you should have listened. They shall gird themselves up with sackcloth, and horror shall cover them; and shame shall be upon all their faces,

You see, shame shall be upon all faces, and baldness upon all their heads.

Not a good sign.

# The End Has Come

19 They shall cast their silver in the streets, and their gold shall be removed: their silver and their gold shall not be able to deliver them in the day of the wrath of Yahuah: they shall not satisfy their souls, neither fill their bellies, because it is the stumbling block of their iniquity.

- Yekhezq'el (Ezekiel) 7:19

## YEKHEZQ'EL (Ezekiel) 7:19

“19. They shall cast their silver in the streets, and their Gold shall be removed: Their silver and their Gold shall not be able to deliver them in the day of the wrath of **YAHUAH**:....”

Because why? You're going to have silver and gold, but there could be nothing to buy. There's nothing to buy. There's nothing here. There's nothing. There's nothing. There is no manufactured good. There's no industrialized good. There's no farm crop. There's no nothing. There's nothing being traded. And there's nothing you can buy. Because it got destroyed and get wiped out. And you're going to be like a forger, and how are you going to forage with silver? How do you forage with silver? There's silver and gold should not be able to deliver them in the day of the wrath of **YAHUAH**.

“19. They shall not satisfy their souls, neither fill their bellies, because it is the stumbling block of their iniquity.”

Because once again, you see that what their silver and their gold is the stumbling block of their iniquity. We have the answer, money. Well, the Russians are going to attack Ukraine; we'll give them \$4 billion. That's going to cure it; once we give them \$4 billion, that's the end of our problems in Ukraine. You know, one of the big problems they have in Ukraine? One of the big problems they've had in Ukraine since this thing began has to do with this Azov battalion. The Azov battalion, when it was a separate battalion, was recognized as a white supremacist, racist Nazi Organization.

It became well known in the US Congress to the point that a congressman named Conyers had an amendment passed that said, Thou shalt not fund Azov, because they're white supremacist Nazis, who, by the way, at that time, had issued a

bunch of really racist, anti-black remarks. I mean, unbelievably racist. Talking about racial purity in Ukraine and on and on. So, Conyers has this bill passed, and thou shalt not fund Azov because they're Nazis. So, what was the cure? Zelensky just incorporated Azov into the Ukrainian military.

So, now you're not funding Azov; you're funding the Ukrainian military. And then they'll get the funds over to Azov. Azov, who was working down in the city of Mariupol, had some interesting direction from an American general and advisors, the French Foreign Legion, and advisors in Mariupol. We didn't go to Donetsk; we didn't go to Kyiv, to help those troops. Nope. We shipped in our people to help the overt racist racial supremacist Nazis in Mariupol. You can't say that. Nobody can talk down about Ukraine because we all stand with Ukraine.

We stand with it's a sexually depraved leader who pilfered 1.2 billion out of its treasury and bought a \$40 million house in Miami and who is friends with the Hollywood stars who can dance really well.

And who also funneled money into Hunter Biden's campaign. Who allowed Hunter Biden to put 3.2 billion into 30 Bio Labs in Ukraine where they could develop weapons of mass destruction for bioterrorism in the Slavic world. Yes, let's stand with those guys and have at it.

## The End Has Come

20 As for the beauty of his ornament, he set it in majesty: but they made the images of their abominations and of their detestable things therein: therefore, have I set it far from them. 21 And I will give it into the hands of the strangers for a prey, and to the wicked of the earth for a spoil; and they shall pollute it. 22 My face will I turn also from them, and they shall pollute my secret place: for the robbers shall enter into it and defile it.

- Yekhezq'el (Ezekiel) 7:20 -22

### YEKHEZQ'EL (Ezekiel) 7:20-22

"20. As for the beauty of his ornament, he set it in majesty:...."

This is **YAH**.

"20. But they made the images of their abominations and their detestable things therein:

We're not interested in your stuff. Yeah. We're going to make our images of our abominations and the detestable things that are, you know, we're going to give away Grammys and Oscars, we're going to give away Oscars. We are going to give away these golden idols to American Idols. And we're going to engrave images of the really important people in the country who've done really wonderful things, like pilfered tax dollars. Then built stuffs and edifices that they could put

their name on. We want to make the images of our abominations, not! We really are not that interested in the beauty of your ornament. We want the images of our abominations and our detestable stuff we want.

“20. Therefore, have I set it far from them....”

I’ve set the beauty of my ornament far from them.

“21. And I will give it into the hands of strangers for a prey, and to the wicked of the earth for a spoil;....”

The beauty that I put in your land, you remember that? The beauty that I laid in your land, I gave that to you. And you guys said, No, we’re not going to do that. We want to put a bull on Wall Street. We want to put Ishtar in New York Harbor. We want to put Astarte on top of the Capitol building. We want to put up George Washington’s penis in the middle of Washington DC. We want to put a pentagram at the bottom of the star on the east side of the White House. These are the abominations we want, so get your ornament out of here. We got other stuff we’re going to build.

Then I’m going to give it to the strangers to the wicked of the earth. And they’re going to take it as a spoil, and they shall pollute it.

“22. My face will I turn also from them, and they shall pollute my secret place: for the robbers shall enter it and defile it.”

Well, who do you think has been running this country since World War 2? Robbers, thieves, bankers, liars, cheaters. Guys who pilfered the Treasury for trillions and trillions and trillions and trillions of dollars. Pilfered the tax dollars for trillions and trillions of dollars. Those are the robbers, and what did they do? What's the sacred place? What's **YAH'S** secret place?

It is your heart. Because you are the temple of **YAHUAH**, he has placed his ornament in your heart. But he is going to give your heart over to the strangers for a prey, to the wicked of the Earth as a spoil, and they shall pollute your heart. And what's going to happen? These robbers are going to enter into your heart, and they're going to defile it. The stuff that used to be illegal and that's legal now, it's not only legal, it's approved. It's totally approved, it's promoted, it's only promoted, it's what you will do. And you will keep your mouth shut about criticizing it and saying it's immoral because we will cancel you in a heartbeat.

## The End Has Come

23 Make a chain: for the land is full of bloody crimes, and the city is full of violence. 24 Wherefore I will bring the worst of the heathen, and they shall possess their houses: I will also make the pomp of the strong to cease; and their holy places shall be defiled. 25 Destruction comes; and they shall seek peace, and there shall be none.

- Yekhezq’el (Ezekiel) 7:23-25

## YEKHEZQ'EL (Ezekiel) 7:23-25

“23. Make a chain: for the land is full of bloody crimes, and the city is full of violence....”

Well, look, we've got violence exploding now in Chicago, in New York, LA, San Francisco, and Seattle. In fact, in all the major cities, violence is exploding; it's detonating. Minneapolis, we need to cut funding for the police; we need to make it a social function. You know, that's when a guy is robbing the 711. You walk in and say, can you tell me about your childhood here for a minute? I'd like to get kind of get familiar with it and see if we can undo this criminal activity you got going on your mind. So, the guy shoots you in the face and steals your wallet.

The city is full of violence; the city is full of violence. This is right now. The land is full of bloody crimes; whether we're talking about internationally or domestic, we have bloody crimes going on everywhere.

“24. Wherefore I will bring the worst of the heathen,....”

The worst of the heathen? I'm not sure who that is. And I'm not going to speculate who the worst of the heathen is. But that's who's going to be brought.

“24. They shall possess your houses: I will also make the pomp of the strong to cease....”

So, you guys who are pompous, that's your fate right there.

“24. and their holy places shall be defiled.

25. Destruction comes; and they shall seek peace, and there shall be none.”

We know that defilement is going on. What if the Holy Place is the public school, the Public School is the holy place. Why? Because we're going to send our children there, and we want that place to be holy. We want our children to go into the public schools and in a holy setting. That when we turn over the doctrine of parents Patriae, to a teacher, who is going to be in the stead of the parent, teaching the child, we don't want the teacher telling that the child your parents are stupid, they're ignorant, and you need to turn them in so that we can have them jailed, and put you into a foster care home with parents who are smart and who are woke. We don't need you taking our children and defiling them with a with this woke sexual culture that you want to impose on everyone. Suggesting to six-year old's should change their gender by surgery. As the Lieutenant Governor of, of North Carolina said, You can get cut up, you can get made up, you can get dressed up, and you can get drugged up, but you can't change your DNA. That's just the way it is.

When you get to this point that the holy places are defiled, and they are defiled, destruction comes. So, what's the timing on this? What's the timing on this prophecy, Steven? Well, when the holy places are defiled, then destruction comes. And they shall seek peace, instead of seeking peace now, like they should. If we had somebody who had real leadership skills, we wouldn't be in the situation we're in right now. We could seek peace, but we're not going to seek peace. We're not going to seek peace until it's too late. We're going to seek peace after the destruction comes. See, destruction comes, and then Hey, can we get a peace agreement? You can get a peace agreement but it's too late? Because there shall be none. Why would we make a peace agreement with you? You guys are completely destroyed. What are you going to do to us? I'll bite your leg off.

# The End Has Come

26 Mischief shall come upon mischief, and rumor shall be upon rumor; then shall they seek a vision of the prophet; but the Torah shall perish from the priest, and counsel from the ancients. 27 The king shall mourn, and the prince shall be clothed with desolation, and the hands of the people of the land shall be troubled: I will do unto them after their way, and according to their deserts will I judge them; and they shall know that I am Yahuah.

- Yekhezq'el (Ezekiel) 7:26-27

So, what's it say here? He goes on to say,

## **YEKHEZQ'EL (Ezekiel) 7:26-27**

“26. Mischief shall come upon mischief, and rumor shall be upon rumor; then they shall seek a vision of the prophet, but the Torah shall perish from the priest and council from the ancients....”

See. the famine of the Word.

“27. The king shall mourn, and the prince shall be clothed with desolation, and the hands of the people of the land shall be troubled: I will do unto them after their way, according to their deserts will I judge them and they shall know that I am **YAHUAH.**”

**Yechezq'el (Ezekiel) 7:3-6**

3'Now the end is upon you, and I shall send My displeasure against you, and judge you according to your ways, and repay you for all your abominations.

4'And My eye shall not pardon you, nor would I spare, for I repay your ways while your abominations are in your midst. And you shall know that I am יהוה!

5''Thus said the Master יהוה, 'A calamity, an only calamity, look, it has come!

6'An end has come, the end has come! It has awakened against you, look, it has come!

— they shall smite יִכּוּ  
 — New York ניו יורק  
 — city עיר  
 — United States of America ארצות הברית

Now, that's the fourth time we've had him say that he is going to judge us according to our ways. That's the end of the passage in Ezekiel 7, but I wanted to show you this; Scott Bunnell provided this Bible Code to me. We've used this before, but I'm going to leave it up here now because I want you guys to see this. Because this is a Bible Code predicated on this particular passage in Yechezq'el, Ezekiel. What do we see here? We see that, see, Yechezq'el 7:3-6.? This is the verse here that's been used for the Bible Code. And what's it show here? Well, here's some of the words. I'm just going to go through them if you guys can't see it.

From the - see "their city is stricken, a sword to the nations, a missile, woe thick clouds, counting the dead 10 thousand, 1,000 woes, my wrath, the wine all shall drink, the abomination, Tamuz the Queen of Heaven, calamity upon calamity, before the building of the young bull." This is in the same code, "atomic, from the sea, boat, shrieking fire, end of the plumbline, city of dragons. The city is full of violence; their city is stricken, USA mark the bereaved. Woe and a consuming fire has come to Babylon." You see, all of these are found in this Bible Code. In Ezekiel 7:4-6.

Now, what isn't given here, but it probably is, but Scott didn't put it in here, is the underlying date when such a thing would happen. But we can see here that the Bible Code using this very same passage shows a particular location and a particular event. USA, New York, from the sea, the city is full of violence. It is from the sea, and a boat, it's atomic. It's woe, and a consuming fire has come to Babylon, mark the bereaved, 1,000 woes, Leviathan, etc.

You see, now, this is just a Bible Code. It may or may not tell the future, but this is what was found in the code. And we've already heard the prophecy.

# The End Has Come

The second witness

The vision of Yesha'yahu the son of Amots, which he saw concerning Yahudah and Yerushalayim in the days of Uzziyahu, Yotham, Achaz, and Yechizqiyahu, kings of Yahudah. 2 Hear, O heavens, and give ear, O earth: for Yahuah has spoken, I have nourished and brought up children, and they have rebelled against me. 3 The ox knows his owner, and the ass his master's crib: but Yashar'el does not know, my people do not consider. 4 Ah sinful nation, a people laden with iniquity, a seed of evildoers, children that are corrupters: they have forsaken Yahuah, they have provoked the Holy One of Yashar'el unto anger, they are gone away backward.

- Yisha'yahu (Isaiah) 1:1-4

Now let's go see if we have a second witness. Is there a second witness to these kinds of things? Well, here this is the vision of Isaiah. And let's see if this has any application.

## YISHA'YAHU (Isaiah) 1:1-4

"1. The vision of Yesha'yahu the son of Amots, which he saw concerning Yahudah and Yerushalaiym in the days of Uzziyahu, Yotham, Achaz, and Yechizqiyahu, kings of Yahudah.

2. Hear, O heavens, and give ear, O earth: for **YAHUAH** has spoken, I have nourished and brought up children, and they have rebelled against me.

3. The ox knows his owner, and be ass his master's crib: but Yashar'el does not know, my people do not consider.

4. Ah sinful nation, a people laden with iniquity, a seed of evildoers, children that are corrupters: they have forsaken **YAHUAH**, they have provoked the Holy One of Yashar'el unto anger, they are gone away backward."

That's the condition.

# The End Has Come

The second witness

Why should ye be stricken anymore? Ye will revolt more and more: the whole head is sick, and the whole heart faint<sup>6</sup> From the sole of the foot even unto the head there is no soundness in it; but wounds, and bruises, and putrefying sores: they have not been closed, neither bound up, neither mollified with ointment. <sup>7</sup> Your country is desolate, your cities are burned with fire: your land, strangers devour it in your presence, and it is desolate, as overthrown by strangers<sup>8</sup> And the daughter of Tsiyon is left as a cottage in a vineyard, as a lodge in a garden of cucumbers, as a besieged city.

- Yisha'yahu (Isaiah) 1:5-8

## YISHA'YAHU (Isaiah) 1:5-8

"5. Why should ye be stricken anymore?

Why should you be corrected anymore?

"5. Ye will revolt more and more: the whole head is sick, and the whole heart faint...."

And this is where we are in our country today. The whole of the head is sick. It's not just one part of the head, the whole of the head of sick. When you look at the government, from the very smallest guy to the very largest guy, the head is sick, sick, and the whole heart is faint.

"6. From the soul of the foot even unto the head there is no soundness in it;...."

There is no soundness in it.

"6. but wounds, and bruises, and putrefying sores: that have not been closed, neither bound up, neither modified with ointment.

<sup>7</sup>. Your country is desolate, your cities are burned with fire: your land, strangers devour it in your presence, and it is desolate, as overthrown by strangers.

<sup>8</sup>. And the daughter of Tsiyon is left as a cottage in a vineyard, as a lodge in a garden of cucumbers, as a besieged city."

Now, we haven't arrived at the besieged city part of this prophecy yet. But given what has just recently happened, the fact that we have totaled all of our alliances worldwide. We have caused a major economic catastrophe to occur worldwide. We are now causing starvation to occur worldwide. We have caused a massive inflation to occur worldwide.

We've caused supply chain shortages to occur worldwide. And we're about to cause World War III in a nuclear confrontation.

There are going to be people who are just going to say; We are not doing anything with those guys anymore. We are not doing anything with America anymore. Nothing, particularly when the Petro dollar goes to zero. When the Petro dollar goes to zero, we will be a besieged city. That will be it. We will be a besieged city because there will be nothing for us at that point.

# The End Has Come

The second witness

9 Except Yahuah Tseva'oth had left unto us a very small remnant, we should have been as Cedom, and we should have been like unto Amorah. 10 Hear the Word of Yahuah, ye rulers of Cedom; give ear unto the Torah of our Elohiym, ye people of Amorah. 11 To what purpose is the multitude of your sacrifices unto me? Says Yahuah: I am full of the ascending smoke offerings of rams, and the fat of fed beasts; and I delight not in the blood of bullocks, or of lambs, or of he-goats.

- Yisha'yahu (Isaiah)1:9-11

## YISHA'YAHU (Isaiah) 1:9-10

"9. Except **YAHUAH TSEVA'OTH** had left unto us a very small remnant..."

Oh, thank goodness, we're here, a very small remnant.

" 9. We should have been as Cedom, and we should have been like unto Amorah.

10. Hear the Word of **YAHUAH**, ye rulers of Cedom; give ear unto the Torah, of our **ELOHIYM**, ye people of Amorah.

11. To what purpose is the multitude of your sacrifices unto me? Says **YAHUAH**:..."

Here you are, you're living in Sodom and Gomorrah, and you know what people have said, if **YAH** doesn't destroy America now, he has to apologize to Sodom and Gomorrah because we've really topped it off. I mean, we've topped it off. When I read that in Wisconsin, the official policy of the school district is kids that identify as furies, dogs, and cats who want to lay on the floor in the classroom and bark or purr or somethinElohaig to this effect, that you are to not discriminate or treat them harshly in any respect.

They don't want to talk; they just want to sit in the corner and be a dog. You have to respect their self-identification as a furry. Now, I don't want to break the news to the people in the Wisconsin School District, but I can tell you that when this country collapses, and when historians come back and look at this country, they're going to have a hard time not

laughing themselves silly, at where we were when this place collapsed. This woke culture is completely diseased; it is diseased, it is defiled, it is demoralized, it is decrepit, and it is dying quickly. So, **YAH** says,

**YISHA'YAHU (Isaiah) 1:11**

“11. To what purpose is the multitude of your sacrifices unto me?...”

And what do you guys do in sacrificing?

“11. Says **YAHUAH**: I am full of the ascending smoke offerings of rams, and the fat of fed beasts; and I delight not in the blood of bullocks, or of lambs, or of he-goats.”

I'm not interested in that stuff. When you come to appear before me, who's required this at your hand to tread my courts? What are you doing in here with prayer? What are you doing in here with worship? What are you doing in here at all? You are living in Sodom and Gomorrah, and you're approving. You're right in the flow. You're right in the stream; you're going along with it. You're woke, you're politically correct, you're accepted. You're centered. You're in the middle of the road; you're in the middle of the broad path.

## The End Has Come

The second witness

12 When ye come to appear before me, who has required this at your hand, to tread my courts? 13 Bring no more an oblation of evil incense; it is an abomination unto me; No longer proclaim the New Moon and the Sabbath, and the feasts, and the festivals; they are in vain. 14 Your New Moons and your feasts are odious to my soul and are the burden I weary of lifting 15 And when ye spread forth your hands, I will hide my eyes from you: yea, when ye make many prayers, I will not hear: your hands are full of blood.

- Yisha'yahu (Isaiah) 1:12-15

**YISHA'YAHU (Isaiah) 1:12-15**

“12. When ye come to appear before me, who has required this at your hand, to tread my courts?

13. Being no more an oblation of evil incense; it is an abomination unto me;....”

What are you doing coming in to tread my courts? Don't bring an oblation of evil incense; I don't want to hear it or smell your incense. Your incense is an abomination to me.

“13. No longer proclaim the New Moon and the Sabbath, and the feasts, and the festivals; they are in vain.

14. Your New Moons and your feasts are odious to my soul and are the burden I weary of lifting.

15. And when ye spread forth your hands, I will hide my eyes from you: yea, when ye make many prayers, I will not hear:....”

Why not? Why won't you hear it?

“15. your hands are full of blood....”

Not America. We're not full of blood. Just because we like watching MMA sports where people are just beating the snot out of each other. Or going into watch the Roman circus we call football. That's what we do passively. What else do we do passively? We let our country bomb civilians. We let our country invade other nations in order for the bankers to make money on trafficking heroin, that kind of thing. And we don't say a word. Yes, 4 million dead there. Yes, 5 million dead there. Yes, 3 million were displaced there. Yes, 100,000 dead there. But whatever. They don't live here. I didn't see him. I didn't see him. Therefore, they didn't exist. I didn't see him. When your hands are full of blood, your prayers are not going to be heard. Your sacrifices are not going to be honored. You're keeping that Shabbat and the Feast, and the Festivals and the New Moon is not going to be seen. It doesn't make any difference. You cannot do the work while your hands are full of blood. It's not going to save you.

16 Wash yourself, make yourself clean; put away the evil of your doings from before my eyes; cease to do evil; 17 Learn to do well; seek judgment, relieve the oppressed, judge the fatherless, plead for the widow. 18 Come now, and let us reason together, says Yahuah: though your sins be as scarlet, they shall be as white as snow; though they be red like crimson, they shall be as wool. 19 If ye be willing and obedient, ye shall eat the good of the land. 20 But if ye refuse and rebel, ye shall be devoured with the sword: for the mouth of Yahuah has spoken it.

- Yisha'yahu (Isaiah) 1:16-20

Wash yourself,

### YISHA'YAHU (Isaiah) 1:16

“16. Wash yourself, make yourself clean; put away the evil of your doings from before my eyes; cease to do evil;....”

Stop doing it. Here's the big thing. This is one of the critical understandings that you have to get from the Torah. When you have a situation going on where you think that you can commit a sin, and then sacrifice a goat, or sacrifice a bird, or sacrifice a bull, then you think to yourself, Well, I've got a goat here that I'm going to kill this year. So, I'll just go ahead and rape this child and then turn the goat over to the priest and sacrifice the goat, and I'm good to go. What does **YAH** say? He says, NO! I didn't tell you to do that kind of thing. To plan on atoning for yourself with the blood of animals, you want to kill a bull go kill it, eat the flesh, whatever.

But in Jeremiah 7:21, what does he say? He says I didn't ask you to do that. When I brought you out of the land of Egypt, I asked you to obey my voice. What's he saying? Don't do it. Don't do it, and then try to make up for it. Don't do it, to begin with. Instead of doing it and then trying to make up by killing a bowl or a goat or something else, don't do it. So, what does he say? Wash yourself, wash the blood off your hands. Make yourself clean. How do you make yourself clean? We have got self-explanatory Scripture right here, put away the evil of your doings and stop doing it.

Remember, We Will Rock You song, we will, we will, and the girl cuts him off with, stop doing that. And here, so here it is. Stop doing that. Instead,

**YISHA'YAHU (Isaiah) 1:17-20**

“17. Learn to do well; seek judgment....”

Now, we talk about judgment. A lot of people think that **YAH'S** judgment is a bad thing. But it isn't; **YAH'S** judgment is a good thing because he adjudicates us in this life.. and balances the scales for us in this life. So that when we enter into the afterlife, the scales are balanced.

“17. relieve the oppressed, judge the fatherless, plead for the widow....”

These are good teachings.

“18. Come now, let us reason together, says **YAHUAH**:....”

That's just such a breath of fresh air. I love Isaiah so much. You know, come now, let us reason together, says **YAHUAH**,

“18. though your sins be as scarlet, they shall be as white as snow; though they be red like crimson, they shall be as wool....”

19. If ye be willing and obedient, ye shall eat the good of the land;

20. But if ye refuse and rebel, ye shall be devoured with the sword: for the mouth of **YAHUAH** has spoken it.”

Now, this is in the middle of all of this prophecy. All of this prophecy, we have Yesha'yahu coming to us and telling us the heart of **YAH**. Which is what, cease to do evil, learn to do well. It's possible in your life right now. It's possible in your life. And I'm going to speak to people who are wrapped up in the wickedness of a governmental system that is about to completely catastrophically collapse. What happened in the Soviet Union with the collapse of the Soviet Union, one day, the ruble was worth \$1.35, and the next day, it went completely to zero, and it didn't recover. When it didn't recover, the government of the Soviet Union ended. And all of those bureaucrats were suddenly out of work. Nobody was working for the government anymore, including the military.

And so, many of the military outfits they ran out of. You had a general over the base here, and the general were based there; they ran out and grabbed up the Soviet factories and started producing at the factory. So, all of a sudden, you had generals making samovars, you had generals running a military operation that was making matryoshkas. This is what was going on. Because they had to feed their troops somehow, and they had no money. None. No money was completely gone. And when you take our country, when that happens, how long do you think Federal employees are going to continue to return to the office when there's no check? And there's no chance of a check because the dollar went to zero.

How long is the tax collector going to go when there's no chance of a check? How long is a bureaucrat going to go when there's no chance of a check? And those of you who are sitting in government offices right now, persecuting people, and you have joined with the protocol to commit demi side behind this scandemic campaign when it comes to zero, and there's no money coming in any further, you're going to have to reconcile yourself to the people who live in your neighborhood. Who are not going to forget what you have done. Come now, let us reason together, says **YAH**. Though your sins be a scarlet, they shall be white as snow, made clean in the blood of the Lamb, made clean in the blood of the Lamb. White linen in the blood of the Lamb. Though they'd be red, like crimson, they shall be as wool. If you'd be willing and obedient, willing, and obedient, not begrudging, and obedient, willing, and obedient, you shall eat the good of the land. But if you refuse and rebel, you shall be devoured with the sword for the month of **YAHUAH** has spoken it. So, it has been written. So, it shall be done.

Well, just one look at the Hunter Biden laptop tells you all you need to know there. And now, the 450 gigabytes of information that Hunter thought he'd erased off that laptop is about to be disclosed worldwide.

"23. everyone loves gifts and follows after rewards:...."

That is to say, everyone loves bribes and follows after those bribes. If you took money from a corporation, you better obey them. You're willing to obey the guy who gave you the lousy 1,500 bucks for your campaign, but you're not willing to obey YHAUAH, who put breath in your nostrils this morning?

"23. they judge not the fatherless, neither does the cause of the widow come unto them.

24. The widow, yes, we can fleece her for some dough. And if she runs out of dough, hit her with the snake bite and see if we can get her to drop dead.

25. Therefore says **ADONAI, YAHUAH TSEVA'OTH**, the Mighty One of Yashar'el: Ah, I will ease me of my adversaries, and avenge me of my enemies."

So, are you an adversary to **YAH**? Are you an enemy of **YAH**? You don't have to be. You don't have to be, no matter how bad your sins are, no matter how far you've gone. If you're an adversary of **YAH** and an enemy of **YAH**, you don't have to be. You don't have to be.

Now we're going to take a look at a couple of other things here at the end of this because a lot of people may have the question. Well, thanks for all of this bad news. Now, is there any other path? Is there a path for us? Is there a way for us? Is there something we can do? Well, let's take a look and let's see. Here's Lucas Chapter 13:1-5.

## LUQAS (Luke) 13:1-5

"1. There were present at that season some that told him of the Galiyliym, whose blood Pilate had mingled with their sacrifices.

Now, you see this right here? Pilate had mingled their blood with their sacrifices. That means that there was a human sacrifice the Pilate helped help them get into.

"2. And **YAHUSHA** answering said unto them: Suppose ye that these Galiyliym were sinners above all the Galiyliym? Because they suffered such things?..."

You know these guys were the real sinners; that's why it came upon them because they suffered such things.

"3. I tell you, Nay: but except ye repent, ye shall all likewise perish."

4. Or those eighteen, upon whom the tower in Shiloach fell, and slew them, think ye that they were the sinners above all men that dwelt in Yerushalaiym?

"5. I tell you, Nay: but except ye repent, ye shall all likewise perish.

So don't be looking to say, Well, those guys, I'm going to be raptured out of here because I'm not the sinner that my friends are; my friends are sinners. I'm not a sinner. And I have Jesus in my heart. So, I'm going to be raptured. I see, and you think that people that are left behind or left behind are left behind because they're greater sinners than you? No, unless you repent, ye shall likewise perish.

12 And when Kepha saw it, he answered unto the people: Ye men of Yashar'el, why marvel ye at this? Or why look ye so earnestly on us, as though by our own power or holiness we had made this man to walk? 13 The Elohiym of Avraham, and of Yitschaq, and of Ya`aqov, the Elohiym of our fathers, has glorified his Son Yahusha; whom ye delivered up, and denied him in the presence of Pilate, when he was determined to let him go. 14 But ye denied the Holy One and the Just and desired a murderer to be granted unto you; 15 And killed the Prince of life, whom Elohiym has raised from the dead; whereof we are witnesses.

29 Men and brethren, let me freely speak unto you of the patriarch David, that he is both dead and buried, and his sepulchre is with us unto this day. 30 Therefore being a prophet and knowing that Elohiym had sworn with an oath to him,  $\aleph$ that of the fruit of his loins, according to the flesh, he would raise up Mashiach to sit on his throne; 31 He, seeing this before spoke of the resurrection of Mashiach, that his soul was not left in She'ol, neither his flesh did see corruption. 32 This Yahusha has Elohiym raised up, whereof we all are witnesses.

13. If ye then, being evil, know how to give good gifts unto your children: how much more shall your heavenly Father give the Ruach Ha'Qodesh to them that ask him?”

Hallelujah. My friends, I hope you guys saw what was happening here today. And I do hope that we can take some questions now, while we still have a little bit of lifetime remaining. And I did want to make the point. And I hope I have made the point here that as difficult as this prophecy is in Ezekiel 7. That repentance can result in you being in the remnant, and in the remnant, he is going to feed you. He's not going to give you a stone; he's not going to give you a serpent. And so, you can see that this is what is here. I just want to I want to come out and say this to everybody. There is little time left now, at least in the United States. There is little time left; we have several things that are upon us. Besides the food shortage, the collapse of the dollar, we may also be experienced in a nuclear war because our leadership has pushed us into this. And it's nonstop. This is what happens when you have thieves and murderers running your country. This is what they do. They steal, and they murder.

And so, with this happening, even those who are participating with the thieves and the murderers, you have an opportunity to come out of her my people, come out, come out, come out. And you may ask yourself the question, well, how do I come out? I mean, do I even know if I'm in or not? Well, this requires prayer. Because if you can, if you seek in

prayer, **YAH** will show you what you need to come out of. **YAH** will show you what you need to come out of, whether it's coming out of your city, coming out of your job, coming out of your profession, coming out of whatever you're going to be shown. And with so many people who are out there and who are saying the truth. Because they've had a look for the truth, the truth continues to knock at the door. And when the truth knocks at the door, the lie has to flee. Even though the lie is sitting there telling you, You must speak me, you must speak me. Yet the truth is always there knocking. Know the truth, and the truth shall set you free.

#### **QUESTIONS AND COMMENTS:**

**ALEC THUNDER:** Will there be a way of escape for the righteous during the destruction?

**DR. PIDGEON:** Yes. Well, you know, Alec, we should not look at it from the point of view of, you know, there's the sneak passage, let's get in there. That's not the way it's going to be. **YAH** will bring the destruction on those that are destined to be destroyed and will protect those who are not. It's that simple, no matter where you may be. And you know, for us who are children of, death isn't the worst possible solution. We may yet die, but the most important thing is to die on behalf of the name of **YAHUAH**. That we would be his servants, that we would die in the obedience to Him.

**DIXIE FROM PIXIE:** There are some in Russia that say Alaska is their territory. Have you heard that?

**DR. PIDGEON:** Yes, I have heard that. But you know, they sold their rights to Alaska. And there are many here, many of the indigenous people who live here said, You never had rights to central Alaska ever, like the at Baskin tribes and so forth. The Inupiat's on the Northern Coast. You guys went fishing up there. You had fishing rights along the Aleutian chain and the southern part of Alaska, Kenai, Kodiak, Sitka, this kind of thing. Well, maybe, but whatever rights Russia had, they sold to America. And they sold it for \$7.2 million.

And now, Russia is looking at Alaska, saying, We want Alaska back. Because Alaska is a beautiful place, and Russians realize that. The Russians know how to live in difficult territory. They live in tough turf. And Alaska is tough turf. You know, it's a tough place to live. But Alaska is a beautiful place. And guess what? I hate to break the news to the Russians.

It's already spoken for. So stay in your own turf. Alaska is already spoken for. And belongs to **YAH**; by the way, Alaska belongs to **YAH**. It's the mountain at the top of the mountains. Just go look up the valley on Google Earth or go look up Denali and images. Take a look at this mountain that's at the top of the earth, Denali.

**ALEC THUNDER:** What are your thoughts on the rapture?

**DR. PIDGEON:** Well, I think the rapture is a doctrine that we need to be very careful about. Because people want to use the rapture as an excuse to do nothing, I'm just going to sit here and wait, and I'm going to be up in the Mezzanine. I'm not going to experience any tribulation. Well, we're already in tribulation, and it's getting much, much worse, and you're going to ask yourself what happened. Then you're going to be mad at **YAH** because he didn't rapture you out of here. Or worse, you're going to be thinking, Oh, gee, I'm one of you left behind. I'm one of those sinners to get left behind. Well, Second Thessalonians 2, in the opening couple of verses, tells you forget the rapture and forget all that other nonsense you need to carry on with what you're supposed to carry on doing.

That's your duty in your faith, is that you are to carry on what you're doing. And not to be troubled by what is happening, do not be troubled, just carry on with what you're supposed to be doing. Now, personally, I don't agree with the rapture; I think the verses used to construe the rapture actually versus talking about the resurrection. Because it says, the dead will rise first. And that's the resurrection of the dead. And I just don't see that as it being as some kind of a miracle that's going to pull everybody out of here so that we don't have to suffer.

There are going to be believers that are going to suffer on behalf of **YAHUSHA**, that to be martyred even on behalf of **YAHUSHA**. And **YAHUAH**, so be it. Let's just stay engaged, stay strong in your faith, keep your walk going. And try not to be burdened by the world; the world is coming at us with guns blazing. Every time we turn around, somebody else wrecked something else. If it's not your family, it's your finance; if not your finances; it's your job. It's not your job. It's your social standing. And I mean, it is something they're coming after you in every way possible. Because they're woke. And I just want to say this before we get to this next question. When you look at the world right now, when you look at the New World Order, let's ask ourselves the question, Where are they going? What are their values? What does their world look like ten years from now?

Well, apparently, there's going to be some six and a half billion dead. And everybody that's going to be living is going to be transgendered, hyper-sexualized, and have no sexual normalcy whatsoever with a microchip in your head, as you're implanted with AI to do slave labor on behalf of the elite who are flying around the world and jets and taking advantage of everything. Does anybody here hold that as a personal value? Does anybody do any of you hold that as a value? How can we possibly hold that as value? I really value the idea that everybody I know is going to be dead. Sorry, I don't value that; that's not one of my values. Or that everybody's going to be defiled sexually; I don't hold that as one of my values. Or that the social order is going to be totally polluted and completely corrupted. I don't hold that as a value. That everybody is going to be enslaved to a microchip, everybody is going to be enslaved to a digital app on their phone. Sorry, that's not my value. I'm sorry, those aren't my values. I don't value that. For me, none of that stuff makes any sense whatsoever.

**EDITH CISNEROS:** In Jasher, did the Pharaoh really not find the name of **YAHUAH** in the records? I find it difficult to believe if Joseph had the staff decorated with the sapphires and **YAHUAH'S** name engraved.

**DR. PIDGEON:** Well, they may have done to the records then what they do to the records now. Redact, blot out. When you ask for a Freedom of Information Act, and it all comes back black, they might have done the same thing then. Who knows?

**CAROL LYNN:** I was baptized when I was eight years old in the name of Jesus. Do I need to be baptized?

**DR. PIDGEON:** No, your baptism is fine. It's your question in your heart when you need to be baptized.

**SHADYSIDE LOCUST:** Was Raquel actually a sample of sex trafficking when she ordered Bilah to Yacoph?

**DR. PIDGEON:** this is a discussion that goes on whether or not the two daughters were sold as slaves. Because Levan required Ya'aqov to work for seven years to get Leah and another seven years to get Rachel. So, what could he have paid off that debt? Maybe he could have, in which case he bought them. He didn't. And so, there's a question, were they trafficked? And they may have thought that they were trafficked or not. But whether or not they were trafficked or not, doesn't change the heart of the story that Leah was the first wife and Raquel the second wife. And Raquel, it wasn't sex trafficking that was going on there.

She ordered Bilha. Well, she didn't order Bilah, she suggested Bilah to Ya'aqov, and Bilah agreed, and Ya'aqov agreed. And the next thing, you know, boom. The next thing you know, we see that, yeah, both maidens outlived Raquel. Raquel, there were some things there. And, if you get a chance to take a look at that discussion when I talked about that, I forget what the name of the show was when I talked about that. It's on the Sons of Beliya'al. We talked about these things; they're in the Beliya'al Revealed. There's a whole bunch of discussion there. And I'm not saying I'm the definitive word on that. But we do look at a lot of the issues that surround that whole set of facts. Really interesting set of facts.

**LYNN BB:** Is there snake venom in the snake bite?

**DR. PIGEON:** Well, I'll tell you, there has been recently a doctor who tried to appear on Stu Peters. And he has been doing a lot of research about the source and origin of the snake bite and what's in there. And he came to conclude that, yeah, it comes from snake venom. And when he did, he couldn't even get it out. He was in tears. He couldn't even say it because he's overwhelmed with the knowledge that this protocol that has been given to us, the snake bite protocol that has been given to us, is directly from the pits of hell.

And whether these people knowingly are participating in this or not makes no difference. It comes from the pits of hell. And so, there's a good chance that that is so. So, Frank N Beans says, Yes, it is. And that's something; you can look on Stew Peter's and get some information on this. He's got good research on this. Guess Stew Peter's we'll go to the St. Peter's show. And you can see some of his recent shows talking about this.

**SHERRY SLAMA:** When the war comes here, do we fight or stand down?

**DR. PIDGEON:** Well, I guess it depends. I mean, I can tell you that if North Korean troops come into Alaska, I'm going to be fighting. The thing is, when you're talking about the troops coming in, look, you have what Scripture says; the first rule of combat is to count the number of the army attacking and then make your decision accordingly. Now, there are times when the Gideons' army of 300 was able to take on huge armies and so on and so forth. But this needs to be the direction of the Ruach Ha'Qodesh as to what you're going to do.

But when you're overwhelmed, sometimes it makes more sense to sue for peace. These are decisions that have to be made as you go. But **YAH** does allow us to defend ourselves. That's a fact. **YAH** does allow us to defend ourselves. So be prepared.

**REJEANA EDIN:** Is there a location on Earth where the evil one will land when cast down from heaven?

**DR. PIDGEON:** I'll tell you, Rejeana, that may have already happened. And yeah, it's very possible that the evil one may have come down on Mount Hermon, which appears to be in Scripture; this is the place of Jacob's Ladder, which appears to be some kind of a portal. There may be other places too.

**THE JONES'S:** What do you think about Ron White's finding of the Ark of the Covenant?

**DR. PIDGEON:** Not substantiated, not substantiated. It's a very emotional approach. And he certainly has a logic to it, but it's not substantiated. And so, this is why you have to be careful about this kind of thing because this stuff becomes

folklore, and then folklore becomes pre-supposition. Pre-supposition becomes the foundation for your theology, and then your theology is all predicated upon it. And it's not substantiated.

**THOMAS LAMBERT:** Have you heard they infected our waters with the pandemic?

**DR. PIDGEON:** Yeah, they've infected a lot of things. Some of the waters are so polluted in America right now. It used to be we had to clean this water in the world. But now there's so much pollution in the water. What are we going to do? And so yes, I've heard that. But there's a lot of things in our water, particularly carcinogens and chromium and so forth, that are very dangerous, and recent tests on the water have produced really bad results.

**SILVIA GRISHAM:** Why are these countries dropping mandates suspicious?

**DR. PIDGEON:** Yes, it is suspicious? Well, part of the reason they're dropping the mandates is because they've had a successful percentage of their population jabbed. They had the percentage that they wanted to get this, well, this is what we're going to get, we're not going to get any more, this is all our hype, this is all our press, this is our lies, propaganda. And this is as many people as we're going to get. Therefore, that's it.

Now what's coming is the social credit score, the digital app that the G-7 has already said, we're going to do this. And this is going to be a digital application on your smartphone, which will also be a digital ID, which will also contain your social credit score, and which will negotiate your digital currency. So, there's a lot of discussions now that the digital currency is going to come here very, very near future, they're basically going to shut down the banks, they're going to flip it over to a quantum change up in the currency.

And the next thing you know, we're all going to be in a digital fiat currency instead of a paper currency that's going to be totally and wholly controlled by the government. That will allow you to spend in accordance with their whim, not in accordance with your desire. So, if they determined, for instance, that you're overweight, you're not going to be able to eat at McDonald's twice in a week. If they determine that you're eating too much meat, you get to buy meat once a week. If they determined you're using your dryer too much, well, that's the end of your electricity for this week. If they determined that your air conditioning was keeping your house too cool, they'll shut it off.

And so, they're going to have the capability to do all of that. And to take your taxes out as they see fit. and to take your fines out as they see fit. They put cameras on the road. So, that if the speed limit says 65, and you do in 66, the cameras send you a ticket. And that ticket will be forever going up in its expense. You're paying 500 600 bucks for exceeding the speed limit by one mile an hour, and they'll have it, so it won't even be subject to any kind of negotiation. It's just going to be what happens. You did 66 and 65. Here's your fine, we've got it here with the camera photograph, we've got a picture of you, your license plate with all of your digital information, your DNA, your name, your digital ID, your birth, your birth date, your registration on your car, your insurance company.

What was the last payment you made on your insurance card, and how you did it on and on and on and on? When you go in the store, they'll have you digitally tagged and what you're there to shop for, and you're going to be allowed to buy a certain amount of this. But when you try to pick up the second one, they're going to say no, sorry, that one you're not going to be able to buy because we've already determined that you're a pig and you can't eat that. So, this is what's on the table right now.

The app that Zelensky just announced that they had developed in Ukraine, with, if course, American dollars, American tax dollars, they developed it there in Ukraine. The G-7 has already said this is what we're going to introduce.

**TONY STUTTS:** Ezekiel 7 states Israel and Jerusalem. How do you translate this to Jerusalem, New York?

**DR. PIDGEON:** Well, this is what comes down in Scripture; quite often, we see that prophecies are bi-fidic. In other words, yeah, you can say this applied to Jerusalem, and it applied to Yashar'el in those days. But as I mentioned to you

earlier in the show, that when we talk about Yashar'el, that the tribes of Yashar'el are here present in the United States. And when we talk about Jerusalem, we're not necessarily talking about that pile of bricks that's in the nation that now calls itself Israel. But Jerusalem is also a place of the Shalom of **YAH**. And so, it is a spiritual place, as well as it is a physical place. And I'm not going to translate it in New York; New York was found in the Bible codes, in Scott Bunnell's Bible codes.

**SHERI PAPIN:** What do you think will happen to those who do not have smartphones?

**DR. PIDGEON:** Yeah, well, isn't that a good question? I'll tell you; I'm getting ready to move away from my smartphone. That's for sure. I don't know. It depends on whether or not your local phone carrier will support any other phone besides a smartphone. That's the question, something to think about. And those who don't have the smartphones, in China, they are mandatory, you have to have a smartphone, or you go to prison. That's probably what's going to happen if, throughout the G-7, you're going to be required to have a smartphone, and you're going to be required to have it on you all the time. So that they can track and trace you.

**JAMES PAGE:** This is all total BS.

**DR. PIDGEON:** Well, I got to tell you, James. You're not the first one to call BS whenever I'm talking. I could do that. I've heard it since fifth grade. But maybe you're right. Maybe everything is fine. Maybe gas is still 1.89 a gallon. I heard you could still get gas for \$1.39 over at Taco Bell. But it's not BS that they're paying 6.50 a gallon in California. It's not BS; they're paying almost \$12 gallon and in Britain. It's not BS that the price of heat and the price of natural gas in Europe has gone up 54% In one month.

It's not BS that the gas supplies in Central Europe have completely collapsed. It's not BS that there are F-15s, B-52's and drones swarming the skies in Poland and in, Romania, and in Slovakia against the Ukrainian border in anticipation of a war with Russia. It's not BS that the Lithuanian president has kicked all the Russians out of the country and has blocked transit between Kaliningrad and Belarus, which the Russians have called the cause of war.

It's not BS that the Russians have developed hypersonic missiles with nuclear-tipped capability and that they've already used those hypersonic missiles in combat with conventional weapons in Ukraine. It's not BS that Russia has invaded Ukraine and has decimated the Ukrainian army entirely. It's not BS that Zelensky has taken \$1.2 billion out of the Ukrainian coffers and has built himself a \$40 million house in Miami. It's not BS that Hunter Biden's laptop has revealed that he steered \$3.2 billion into the investment through a group called Meta Biological into Bio Labs in Ukraine for purposes of developing toxic weapons and bioweapons and that they may have developed, according to new sources, may have developed the COVID virus itself in Ukraine before it was shipped out into Wuhan, China.

And it's not BS that there was a kickback regiment going through Burisma holding company in Ukraine to all of these people. It's not BS that we're on the verge of World War III throughout the world because Vladimir Putin, just as recently as yesterday, refused to rule out the use of nuclear weapons. In the event that they perceive an existential threat to Russia. It's not BS that Russia has 9000 nuclear weapons, including some that are as much as 200 megatons, such as their Poseidon missiles, which had been already deployed against the United States. It's not BS that Russia touched off the 750-megaton nuclear bomb over the island of Tonga and that that particular report of that weapon reverberated around the world twice.

That's not BS. It's not BS that China has out now outgunned us with the number of submarines it has in the water, and now has more aircraft than we do, and has 200 million men under arms. It's not BS that North Korea has restarted its missile program and has fired many, many missiles, including their so-called ICBM, and that they've also tested nuclear weapons. It's not BS that Iran is now gearing up with nuclear weapons and that there is an existential threat to Israel.

It's not BS that there's mines in the Black Sea. It's not BS that Mariupol has fallen and the Nazis have been crushed. It's not BS that they captured an American general in Mariupol. It's not BS that they shot down two helicopters in Mariupol

carrying the Azov leadership, French Foreign Legion, and American and British advisors. It's not BS that the Russians bombed with 21 hypersonic missiles, the \$400 million in arms that we put in Ukraine and in Western Ukraine, and killing 367 mercenaries. This stuff is not BS.

This is just facts. You just haven't done the research. And so, you don't see the fact that Russia has gone on to a gold standard, equating 5,000 rubles to one gram of gold. And 140 nations have joined into that system with an expectation that 190 are going too. Saudi Arabia and the other oil-producing states in the Middle East have abandoned the American Petrodollar and are now trading with China, India, and Russia, in rubles in yuan. That India has abandoned the dollar and is now trading with Russia in yuan, that are in rubles rather.

And that some nations in Europe have already agreed, including the Vatican and Hungary, to pay for natural gas in rubles. Those are just facts, or you can call that BS if you want. But those are facts. And those facts have put us at a precipice of disaster. They have put us in a place where the dollar which devalued 30% last Friday and has a chance of plummeting to the floor in valuation because we have put \$30 trillion into the market that have no support whatsoever. The world is abandoning the Petrodollar as the currency of trade. That means the dollar is going to come home when it comes home. The dollar has the chance of going to zero and doing so in a single hour. And should the dollar go to zero in a single hour? You don't need an EMP to completely destroy the American economy.

There will be nothing from any foreign country anywhere on Earth found in the United States thereafter. That means no coffee, no avocados, no bananas, no Toyotas, no Mercedes, no windows, none of that. All that stuff is gone. And all of the parts that are being manufactured in India and manufactured in China, manufactured in Italy, manufactured in Israel, and so on and so forth. They go into building American aircraft; they're going to be unavailable as well as if there's going to be an American aircraft flying when the Americans cannot afford to pay anything for jet fuel because jet fuel is going to be completely priced out of the existence since the American dollar will be worth zero. So, you can say it's BS if you want. But that's not what the facts are. And you're welcome to look up any one of those facts and corroborate it. You'll find them, all right.

**CHELLE WAGNER:** How soon do I think Biden will be removed?

**DR. PIDGEON:** Well, Chelle, you saw what happened at the White House. When Barack Obama came to visit, Tucker Carlson showed this on his show here two nights ago. And very depressing. I'd hate to be Joe Biden under these circumstances. But Joe Biden was completely dissed in the White House; there wasn't anyone that would talk to him. Barack Obama was the center of the conversation. And when Joe Biden went to Barack, put his hand on his shoulder, and even called them by name, Barack Obama completely ignored him and stepped farther in into the crowd to shake hands with other people.

He was completely ignored by everyone in the White House. This is a very clear indication that the whole of the Democrat Party is now abandoning Joe Biden. Because Joe Biden has made a wreck of the whole world in 14 months, a complete wreck. And so, the question is now, is there any repairing any of this? Is there anything that can be done to rescue the dollar? Is there anything that can be done to stop World War III from occurring? Is there anything that can be done to stop starvation in the third world as a result of the deprivation of all of the wheat that comes out of Russia and Ukraine?

The deprivation of all the fertilizer that comes out of Russia, Ukraine, which is 90% of the world's fertilizer. The deprivation of the nickel and the lithium that comes out of Central Asia, which is in control of Russia and China. Which amounts to about 90%, 95% of the rare earth coming out of China. Is there any cure that can be done that will salvage Europe? That will salvage the United Kingdom. That will salvage the United States? Is there anything that can be done? Well, not by Joe Biden; there's nothing; he's committed onto a path of total destruction. His sanctions did not deter Russia from doing anything and instead have devastated the economies of the United States, Canada, Europe, Australia, and New Zealand, devastated, devastated.

And he's not done. And it's not done. We haven't even seen the full effects of what's going to take place. When you get to next September, next October. And there's no Russian natural gas in Europe. You know, we're trying to supply 15 billion cubic feet of natural gas, taking it away from the American market, in order to sell it into Europe at four times the market rate. Russians were supplying Europe with 155 billion cubic feet of natural gas a month. What, 15 Compared to 155? That sounds like we're only satisfying 10% of the need.

The German industrial leadership said, we're going to crash; we are going to lose 5 million jobs because the gas is gone. The German High Command has said, Well, but buckle up. And remember that you're not going to freeze to death at 51 degrees; wear a sweater. Now, we better hope it doesn't go below 30. Wear a sweater at 51 degrees. And in the meantime, Europe, as of yesterday, committed 540 million euros to nuclear medical supplies and nuclear medical treatments for people who they're expecting to be struck with nuclear weapons. They have already put a half a billion euros into a kitty to pay for the victims of nuclear strikes.

So, you think I'm weird because I'm expecting the nuclear war. Well, the European leaders were willing to put 540 million euros on that table as of two days ago. So, you can make your assumptions, and you can make your own guesses. But this is what the world looks like right now. If Biden is not replaced with somebody who has some sense and who can manage things, manage us out of this equation, then we're stuck. Then we go to war. And when we're stuck, when we go to war, the dollar is going to collapse, and the nation is going to get hit and struck hard.

I think I have answered all the questions. So, what I would suspect is this when I say, and again, I would ask you guys to give some prayer to all of this because there is something to consider. And that's something to consider is that we want to be able to pray for, if we're going to come out of this, if this prophecy is not going to apply to us, then it's going to take repentance, and it's going to take repentance and a National Level. Come, let us reason together, says Isaiah. Come, let us reason together. And this reasoning together means that you have to stop with this; we're back in 2020, with the election again, and our team is going to win. And let's break out the cheerleaders, that stuff has to stop.

Either you want to have an America to live in, or you don't. And if you want to have an America to live in, then you need to look at the guy who is across the aisle from you. And say, This is somebody who speaks the same language I do. This is somebody who grew up in the same culture I did. This is someone who buys his clothing at the same store as I do. This is someone who eats at the same restaurants I do. You need to recognize who your friends are and who your enemies are. For you to turn on your neighbor and say, we're going to cancel you in our country because you didn't go along with the science as proposed by criminal Fauci.

Well, then you do so. And in doing so, you've cursed this nation into total destruction. So, that's where we are.

**LYNN BB:** No hope?

**DR. PIDGEON:** There is hope. But the hope is for the remnant. And the remnant could expand dramatically, but we have to think. I'm just going to say it to you. I'm going to ask you guys the question, and I'm going to leave it here. Do you think the powers that be can change their course to put us back on a path of righteousness before this destruction comes? Maybe you can tell me how it's going to happen. I don't see it. I see a group of power-mad people who have to protect the crimes that they've committed, doing everything they need to do in order to protect those crimes. And that's what the situation is going to be no matter what destruction comes. Better you than me, they say in their heart. So, for us, we just we just go our path, we go our path in the name of **YAHUAH**.

So, thank you, brothers and sisters; I thank you for praying for me over the past couple of days. I really appreciate that. Thank you. And now, in terms of Passover, let me just give you a couple of things here. Number one, I'm not going to be here next Thursday night because I'm going to be at Passover. We're not going to be here next Thursday. And in fact, I'm probably not going to be here for the next couple of weeks. So, with that being said, I hope you guys can go with me and that you'll remember me in three weeks from now.

But anyway, so this is where we are. And blessings to all of you. Thank you for participating in the chat. And I want to thank all of you who have joined us for this presentation. This presentation is difficult for me because, in these times, I think I can't really say that truth, but then it comes out of my mouth anyway. And it puts me in a situation where believe me; I'm on the cancel end of the council culture for sure. I got people kicking me in the face all the time. Didn't we cancel you? That's where we are. So anyway, I want to thank you guys for being here today, and blessings too, so let's pray, and we'll say good night.

Baruch Atah **YAHUAH TSEVA'OTH** al qadosh ehad Yashar'el. Bless you, **YAH**, the Holy One of Israel. We thank you for giving us this time together, and for being in fellowship with us, and that your Ruach has been present with us, to guide and to instruct and to bring forth the words you wanted to have heard. I pray for those who are in this fellowship. By that, you would bless them and keep them and cover them. I pray for those who are hurting, those who are lost, those who are finding a faith battle going on right now. Who are looking at it saying, I can't do it? I can't do it. I can't do it. I can't do it. May you be with us in spirit and truth to strengthen us. May you be our forward guard and our rear guard that you go out before us as a powerful wind. May you be our strong tower, our fortress, our light in our time of need, and a lamp unto our feet. Bless you, **YAHUAH**. Thank you for all these things in the name of **YASHUSHA. YAHUSHA** the atoning, in whom we have victory. Amein, amein, amein. Thank you, guys, and we will see you in a couple of weeks unless I see you at Saturday Shabbat. Shalom
